# FIGURES

Montana Silversmiths figures are miniature works of art that add an extra touch to your personalized buckle or gift. Each original figure's intricate details are hand-sculpted by a local artist and hand-painted by our artisans to bring out the depth and beauty of each design. Hundreds of shapes and sizes are available in a wide array of subjects, creating endless opportunities for custom pieces.

## ABOUT THE ARTIST: MARY MICHAEL

Some study art, others practice it and very few are given the gift of art. Mary was born in Great Falls, MT. where she grew up in a traditional ranching and western lifestyle. After raising her family, she turned to art full time, taking classes from artists she admired.

For more than a decade, Mary has been producing bronze sculptures of increasing artistry and form. She has done not one but two monuments of Sacajawea for the Lewis and Clark Bicentennial in Montana. The softness and realism of her portrayal has resulted in several commissioned portraits.

Mary's bronzes have won many awards in prestigious shows earning her a reputation of excellence within the artists of Montana.
