SCRIPT/OUTLINE

In this video, I'm going to share 10 useful Gmail extensions and add-ons that will change how you work with Gmail.

With these Gmail extensions, instead of your inbox taking control of you, you'll take control of your inbox.

- You'll save time
- Become more productive
- and potentially increase your sales as you'll soon find out how.

Any tools that I mention will be listed in the description below as well as timestamps to help you navigate through this video.

1. Right Inbox

- Right Inbox fills the gaps that Gmail is missing for marketers, sales people, and other professionals alike.
- **Email Tracking:** See who opens and clicks your emails
- **Templates:** Save time writing recurring emails. Insert email templates with one click.
- **Sequences:** Automatically follow-up in Gmail with prospects that don't reply to your first email.
- Right Inbox can do even more with tools such as Reminders, Signatures, Send Later, and much more.
- **PRICING:** Free plan available. <https://www.rightinbox.com/pricing>

- Install Right Inbox today. It's works with Chrome, Safari and Firefox.

2. Gmail Tabs

- Make frequently used Gmail Labels more visible
- PRICING: Free

3. Simplify Gmail

- **Making hundreds of improvements** (small and large) to streamline, simplify, and enhance Gmail's design and functionality. No part of Gmail is left untouched. Messages are easier to scan, read, and compose.
- **Blocking over 250 email spy trackers**
- **Adding intuitive keyboard shortcuts.**
- PRICING: Paid tool with a 14 day trial

4. FlowCrypt

- Simple end-to-end encryption to secure email and attachments on Google.
- Send confidential emails. The recipient can also have FlowCrypt installed but it isn't necessary as you can set a password. Send the password to open the email somewhere else.
 - "Encrypt and Send" > Set password
 - Flowcrypt will check to see if recipient is a Flowcrypt user.
- PRICING: Free

5. Checker Plus

- Displays new emails and the sender's contact photo, get notifications or even listen, read or delete them without opening Gmail! Supports multiple accounts plus many options.
- Open multiple accounts using Checker Plus toolbar.
- "Email page link". Right-click any page.

- PRICING: Free

On the other side of the spectrum, if you don't want to be disturbed by email, this next tool will be handy...

6. Inbox When Ready

- Lock your inbox by hiding, scheduling or "budgeting" the number of times you can check your inbox.
- Perfect if you're easily distracted by email.
- PRICING: Free with paid plan. 14-day trial of its Pro plan.

7. GIPHY for Gmail

- Easily add GIFs in Gmail.
- PRICING: Free

8. Speechify

- Listen to your emails. Speechify not only reads your emails, but anything on the web.
- You can make some customizations. Example: I'm here on entrepreneur.com. I'll click the Speechify app, click the hamburger, choose the voiceovers, WPM and more.
- PRICING: Free with paid plans.

9. Zoom for Gmail

- Lets you start Zoom meetings from within the Gmail interface.
- PRICING: Free

10. Email Meter

- {LOGIN to aureliustjin@gmail.com}
- Get an instant and comprehensive breakdown of any email thread without leaving Gmail

- PRICING: Free with paid plans

Thanks for watching! I hope you've found at least one of these Gmail extensions useful for your needs.

Let me know in the comments which of these Gmail extensions you're going to try?
