HOW FOOD FOR THE HUNGRY (FH) IS DIFFERENT

For **50 years**, FH has been going to the hardest places in the world to graduate communities from extreme poverty over the span of ten years. Our **3,400 indigenous staff** work alongside local leaders in **2,357 communities**. We serve more than **7.5 million individuals** through relief and development programs in more than **20 countries** across Africa, Asia, Latin America, and the Caribbean. We believe sustainable change occurs when we work side by side with local leaders, enabling them to create and implement solutions in the areas of education, women's empowerment, clean water, health, entrepreneurship, disaster risk reduction, and more.
