Our Karijini and Ningaloo Reef tour is designed to give you an in depth walking tour of Karijini as well as an opportunity to swim with the whale sharks and snorkel on the Ningaloo reef. There is plenty of time to swim in many of the gorges with ample time to relax and take in the tranquil atmosphere and beautiful landscapes. Testimonials

We were fortunate to have the fabulous Heather and Lucas as our guides for 10 days. They were always professional and communicated frequently with us regarding the forthcoming activities. Their climbing/ hiking skills made us feel safe in the challenging gorge areas. They were always encouraging and conscious of our abilities whether hiking or snorkelling. Heather and Lucas were always respectful when explaining the local Indigenous history, Dreamtime stories or environmental issues. Their attention to detail whether it be safe driving, checking tent conditions or preparing delicious two course meals was constant. Prawns and champagne overlooking Ningaloo reef at sunset was the highlight. Heather and Lucas' personalities made for a fun, relaxed and informative trip. I would highly recommend this tour.

Day 2

KALAMINA GORGE, KARIJINI VISITORS CENTRE AND DALES GORGE

First up today, we will head deep into the park to check out the spectacular Kalamina gorge. Though the path is rocky and uneven under foot this is one of the easier walks with a mostly gentle descent. At the bottom of the gorge, we will be rewarded by one of Karijini's perfect swimming holes where we can cool off.

After Kalamina gorge, we will take the opportunity to stop in at the Visitor's centre, learn about the parks history and grab yourself an ice cream. We'll enjoy a picnic lunch, and then go to Dale's Gorge where we will spend the rest of the afternoon. The stunning water holes in this area with their deep red rocks, lush ferns and waterfalls offer an experience you will remember for the rest of your life.

Once we have had our fill, we will head back to camp for our meal together, under the stars.

Activity: Short, rocky, uneven gorge walking

Meals: B, L, D

Accommodation: Karijini National Park - Eco Retreat campground (or similar)

Day 3

MT BRUCE

Mt Bruce is Western Australia's second highest peak. The Mt Bruce walk trail is a fantastic ridge walk, with some steep and rocky sections along the route. From one side you'll have the vista of Karijini Range; from the other an iron ore mine! The 9.5 km return walk will take us most of the day and is definitely worth the effort.

Activity: 9.5km, challenging walk

Day 4

HANCOCK AND WEANO GORGE

We'll explore two of the most iconic gorges in Karijini - Hancock and Weano. The walks are challenging in places, but not difficult. Both involve some wading and clambering on rocks and ledges; and both reward us with fantastic jade pools nestled deep within the narrow gorge walls. Highlights include the Spider Walk and Kermits Pool.

Day 5

WALK UP MT NAMELESS, DRIVE TO CHEELA PLAINS (VIA TOM PRICE)

This morning you will say farewell to Karijini and begin your journey to the West Coast. The rocky peak of Mt Nameless (Jarndunmunha) dominates the landscape as you drive towards Tom Price. We will follow the trail, along the ridge line to the top of this significant mountain. This is a 4.5km, class 4 return walk with some challenging sections but rewarding views!

For those after an alternative to hiking Mt Nameless, there is a mine site tour which leaves from the visitors centre or you may wish to spend the morning relaxing in the township of Tom Price at a local cafe.

In the afternoon we depart Tom Price for Cheela Plains, a true outback station stay where you will enjoy a delicious meal under the spectacular desert night sky!

Activity: Short walk

Meals: B, L, D

Accommodation: Cheela Plains Station Stay (or similar)

Day 6

DRIVE TO EXMOUTH

Time to rest the legs on a travel day. Western Australia is a big place so it will take us much of the day to get across to Exmouth. There will be plenty of rest stops to stretch your legs.

We will arrive with time to watch the sun set into the Indian Ocean.

Day 7

OPTIONAL WHALE SHARK OR GLASS BOTTOM BOAT TOUR

Ningaloo Reef, located along the coast of Western Australia, is a pristine and ecologically diverse coral reef system. It is renowned for its crystal-clear waters, vibrant marine life, and as a sanctuary for the largest fish in the ocean, the whale shark. This UNESCO World Heritage Site offers a unique and breathtaking underwater experience for snorkelers, divers, and nature enthusiasts. We have two optional tours that you can choose from depending on your swimming ability and how comfortable you feel in the water. If either do not appeal, then you may prefer to spend the day relaxing at camp.

The whale shark tour is a full day experience out on the open water. You will go beyond the reef to witness the whale sharks, the oceans gentle giants. They are surprisingly graceful and slow-moving which makes it accessible to swimmers however you will need to feel confident in your swimming ability in open water conditions (Strong Swimmers Only).

The glass bottom boat half-day snorkeling tour takes you where our tour leaders can't. This 3 -hour afternoon tour brings you to calmer waters within the Ningaloo Lagoon that teems with marine life. It serves as a critical habitat for various species of fish, turtles, and other marine creatures, making it a snorkeler's paradise.

Lunch is included on the whale shark tour. For those staying at camp or going on the glass-bottom boat tour your guides will provide lunch. For the prices of the optional tours please see the trip planner.

Day 9

CHARLES KNIFE CANYON LOOKOUT

Having experienced Ningaloo from the water, today we will spend a bit more time on dry land. There are plenty of walk trails though this area portraying the interesting limestone karst and spinifex country. Compared to some of our exploits in Karijini these trails are relatively easy. The heat can definitely be a factor though, so we may have to augment today's itinerary if this is the case. That said, after exploring the Charles Knife Canyon, we will head back to the blue waters of Ningaloo for another opportunity to swim. Hopefully we will spot a turtle! After another full day of exploring, we will head back to camp for the last night.

Activity:

6.8km walk and snorkel

Meals:

B, L, D

Accommodation:

Yardie Homestead Caravan Park (or similar)

Day 10

DEPARTURE DAY

Our last day!

After breakfast you will be transferred to either Exmouth town (drop off: Visitors Ningaloo Centre - 9:30AM) or Learmonth Airport for an approximate time of 10:15-10:30AM.

Due to guides relocating the vehicle to Tom Price on this day, we can only provide the one transfer as listed above.

Note : Should Qantas reschedule their flight to require an earlier arrival than 10.30AM, we will move this departure transfer to provide adequate airport check in time.

Please read the 'Getting to and From Trip' information in the Trip FAQ document.

About our tours

First, our tours are for people who like to walk long(ish) distances. That means we usually leave our accommodation pretty early each morning (between 7.30 and 8.30) and finish walking mid to late afternoon.

You won't break any records on our walks - for fastest or slowest hike. We keep a steady pace, but there are plenty of opportunities to rest, take photos and appreciate the views along the way.

A relaxed, social and supportive atmosphere is central to our tours. Have a chat and enjoy the sights and smells with your walking companions. Then back at the accommodation, slip into your comfy slacks and slippers and put your feet up with a cup of tea or a wine. Enjoy the conversation around the dinner table. And if you want to go to bed as soon as you've finished the last spoonful of dessert, or stay up and chat, you can.

We don't specialise in birds or plants or rare subterranean amphibians - although we're interested in all of these things. There are no evening lectures and you don't need to bring a notepad and pen (unless you want to). We have a sound and ever-expanding knowledge of the unique and special environments that we walk through, and love sharing what we know with those who are interested. We especially like digging around for stories of the plants and people whose history is linked with the areas we walk in and we'll share those stories with you as we walk.

Our tours are for those who enjoy the simple pleasure of walking in nature, combined with the luxuries of a proper relaxing holiday. We pay attention to the details so that you can relax and enjoy the experience. With the assistance of a team of knowledgeable friends, Inspiration Outdoors aims to provide... Recreation Beyond Expectation
