

The Night Shift Hero

Leave me some dirt
For when the shit gets vintage
I work at hours,
But I do more in less!

Regressive times, the floor's gonna shine
The way I do it the glare gets in your eyes

Don't ask me why, just know that I rule
I could tear up the block cleanin' more than your clocks!

Leave me some dirt
For when the shit gets vintage
I work at hours,
But I do more in less!

[mosh part]

Hong Kong Phooey!
Number 1 Super guy!

[fast part]
When I'm gettin' right down to it
I'll be getting' into it
With your nooks and with your crannies
With your books and with your panties
I scare crooks and I'm your nanny
Babysittin' when you're away
Makin' things smooth for ev'ry day
Give me your dirt I have returned!
