

## A Story of Hope

Mrs. Carmela Pop, 34, lives in Guatemala with her husband and 5 children. The family's home was flooded by back-to-back hurricanes Eta and Iota last year, and they had to evacuate. They lost all of their belongings and their crops. FH supporters like you provided them with food, shelter, hygiene supplies and other necessities. FH staff later followed up to help them replant and restore their family garden.
