# GIANT FLYING PLASTIC JET— NOW ONLY \$1

Yes! Gleaming silver plastic *twenty-one inches long!* Slashes through the air at 600 scale miles an hour—*every second under your complete control.*

So life-like that it even **SOUNDS** like a real jet! So authentic that Pan American Airways has authorized it as an Official Model! *And now it is yours complete—with nothing else to buy!*—**FOR A PRICE SO LOW THAT UNTIL TODAY IT WAS ENTIRELY IMPOSSIBLE.**

## No Fuel! No Danger! Yet It Flies 600 Scale Miles An Hour!

Simply attach the U-Control Line as we show you to the left wing. Then suspend the model from this control line, and begin slowly to swing it through the air. *Before your astonished eyes, you will see one of the most thrilling aerodynamic sights of your entire life!*

This model is perfectly designed for high-speed flight! As soon as it picks up power from the motion of your hand, it will lift up its nose, its wings will begin to cut through the air, it will flash upward and streak ahead of you! As you give it more and more line it will turn wider and wider, fly faster and faster! You have perfect control every second of its flight! You can fly it in circles only five feet wide, or you can take it outdoors and fly it in gigantic arcs

*one hundred feet wide—the size of an entire city lot—so fast that your eye can hardly follow it!*—**BUT EVERY SECOND UNDER YOUR COMPLETE CONTROL!**

You can make this plane soar upward—stall at fantastic heights—dive towards the ground—and then pick up speed and flash upward again in a breath-taking rescue! You can make the engines on your plane scream like fighters at bursts of 600 scale miles an hour! You can make them purr softly at cruising speed—hear them roar again as your plane picks up altitude and speed!

You can spiral this magnificent model down into a perfect landing! You can fly two or more planes in perfect formation! You can have jet races! You can have an entire fleet of breath-taking models flown by every member of your family—and you can have them all for only \$1.00 a piece plus 25¢ postage & handling—**LESS THAN ONE-FIFTH THE PRICE YOU'D EXPECT TO PAY!**

## CHECK THESE INCREDIBLE FEATURES!

All plastic! Almost twenty-one inches long, six inches high, twenty-one inches in wing-span!

Full brilliant official colors! Silver engines and wings—red, white and blue body! All colors already printed on the plastic! Nothing to paint! No chance of a mistake!

Fits together—without glue, without tools, without hard work! All parts already die-cut for you! Nothing to cut! Nothing to shape! Nothing to paste!

So incredibly beautiful that it is authorized by Pan American Airways and Douglas Aircraft! Try it completely at our risk—**TODAY!**

# What can a star newsboy tell you about choosing bike tires?

This is Milton Dipprey, veteran news carrier for the Dallas Times Herald. He's a sophomore at South Oak Cliff High, and so successful at his after-school job, he's already banked \$130 toward a college education. His favorite studies: Math and English. His favorite sport: bicycling, of course.

If you want to know about bike tires, ask a fellow whose job depends on his bike. A fellow like newsboy Milton Dipprey, for example.

Milton delivers the Times Herald on one of the busiest paper routes in Dallas. And, of course, wherever he goes, his bike goes, too.

Only fourteen years old, Milton has been using Goodyear tires as far back as he can remember. And with good reason. They're made with rubber that's especially compounded to take hard bumps and bruises. Their treads are made to grip and hold—on all types of roads and in all kinds of weather.

Even if you use your bike just for fun, it's *more* fun when you ride sturdy, dependable Goodyears. Next time you need tires, ask your dealer to show you the Goodyear line. He'll help you pick the size and type that best fits your bike. Goodyear, Cycle Tire Dept., Akron 16, Ohio.

# JEST FOR FUN

Animalville was in a laugh-filled uproar this past month. Just listen to a few things that happened . . .

Johnny Chipmunk asked Stewie Squirrel, "Did you ever hear that joke about the sky?"

"No," said Stewie. "I didn't."

"Just as well," said Johnny, "it's over your head!"

\* \* \*

Selma Pig told Irma Cow, "My sister is awfully stubborn."

"Really?" asked Irma.

"She sure is," said Irma. "I have the hardest time convincing her that I'm right when she knows I'm wrong!"

\* \* \*

Tommy Turtle hadn't seen Sylvester Turtle for a long time. Finally he met Sylvester one day coming out of school.

"I don't know how I ever got through it," complained Sylvester. "I had appendicitis, pneumonia, rheumatism and on top of it all — tonsillitis!"

"That must have been awful!" Tommy sympathized.

"Yep," said Sylvester. "It was the toughest spelling test I ever had!"

\* \* \*

"Can I give you something for your tooth-ache?" the dentist asked Seymour Mouse.

"You can have it for absolutely nothing!" answered Seymour.

\* \* \*

Bobby Bunny was late for work again so his boss asked, "How come you're so late this morning?"

"Gosh, I'm sorry," said Bobby. "I overslept!"

"You mean you sleep at home, too!" said his boss.

\* \* \*

Stanley Squirrel took his little girl friend to the candy store for some jelly beans.

"Do you want the five-cent bag or the ten-cent bag?" the store-keeper asked Stanley.

"What's the difference?" asked Stanley.

"The ten-cent bag cost more," said the store-keeper.

\* \* \*

Freddie Chipmunk was feeling awfully proud of his grandmother. So he told his friend Lulu, "My grandmother's voice is so amazing that she won the Iowa hog-calling contest!"

"What's so amazing about winning the Iowa hog-calling contest?" asked Lulu.

"My grandmother was in Europe at the time!" said Freddie.

# THE NUTTY SQUIRREL

"But, Stanley, you must be kidding. All squirrels love nuts!" Joey Squirrel couldn't believe what his friend Stanley had just told him. He looked at Stanley with amazed eyes.

But Stanley only repeated what he had said before: "I hate nuts and I don't know what any squirrel sees in them!"

"Look," said Joey. "It just ain't natural. Everyone knows that squirrels are supposed to eat and love nuts. Just like goats love salt, horses love oats, rabbits love carrots, we're supposed to love nuts!"

"Well," smiled Stanley, "I don't care about tradition, and the fact is I can't understand it. I just don't know what anyone — squirrel or not — can see in eating nuts!"

"Well, each to his own taste," said Joey. "And now if you'll excuse me, I'll be off. I'm getting hungry and I know where I can get some delicious pecans."

"So long," said Stanley as Joey trotted off down the road.

Joey's little figure disappeared on the road, and then Stanley decided that he was hungry, too. "I could eat anything," he said, "that is, anything but nuts!"

So he looked up and down the road, on the left and on the right, to see if he could find anything to eat. But poor Stanley couldn't find a thing.

"I'm getting hungrier by the second," moaned Stanley, and he began to walk faster. "Gosh, if I only liked nuts," he thought, as he spotted piles of them, "I could have a feast!"

Suddenly, he saw the back of Joey bobbing up and down from behind a bush. Joey had probably found his dinner, and was munching away.

"Perhaps Joey knows where I can find something to eat," Stanley told himself. So he began walking toward his friend.

As he grew closer, he noticed a most amazing thing.

"Gosh," he yelled out to Joey, "it's no wonder you don't mind eating nuts, you throw more than half of it away!"

"Huh!" was all Joey could say for a moment. Then he realized everything, and began to laugh and laugh.

"What's so funny?" said the puzzled Stanley.

"You're sure a funny guy," Joey managed to say between chuckles. "Now I know why you don't like nuts . . . you've been eating the SHELLS!"

"I thought you were supposed to," blushed Stanley, who had never before seen anyone eat nuts.

"C'mon, Stanley," smiled Joey, "and join me in the best meal possible — nuts without shells!"

And Stanley dug in and had the best meal he ever had.
