IMPERIALISTS

All this proves even more clearly that U.S. imperialism is the most barbarous and shameless aggressor of modern times, the main force of aggression and war, the chieftain of world reaction, the bulwark of modern colonialism, the strangler of the national liberation and independence, and the disturber of world peace.

But these criminals await court where procedures may be rigged and legal assassination may be accomplished. Therefore Hanrahan and his cohorts work diligently to procure injustice for all. And Hanrahan will use the ancient game of 'victims made into criminals and vice versa', so that the losers will indeed be losers -- they'll lose their lives. But if you shed tears for those four little Black girls, and the Soto brothers, and countless others, don't cry for the 7, scream. Be overwhelmed with a rage that vows that these people, too, shall not be taken away, because for too long too many have died in the struggle; too many have languished

in the prisons and jails. There has to be an end -- we'll start with the 7. That is why all of us must go to court whenever the 7 go to trial. We must be there to support them and see that justice is done.

We'll start with the 7 by saying: 'Pigs, we the people refuse to let you convict the 7. We will not stand for a rigged jury and handpicked judge--The 7 must be set free because OUR PATIENCE CRIES FOR CESSATION AND OUR ANGER CRIES FOR VEN-GEANCE--COLD AND DEADLY!

Hanrahan and Jolovec found guilty of murder by Peoples inquest, fourteen states attorneys agents also found in contempt of court

The People's Inquest was held in the First Congregational Church over the weekend. The inquest called by the people to look into the murders of Fred Hampton and Mark Clark was the culmination of a two day conference called by the Emergency Committee to Defend the Right of the Black Panther Party to Exist.

The inquest was held to get the facts of the December 4th raid that killed Fred Hampton and Mark Clark and wounded Brenda Harris, 18, Verlina Brewer, 18, Debra Jonson, 19, Blair Anderson, 19, Harold Bell, 23, Ronald 'Doc' Satchell, 19, and Louis Trueluck, 39. The whitewash job done by the Coroner's jury and inquest called by Edward Hanrahan, (Daley's fair-haired boy moving toward the top as Daley's successor as mayor), came up with a justifiable homicide verdict. The coroner, Martin Gerber, has a special interest in the justifiable homicide verdict since he is an appointee of Daley's political machine and not a representative of the people. The jury that came to the conclusion that the State's Attorney's special pig squad was justified in murdering Fred in his sleep and Mark as he answered the door was made up of old Blacks from the Republican Party, retired businessmen, and old White doctors and lawyers. These people were selected for the sole reasons that they didn't have knowledge of the average reasoning man in the Black community or supported the issues in this congressional district that caused young people to rebel against the illegitimateauthority of this vile economic and political system. It was a jury not of the peer group of slain Fred and Mark, but ideological servants, lackies, you know, flag wavers, people who strive to keep this system on its

decaying feet. It was whitewash

job, designed to cover up the murders and skillfully take the responsibility off the hired killers and place it on the shoulders of the surviving seven.

The People's Inquest was called by the people, the victims, and not by the authorities, the criminals. The people who served as the jurors, were from the community and the same economic and political, racial and social strata as Fred and Mark; it was clear to everyone that the jury was constitutional, a jury of their peer group. The coroner was also from the community -- Dr. Charles Hurst an administrator that has the same goals as the people of the community. The jury and the coroner didn't come with prejudgements like the hired servants that conclude the right of the States Attorney to murder Fred and Mark.

Six of the seven survivors testified freely to the questions put to them by the people's prosecutor, Jewel Cook, Field Secretary, and the Deputy Minister of Defense, Bobby Ruch of the Black Panther Party. The seven defendants testified to the prosecutor and the jury that they didn't have guns in their possession nor did they fire at the police. When asked if the police authorities showed a search warrent or even mentioned that they had one, the defendants testified that they did not. One gathered from the testimony of the seven that the police knew Fred was there and that they simply broke down the door and came in with their guns blazing. Blair Anderson testified that he heard two which killed Mark Clark and another which penetrated the wall behind the door. Ballistics tests verified that the shots came from the outside of the door and entered into the hall, destroying | police's testimony. Even highly paid police

ballastics people couldn't come up with evidence to support their claims, Deborah Johnson, Deputy Chairman Fred's revolutionary widow, mother of a two month old child, testified that the Deputy Chairman didn't have a gun and that he was murdered in cold blood,..they all testified, except for Ronald Satchell, Deputy Minister of Health, who was hit five times with 45 caliber machine gun bullets, that all the fire was concentrated in the back room where the Deputy Chairman slept; a clear indication that it was in fact a preplanned political execution, similar to that of Malcolm X, Martin Luther King, and Medgar Evers.

With all the correct information and evidence before them, the jury found the government guilty of murder and also contempt of court since they failed to appear at the inquest at the demand of the people.

The inquest was a clear indication of what politics is designed to produce for the people. It was a case in which the people took the law into their own hands, looked into the murder for themselves and then came upon a satisfactory conclusion. It was illustrative of how a court operates in a socialist country or a country that has a revolutionary government. Caly a revolutionary government. The only thing that was missing, however, is the power needed to execute the real criminals...that will only come with the success of the revolution.

The inquest ended with the people demanding that Hanrahan be shots at the front entrance, one indicted for murder and that the charges against the seven survivors be dropped.

BAINBRIDGE, Ga., May 25-Because police hadkilled Willie Reid, twenty -four, Negro, alleged murderer and rapist, a mob couldn't lynch him. But it broke into a mortuary, hauled his body off to and ball park and there burned it. Women and some girls in their teens were among its members.

The informal incineration occurred last night and until dawn today the embers of the pine boards that had been and ball park fence glowed against the night sky. The incinerators acted openly, even invited photographers to make pictures of the blazing pyre in which the dead body could be discerned with difficulty, They looked upon it as an object lesson.

The chain of events began last Friday when Mrs. Ruby Hurst, thirty, and Rita Mae Richards, sixteen, disappeared, Mrs. Hurst's body was found Saturday on the outskirts of town. She had been killed apparently by a hatchet and ice pick. Sunday it became known that Miss Richards had been seen with her Friday and a renewed search yielded Miss Richard's body, mutilated with the same type of wounds, 400 yards from where Mrs. Hurst's body was found. Miss Richards had been subjected to criminal assault; Mrs. Hurst had not been,

Soon afterward authorities went to Dodian, Ala., and their, in the attic of a Negro home, found Reid. According to Deputy Sheriffs H.C. Pollard and R.A. Stephens, Reid

confessed.

The deputies knew that news of the capture preceded them and in order to stave off the possibility of mob violence they started with their prisoner toward a mob proof jail at Albany, Ga. Before they reached Albany Reid was killed.

"Near the Georgia line," Stephens said, "the Negro suddenly leaped from the car, We opened fire instantly. He must have been struck by ten or twelve bullets. He was dead when we got him."

Stephens and Pollard brought the body to a mortuary. Soon afterward a car loaded with White men appeared, then another and another and another. The leaders went in. carried out the body and dumped it into a car and the motorcade drove on.

With every horn blowing continuously, the progression moved through town. Onlookers saw that some cars were driven by women, that women were their only passengers. Others seemed to carry family groups, a father, a mother and girls in their teens. More and more cars were joining and by the time it reached the ball park, it was estimated to number seventy-

Men climbed out, the boards of the ball field fence were pulled off and poled up. The women assisted. Then the body was thrown on and in an instant a great fire was roaring, illuminating the intense emotion-choked faces of the incinerators.

TO MY BLACK BROTHERS IN VIET NAM

I'm writing this on January 4, 1970. We are starting out a new year. On August 31, I'll be 35 years old. I'm married, and I have one child with another one on the way. I am in love with my wife and I would like to enjoy a happy life raising a family. But I am not free to live the type of life that I would like. Pigs--the racist fascist rulers of the United States -- won't let me.

And I would like to ask you Brothers: are you living the life that you want to live? Are these same pigs cramping your style? I don't believe that you actually prefer to be way over there, fore it is too late. fighting against our Vietnamese Broare also fighting for their freedom against the very same pigs who have you over there doing their dirty work for them. And your people need you-and your military skills--to help us pigs from committing genocide upon us, as they have been doing for the past 400 years.

I am the Minister of Information of the Black Panther Party, and I am speaking to you now for the Party, but I want to put a personal note into this because I know that you niggers have your minds all messed up about Black organizations, or you wouldn't be bicked up the gun. These political prisoners are your own Black Brothers and Sisters. We have a desperate, life and death struggle on our hands, and if we a people are going to survive, then we must save ourselves. If we miss this chance, this golden opportunity, who knows when we will get another chance? We cannot afford to take our freedom and stop these racist gamble with this chance by putting things off. Now is the moment for decision. This very moment, right where you are. You do not have to wait until later, until after you are back home and out of the army. You can make your move now, while you are still inside the army, because the army is one of the key weapons which the pigs have up their sleeves to use against us when the time comes. And the White make no mistake about it, that time organization--the U.S.A. -- for whom is coming and it is almost here.

You need to start killing the racist pigs who are over there with you giving you orders. Kill General Abrahms and his staff. all his officers. Sabotage supplies and equipment, or turn them over to the Vietnamese people. Talk to the other Brothers and wake them up. You should start now weeding out the traitors amongst you. It is better to do it now than to allow them to return home to help the pigs wipe us out. Especially the Uncle Tom officers should be dealt with now, because the pigs will use them as effective tools against our people. When you can no longer take care of business inside the army, then turn yourself over to the Vietnamese people and tell them you want to join the Black Panther Party to fight for the freedom and liberation of your own people. If you do cross over, you don't have to worry about the Vietnamese people abusing you. They will be glad to see you drop out of the army because what they want most in life is to stop the fighting in their land. You have a duty to humanity as well as to your own people not to be used as murderous

TAKE BLACK GENOCIDE ISSUE BEFORE U.N.

Brothers and Sisters:

We have a mandate from this Conference. We are requested to present it with concrete proposals as to how the police and racist terror daily confronting the National liberation movement and the Black Panther Party in particular, can be brought before the General Assembly of the United Nations.

This Conference had not posed this matter as of paramount importance to black citizenry alone. It has rightfully posed this matter as one of vital concern to all Americans - to the nation at large and to the world peace forces. We in this panel, must view its mandate as of special political significance.

The United Nations as an international body, occupies a place of great moment to all who are participants in the National Liberation struggles of Africa, Asia, Latin America and these United States. We who are here would be derelict to our responsibilities to those on the worldwide liberation front if we failed exhaustively to examine the relation of the U.N. to the grave issues under deliberation. Were the task assigned us impossible it would not have been delegated to this panel.

Punish Genocide

We must take cognizance of the fact that the United States alone among the great powers has failed and refused to ratify any of the splendid Conventions of the U.N. which call for recognition of the human rights of all mankind. We, as a part of the American people, a segment of a great liberation front, deal here with a matter that concerns all mankind precisely because all manking will be affected by the results of this monumental conflict. The murders taking place around us are proof that racism is being escalated. We have come to a fateful moment in the history of our country. Many who are here, and I count myself among them, believe that the criminal deed which we have condemned and declare shall not go unpunished, strikes at every vestige of democracy here at home. Black and/or white - we cannot tolerate their being ignored by the progressive peoples of the world for their continuance must inevitably carry us down the road to a police state and an American brand of fascism.

Most of us were impelled to come here out of a deep and abiding concern for the lives, civil rights and human dignity of leaders and members of the Black Panther Party. We see them as champions of human rights and a democracy embracing all of us. We have heard the savage cries of Nixon, Agnew and Mitchell, calling for the rigid application of a form of law and order that does not restrain the Ku Klux Klan, Minute Men, Birchites, the Devil's Angels or any of those white terrorists who make mockery of the constitutional rights of others. This "law and order" means that members of the Black Panther Party are to be hunted down like wild beasts. Axe handle democracy has come to Washington, D.C. and only black men protect it.

Events in Courts like those of Judge Julius J. Hoffman offer proof that for militant fighters against the trend toward a fascist state, the doctrine of innocent until proven guilty beyond the shadow had been turned into its opposite. Those slated for victimization under this new "law and order" command are to be

treated as guilty until they have proved themselves innocent. If the State has evidence of their innocence that evidence can be concealed, that conviction might be assured. We see attempts to pack the highest court in the land with men who have openly proclaimed their belief in white supremacy and who have lived their lives in a manner consistent with their vaunted youthful beliefs. We have seen men who were not revolutionaries but who had faith that the democracy preached ought to and could be practiced - shot down in cold blood and with others we witnessed the death through assassination of John and Robert Kennedy and that outstanding American humanist, the Rev. Martin Luther King, Jr.

The indiscriminate murder and illegal persecution of black men, women and youth of which Fred Hampton and Mark Clark are classical examples motivated the action of those at whose behest we called this historic conference; those who signed the call for this Conference but have found it impossible to get here, anxlously watching from afar. It is a crucial hour in the history of this country where murderous racist practices have become the policy of those who control the government and America's way of life.

Infamous Senators

When infamous racists spokesmen like Senators Stennis and Eastland can gain the front pages of the daily press as advocates of desegreation nationally the ideological drive to pollute the minds of the people has undoubtedly taken a great leap forward. This is not an issue which is our exclusive property. In Africa, Asia, Latin America, Europe, wherever on this globe progressive human beings are to be found they note what is being done here. We are urged on by freedom-loving humanity.

This cannot be just another conference. If it were, despite our numbers, it would be a criminal failure. If this conference records a beginning in words, no matter how lofty and inspiring and has a do-nothing ending, the violence of government that has caused the emergency we recognize, will engulf the Panthers in a sea of rabid reaction that cannot but imperil everyone of us. Irrefutable proof of savage police activities based on a program of racist terror and incitement to the organization of a nation-wide white backlash, has been submitted to this body. Through this body it must be submitted to the world. Our deliberations cannot end in words or the potentialities for the creation of a monumental united front for defense of civil and human rights will not have slipped from our hands; it will consciously have been rejected.

What is happening to the Black Panther Party and its heroic leadership symbolizes the processing of far-reaching and profound changes in the democracy of the American racists. It is not something new to we who are black, brown, red and yellow, but it threatens now to destroy the fundamental rights of all regardless of color. Unable to rule as formerly by reason of the scope and intensity of the struggle against dehumanizing social practices, democracy in our country threatens the dignity, worth and humanism of all. Our Commitments to the charter of the United Nations are being violated with impunity. That is why the mandate we have been given is

fundamentally correct. We must point the way to petition the U. N. The democracy practiced in our country has nothing in common with the democratic precepts set forth in the charter of the U.N. or its universal declaration of human rights.

Racist Terror

It may seem to many both at home and abroad that being citizens of the United States, we would bring this record of racist terror to the attention of those who are responsible for enforcement of the Constitution with its lofty Bill of Rights. That has been done repeatedly and not by black Americans alone. Thomas Jefferson feared that the wrath of a "just God" would follow on the heels of slavery. Judge John Marshall Harlan of the U.S. Supreme Court in his scathing denunciation of the monstrous "separate but equal" decision at the turn of the century in the Plessy against Ferguson case, predicted that racism from on high would destroy the foundations of the State. The records of the Civil Rights Commissions of the Administrations of Presidents Truman, Eisenhower, Kennedy and Johnson exposing the genocidal character of racism, have been mocked by those in power. The very initiation of these commissions was a gigantic hoax.

There is little need here to recount the magnificent liberation struggles led by the immortal slave revolutionary Frederick Douglass against the slave olegarchy and Northern reaction or those of the great William E.B. DuBois against the racists.

Recourse had been had to every institution of the existing democracy and in vain. We face a conspiracy of government to commit racism as a policy in its relations with black citizens. We here have charged planned guilt of a moral as well as legal character that is why we have been asked to search the highways and byways that lead to the Secretariat of the United Nations and from there to its General Assembly to the Economic and Social Council and to the Commission on Human Rights before which body matters dealing with the Convention on the Prevention and Punishment of the Crime of Genocide are entertained. That is our task.

In setting forth its purposes and principles those who founded the United Nations declared that: I quote:

"The Organization is not to intervene in matters essentially within the domestic jurisdiction of any state." It added:

"This provision does not, however, prejudice the application of enforcement action with respect to threats to the peace, breaches of the peace and actions of aggression." We shall cite only matters that are "threats to the peace, breaches of the peace and acts of aggression."

We are also aware that under Article 99 of the Charter it is held that:

Art. 99) "The Secretary-General may bring to the attention of the Security Council any matter which in his opinion may threaten the maintenance of international peace and security." We call this article to the attention of this gathering.

Not Domestic Issue

We cannot accept the argument that the racist practices of the American government which have robbed black, brown, red and yellow citizens of their

WILLIAM L. PATTERSON

blood-won birth right as members of a multi-national state, are to be regarded as "matters essentially within the domestic jurisdiction."

Lest others have forgotten, we will repeat the words uttered by Mr. Justice Robert Jackson when speaking for the United States government at the opening of the Nuremberg trial of the Nazi war criminals. He said: I quote:

"How a government treats its own inhabitants generally is thought to be no concern of other governments or of international society. Certainly few oppressions or cruelties would warrant the intervention of foreign powers. But the German (I ask you to substitute the term American rulers) mistreatment of Germans (substitute black citizens) is now known to pass in magnitude and savagery any limits of what is tolerable by modern civilization. Other nations by silence would take a consenting part in such crimes. These Nazi (substitute racists) persecutions, moreover, take ch racter as international crimes be ause of the purpose for which they were undertaken. If aggressive warfare in violation of treaty obligation is a matter of international cognizance, the preparation for it must also be of concern to the international community. Terrorism (racism) was the chief instrument for securing the cohesion of the German (American) people for war purposes." War has been declared on black citizens. The verdict asked for in the Nuremberg trial was granted. We want nothing

We believe that upon the basis of what has been said concerning racist terror here, this body must conclude that; the mistreatment of black citizens of the United States is known now to pass in magnitude and savagery any limits of what is tolerable by modern civilization That record of continuing racism should, we believe, be placed again before the United Nations. A racial crisis is a reality in the United States. It is due I believe to the evasion by government of the responsibilities imposed upon it by the Federal Constitution and of its violation of human rights despite its commitment under the Charter of the United Nations and many treaties upon which it had entered. This evasion of constitutional responsibility is demanded by those who profit from

While we advocate an appeal to the U.N. we hold out no 11lusions. The government of the United States has not ratified a single Convention of the U.N. calling for the enforcement of human rights or the punishment of those who have violated them. Although the Convention for the Prevention and Punishment of the Crime of Genocide was passed in 1949 it is only now that President Nixon asked the Senate to ratify it. The task ahead If our resolution is adopted, will be no ordinary one. Its success will depend upon the degree to which the American people, white as well as black, are mobilized to support it. We must go to the people. Their power is eternal.

We represent differing ideological trends, we come from political parties whose aims and purposes may differ. But it is my belief that the differences do not cancel out our common desire to see that every American enjoys his or her rights under the Constitution and that we as a people honor our commitment under the U.N. Charter. We are not concerned with ideological differences. There is dire need of a national defense committee to come from here. The evidence that genocide is being committed here should be gathered. It is available on every side. It should be compiled in a petition to be presented to the Secretary-General with the request that it be referred by him to the appropriate U.N. body for consideration and action. The action we should recommend has been suggested by the International Court at Nuremberg.

It is true that others have gone before us on a similar mission and they failed because of the strength of the racists from the U.S. in the United Nations. The last time was 1951, But conditions have changed drastically. The composition of the General Assembly of the U.N. differs today from 1951.

I recommend that we resolve that his body petition the United Nations under the Convention for Prevention and Punishment of Genocide or the Universal Declaration of Human Rights to take such steps as will assure the safety of black Americans in general and the Black Panthers in particular. It is, I believe, our sacred duty to aid the U.N. in the implementation of what it has declared to be its aims and purposes. The U.N. belongs to

In 1968, the International year for human rights, non-governmental bodies all over the world sought to make their contribution to a meaningful celebration that would provide a springboard it said, for future action in the U.N. Addressing that body U Thant, Secretary-General of the United Nations said, among other things:

"Governments cannot by themselves face the great and shifting problems of our age. The people they represent must also give life and reality to the aims and ideals of the Charter and the Universal Declaration of Human Rights." We act for such a people.

On this premise we should act. On this directive we should base our resolution.

. It is my firm belief that we should request the plenary body of this conference to act in accordance with these words of the Secretary-General of the United Nations. That of course demands something more from us than a Continuations Committee.

FREE FOOD RALLY FOR THE PEOPLE OF HUNTERS POINT

Saturday, March 14, 1970, free food was given away to the people of Hunters Point. The people of the Point know without a doubt historical asset for the oppressed.

We have found out through practice that the program of the Black Panther Party laid down by Huey P. Newton and Bobby Seale, in October 1966, relates more to the needs of the suffering masses of poor Black people than any other programs in operation today.

When we say we want land, bread, housing, education, clothing, justice and peace for the people that's just what we mean, In fact, this is the main thing that makes the Black Panther Party such a threat to this systematic way of living. Knowing and doing. We knowthat the people

are suffering so we organize our programs to meet their needs. We must take care of our own. we must use what we got to get what we want and need.

There were well over 1500 people that were served free food. To the majority of them it was more than just free food, but free food and love, and seeing another way out. This is the depth of Huey P. Newton. This is the genius of Huey, this is what Huey has always been about telling us of turmoil in which we now suffer and showing us that we do have a in, Here is a man that knows the different alternative, we do have people need food and he impro- a sound solid program to relate

have been forgotten for what ever their needs are. To say and to do is the criteria and that's what the Black Panther Party is all about. Constantly meeting and serving the peoples' needs.

Knowing Hunters Point and seeing the way the people responded to the Free Food Rally and to be a part of the machinery that dealt with serving the people on Saturday, March 14, let members of the Party know that we are definitely in tune with the people because there was complete union with the people and the Party. A harmonious climax was reached by the people and the Party so hov funky can it be.

this union that the people and the The Black Panther Party with Party are sliding off into, but we people to follow to put an end to will continue to serve those that people are strong in the Point and with each others help we can brave any storm.

All I would have to say to the pigs is that a drastic blow was dealt to you and your mafioso friends in Hunters Point and that your days of starving the people are over. The people have seen new light andno matter how hard your tactical squad rides they will not be able to stop the spirit of the people to make the light they've seen shine brighter and bigger.

ADAM ROGERS-ALIOTO:S PARROT IN HUNTERS POINT

"The choice offered by the heirs of Malcolm to the endorsed spokesmen (bootlicker) is to repudiate the oppressor and to crawl back to their people and earn a speedy reprieve or face a merciless, speedy and most timely execution for treason and being too wrong for too long." HUEY P. NEWTON

Adam Rogers is Mayor Alioto's nigger in the Hunters Point area in San Francisco, Since the rebellions in this area broke in Sept. 1966, Alioto has been sliding Rogers money to be his endorsed spokesman in Hunters Point, It was no accident that Rogers was

chosen for this job. In his set, which was very rebellious at the time, he was the bully and he is/was very stupid. Rogers was put in the position of being in control of the little bit of money and the few jobs that were sent into the area to pacify the potentially revolutionary and rebellious niggers. Now in the last three years Rogers has used his job as Alioto's parrot to establish himself as a little monarch (king) in the Hunters Point area. One of the first things he did was to move out of Hunters Point into an area where Black bourgie types live. He has used the few jobs that are under his control to manipulate people, There is one sister who was fired

from her job because she would not go to bed with this bootlickin' punk. He has put his close friends and members of his family on the payroll even though they did no work. All you have to do is move around the area in Hunters Point and mention Rogers name and people time and time again will start running down how this puppet and traitor has messed over the brothers and sisters in the area. Just last week in the pool hall, on Third St., he brutally beat a young brother. Rogers took his hat and placed it on the floor and then told the brother to pick it up and put it on his (Rogers) head. The brother refused to be humiliated so Rogers proceeded to beat and

kick the brother savagely. The brother's name is Terry Nichols.

On Sat. March 7th, the Black Panther Party called for a community meeting to discuss the recent murder of a brother Miles T. Beaver from Hunters Point. He was murdered by a member of Alioto's gestapo pigsthe San Francisco tactical squad. Members of the Black Panther Party were to explain the community control of police petition, as a solution to police brutality and murder of Black people. Rogers showed up talking like Alioto as he always has in the past. The meeting had not started yet so he sat down and started running off at the mouth sounding like Alioto's parrot. There were five brothers sitting in the room from Marin City, a suburb of San Francisco, and they did not know who this fool and provacatuer was and began to argue with him.

In the course of the argument I walked in and heard him say how uptight he was that the Black Panther Party had opened a community center without consulting him and that if he felt like it he would burn our building down, At this point I and everyone else was ready to move on him, however being aware of the role that ever being aware of the role he plays and in fact that he is a pig.

PIGS USE RACISM

When Wade Carson was put in against each other. We've got to 22, there were rumor all around about a race riot. Wade heard that some Blacks had beaten some Whites believed to be dime droppers. He heard that Whites were fixing to get even. Whatever the truth of the stories, it was certain that race tensions were bad at the end of January.

In the midst of this Lt. Huseby and Sgt. Hayes, stockade officials, began whispering about Wade to the angriest of the white prisoners. talking to Black prisoners revealing the White plans to attack Blacks.

Since Wade Carson is an ASU organizer he was of course speaking both to Black and White primessage, "Don't let them use us understand things.

the Fort Lewis Stockade, on Jan. organize together, Black and White, against the brass."

On Sunday, January 24, Wade was put on K.P. along with Sgt. want to harass and beat the men Hayes. A group of Whites, very worked up, came over and started asking, "What is this?" Wade didn't get much chance to answer before they jumped him, and worked him over kind of quickly.

The next day they were back apologizing. Wade's words had sunk in. They said they were really unsure about the rumors about They said that Wade had been Wade since they knew they were being spread by pigs. Finally they apologized totally and realized they were being used to do a pig's dirty work against a union organi-

Wade seemed to think the beatsoners. And the theme of his raps ing was a small price to pay for about race was the simple the deep way these men came to Reprinted from FED UP

It would seem to make sense that stockade pigs want to avoid riots, because they bring a lot of bad publicity. You'd think they just in the peace and privacy of their own stockades. But over and over we hear about guards and commanders who know about racial attacks and either do nothing or encourage them. Why? Why are race riots part of their plan. First of all, the publicity on race riots isn't so bad. It just shows that the men are ignorant and need more control. And that's what the pigs like people to think.

It's easy to handle a race riot. It's not so easy to handle a group which is united. Black and White, and determined to get free.

"BLUE" GETS TEN YEARS FOR SERVING THE PEOPLE

Roger Lee Lewis has been a member of the Southern California Chapter of the Black Panther Party practically since its inception in February 1968. "Blue" the was given that name by Bunchy Carter) was - is a nigger. a nigger off the block. A brother who ran these streets and knows the madness of life in Niggertown. Who saw a man, men-Huey, Bunchy, Eldridge-picking up guns against the oppressors, the pigs. A nigger who dropped dropping reds and doing his thing to join the ranks of the vanguard of revolutionary struggle in this country is a beautiful man who turned every energy he had used in the struggle in the street toward the struggle for the liberation of Black people and all oppressed people in Babylon.

And that is the reason Blue is in jail now; that is the reason he was constantly arrested, especially since January 1969; and that is the reason the pigs want to murder him or silence him with prison walls and bars-forever. In fact, it became a common thing for all of us never to wonder where Blue was when we couldn't bad him--we'd just call 77th or Newton Street and there he'd be on some phony charge.

January 17, 1969, marked the beginning of an intensified plan by the pigs to rip Blue off. It was on that date that he surfaced to the attention of the pigs That was due to the other events of that day, the brutal assassination of our Deputy Minister of Defense, Bunchy Carter, and our Deputy Minister of Information, John Huggins; the vicious pig attack on the home of John Huggins right after he was murdered, Blue had simply come there to try and console John's wife, Ericka (this was about three hours after the assassination). He arrived at the house only to find the pigs had vamped, and that Ericka and other sisters and brothers were being taken to jail, to find Ericka andher three-week old baby standing in the cold, with the pigs searching the baby's blankets "for weapons". He screamed for them to leave this sister alone, and turned to find himself being handcuffed and charged with interfering with an arrest. The case went to court, but even a jury, not of his peers, could not find him guilty.

Every month after, at least, he was arrested and "officially" char ged. But in between there were constant tickets given him for abstract traffic violations. There were arrests for suspicion for everything from murder to sus-

picion of spitting on the sidewalk. Those were the unrecorded times, the things the pigs did that they never left any trace of.

On February 12th he was charge with possession of a concealed weapon-(?)- he was later acquitted of that charge. In early March

were really stretching out. May 5th, another wild case was thrown on him. He was charges with participatiin in the beating of a kid, supposedly to get some kind of unknown information. Right away in June, on the 14th, Blue was picked up on suspicion of murder. He

had their child. Her father, like the pigs, hated Blue, because he was, is a Panther, totally dedicated to the construction of a society in which the people have the power to determine their destinies, and the destruction of all the forces that stand in the way of that. The sister's father, as he had previously done, refused Blue "permission" to see his child. A man refused to simply see his child. An argument arose and Blue ended up having charges filed against him. Assault with a deadly weapon. Further details are unimportant because the pigs wel- tentiary. comed the opportunity to put Blue in jail again, regardless as to why. But, of course, again even a jury in fascist america couldn't fix themselves to find Blue guilty of any "crime". And he was acquitted of that charge, March also brought another interfering with arrest charge, that was also eventually dropped.

with possession of a bomb. They ary, a man.

Blue went to see his old lady who stood trial on that charge and was acquitted.

So why is Roger "Blue" Lewis still in jail? He had been arrested several years ago on an assault with a deadly weapon charge and had been given probation of three years. Two years and six months passed before he was acquitted on this last charge. It was at this time the pig probation department suddenly decided that this mum of 10 years in a state peni-

PRESS RELEASE FROM **BLACK LIBERATION ALLIANCE**

For Immediate Release: Friday, March 12, 1970 Release Authority: Robert L. Lucas, Chairman, Black Liberation Alliance For Information: Contact: Black Liberation Alliance 75 East 35th Street Chicago, Illinois Phone: (312) 842-9321

We charge the Federal Government with the crime of wantonly murdering our two brothers, Ralph Featherstone and (apparently) William "Che" Paine.

We suspect, although we may never be able to prove it, that agents of the Federal Government were directly involved, probably because they thought that Brother Rap was in the car. This is the way that the CIA has operated all over the Third World, from the Congo to Laos, from Ghana to Vietnam. If they are in the way, people of color and their leaders are mysteriously blown to bits, with even less thought than if they were boulders blocking a road or trees blocking a view.

But directly involved or not, the Federal Government is responsible for initiating the chain of events that has now resulted in this heinous crime against Black people. Just as the Mayor of Memphis Tenessee, created the political climate of violence and hysteria which led to the wanton murder of Dr. King in the spring of 1968, the Federal Government today, with its repressive legislation against Movement activists, such as the " Rap Brown " Anti Riot Act and the Anti-Conspiracy Act, and its bringing to trial of Movement activists on the basis of this repressive legislation, has now created the political climate of violence and hysteria which has led to the wanton murder of these

two dedicated, hard-working unsung fighters for human freedom.

For the last many years it is the Federal Government itself which has been responsible for the growing chaos and disorder in and around the courts. By its deliberate efforts to muddy-up the fundamental distinction between political activity and crime, it has fostered disrespect for the judicial process, incited to riot and murder, and unleashed the most reactionary forces in the nation.

By sending in agent -provocateurs to Movement organizations, as in the notorious alleged plot by RAM to blow up the Statue of Liberty, it has deliberately instigated and sought to provoke freedom fighters to acts of terrorism which only end in their imprisonment or

THE TIME HAS COME TO TAKE SOME SIGNIFICANT STEPS TO BRING A HALT TO THIS VIO-LENCE AND UNENDING INCITE-MENT TO VIOLENCE BY THE GOVERNMENT. TO THIS END WE DEMAND:

1. That the Federal Government itself take the initiative immediately to move the dismissal of all charges against H. Rap Brown as well as against all other political defendants, Black and White, who have been charged under the Anti-Riot , Anti-Conspiracy Acts and similar repressive legislation.

2. That steps be taken immediately to repeal the Anti-Riot and Anti-Conspiracy Acts.

police departments across the country immediately destroy their dossiers on Movement activists and that the Permanent Subcommittee on Investigations of the Committee on Government Operations of the U.S. Senate, whose extensive and published hearings have revealed only a small part. Mike Hamlin

of what is contained in these dossiers, be immediately disbanded,

4. That whatever agent -provocateurs have been or are disclosed to be involved in acts of terrorism charged against Movement activists, the charges be brought instead against these agents and the official agencies employing them, for conspiring to violate the civil rights of citizens.

WE CALL UPON THE BLACK COMMUNITY AND ALL DECENT CITIZENS ACROSS THE NATION TO SUPPORT THESE DEMANDS WHICH ARE NECESSARY TO CLEAR UP THE CALCULATED CONFUSION BETWEEN POLITI-CAL OPPOSITION AND CRIME, WITH WHICH THE GOVERNMENT IS SEEKING TO DESTROY THE MOVEMENT.

At the same time we call upon Black organizations to appoint their own investigative committee to determine the guilty parties to this murder and we demand that the Justice Department and all other officials on every level cooperate with this Committee, giving it the right to subpoena persons and documents and granting it access to all files and information related to this and similar

In particular, we urge Movement people to reflect upon the need for new forms of organizations which will minimize future opportunities for the enemy to waste our brothers and sisters.

We cannot continue to lose our 3. That the FBI, the CIA and Medgars, our Malcolms, our Martils, our Freds, our Marks, our Ralphs and our Ches.

legedly raping a White woman on the near West side of Rockford. This was supposed to be one of the three counts of rape held against Curliss, However, a sober study of this case makes us believe this statement: CURLISS DISMUKE IS AN INNOCENT MAN,

This trial of Curliss Dismuke is another step in the rising trend of Fascism, Curliss' trial was political, Curliss Dismuke is a political prisoner and a political victim and we must all understand that point, The trial of Curliss Dismuke proved in no way that he committed the crime. The only thing, in fact, that Walter and Shirley Kaszuba (alleged victims) could point out was that the supposed rapist was Black, Everything that led up to the arrest of Curliss Dismuke on through his conviction was the result of a fascist plot on the part of the pig department of Rockford, the hog of a judge that heard the case, and the state's attorney's office, and other members of Rockford's fascist government. Everyone must know just how Curliss Dismuke was railroaded.

On the night of May 31, about 3 a.m., Curliss Dismuke and his wife Mary were having an argument. The Rockford pig department sent a car by to check out complaints about someone about the police. Curliss was going to his garage when he noticed the squad coming. He asked them, "Who are you looking for? Me?

That was enough. He was immediately grabbed and handcuffed, Mary Dismuke, before her husband was hauled off, asked the

Like many others that get picked up by these fools every night, he was taking them down to the station to be for disturbing the peace.

rapes had been reported on the West side, and no suspects had been from the mayor and Chief of Police down, were under pressure to come up with someone. Curliss is Black (the only description they had to go on) and lived only a few blocks away from Shirley Kasbuza, one of the supposed rape victims. So the lynching machinery swung into action.

The police dug up one of the supposed rape victims and ran Curliss thru a line-up. They claim that the supposed rape victim, Shirley Kasbuza, positively identified Curliss as here assailant, along with two other supposed rape victims. Curliss Dismuke was booked on three counts of rape, and detective pig officers of the city and county pig forces stumbled all over each other to be first to claim that they knew and had had Curliss under surveillance all the

The news media was printing garbage like "now Westside housewives can sleep again in peace' or something like that, -- "A way of saying that the brother was guilty before he had had a trial. The pigs leaked information both before and after the line-up as to the description of the alleged assailant, practically giving Curliss' description

the suspect that they had chosen to point out, and the whole machinery for the legal lynching of Curliss Dismuke was set up.

After witnessing the trial of Curliss Dismuke, which was dictated by an old fascist hog of a judge, Albert O' Sullivan, we have As of May 10, approximately four formulated the following opinion: someone on the inside who was supposed to be helping defend Curapprehended. The city officials liss, appears to have been working. either willingly, or unwillingly with the lynchers.

> What happened to Curliss Dismuke, has been happening to Black and oppressed people since the day we came here. The state, the power structure has been using us as scape-goats for their self-created problems. Curliss Dismuke's name, his meaning as a man in this system joins those of "John Williams Jr., Al Hanserd, Hershal Sockwell, and many many other Black people who have been victimized by this system. We in the Black Panther Party say that: "We want freedom for all Black men held in federal, state, county and city prisons and jails." We believe that all Black people should be released from the many jails and prisons because they have not received a fair and impartial trial. We want all Black people when brought to trial to be tried in court by a jury of their peer group or people from their Black communities, as defined by the Constitution of the United States."

today trying to deal with that, this morning?

D: Garry, Driefts and other people. Garry might be in another trial across town, I don't knew off-hand, but they've been in and out of the couris with the thing. The grounds, of course, Is that it's fear any wideoes, that they're trying to extradite me or and that this George famis has tried to implicate me. This so-called evidence is only implication through a form of hear any evideoes, and this is why one of the pudges to the California Supreme Court, I mean I speculate and understand from other things, that this one judge said that I should be allowed to stay here and have a fair and a broader hearing because it was insufficient evidence, I think this was, Judge Saymond Peters, from the California Supreme Court that staied this, the other judges differt even make a statement, you know what I means for we have some other information and stuff, and I found out some information just from government as to they tail me that they come up here and rist me at visiting sours and they tell me that the other sta (2) pudges had pressure but on them from the government. They made no substants as to why I should be estanded to be they to should be estanded to the uplay it should be estanded to be pred amount by that pressure he locked in the what thing erry othersively, the writ of hateau corpus and other things that Garry and them have been ming in different courts to stop

the estraction and be came fore-ward and made the statement as to why, insufficient evidence, I read that statement that lying George Sams made and looking at it, it's a form of hear say evidence. I read one statement where he says "acceptedly told me that Bottly stady constitute like itis, I read this out of that statement he made, sale, something like this, I read this out of that statement he made It's a complete railroading oper-ation and George Sams is a fool for the power structure, the U.S. government and their federal agents, the FBI and the CLA.

It What kind of specific charges are they trying to put against you?

B: Well the specific charges are, let's see. There are four (4) charges: There's a charge where I'm allegedly to have conspired to kidnappe, alleged to have conspired to commit marder, and alleged to have committed marder. There are four (4) charges altogether,

What kind of sentence does carry in Connecticut?

B: N's an electric chair sentence; they try to pet you in the electric chair and kill you. I'm aware of, we're all aware of it, that that's exactly what they're trying to do.

It: What kind of strength would you say it would take from the people to prevent that? Or what kind of showing could the people make?

B: The people, the masses of people, I mean Afro-America, Black America, all progressives, liberals and Whites and other people will have to rise up, would say that 50% of the nation is going to have to come out and a large persion of that 50%, the poor oppressed people who is one form or another are receiving some form of fact, ist expression on the part of the Nison-Agnes-Hitchell regime and other state and city officials throughout the country. All these people are going to have to come out and deery against this, denounce it, demand, but it's not only for me, I would want everybedy to some out and oppose repression, appear this 500 year

old form of semi-tasetem atreody historically, Now that rasetam has been more overt. White people have to understand that as long as have to understand that as long as Black people are treated unfairly and there are wells in this society, there's exploitation and inequality, in fact, they're going to be affected by that same system that's what's happening. That Chicago 7 trial clearly shows that not only Black Deople can be railroaded, but law-pers themselves can be railroaded. happening. That Chicago 7 trial clearly shows that not only Black people can be railroaded, but have yers themselves can be railroaded to jails and prisons, you see wha' I mean? This is important for people to understand in the sense that the people are going to have to come out and oppose it totally. Black America is not going to go for it, the Black Panther Party doesn't go for it and opposes the fascist repression that the people are going to go for it, the Black Panther Party doesn't go for it and opposes the fascist repression that is meted out on Black people's heads. The Black Panther Party has been organizing and unifying the people aroundhaste community action programs, revolutionary type action programs, revolutionary type action programs, revolutionary type action programs, revolutionary type action programs for more cooperative housing in the ghetion, more cooperative marketing in the ghetion, and things like that, and free health programs and food programs that we are getting ready to give away tons of food in the Black communities for. But these programs are what the Party's been trying to do on a revolutionary scale, that a what we've been trying to do not program. Blacks will see and they won't be digging the pigs stopping the Black Panther Party, but seen the Black Panther Party. This way charge is connection in a technique and tactle by the government, CLA and other criminal agents to animalize the Black Panther Party, in any that we will sur own Party members and crap and then like this.

It A lot of people don't know executive why you've been held in jail with

H: A lot of people don't know ex-setly why you've been held in juil with no ball in it because of the Connections incidenty Or does it

have to do with the Chirage in-cident or some incident that's gone down here in the Bay Area? Why haven't you been given any ball? Why haven't you been let out? Why are you being held in jail?

Why haven't you been set con 'way are you being held in jail?

By The real reason that I haven't been given any bail is because they could probably put the hall up to a million dollarm. There are millions of people across this country that know what this power structure is trying to do, know what political persecution is, and they would put up the money. Etank people would donate and a lot of liberals would donate and a lot of liberals would donate and a lot of liberals would donate and they would get the money and would get me cut of lail. That's the real reason why I haven't received any lail. Naturally the top hogs, the top avarielous, demagogie railing class is not going to admit this. They're roing to double talk and talk around the corner and say this is not so, this man is a murderer, etc. The very fact that I have been held on hear-say evidence, and the fact that they know from the very beginning when the pigs arroated me, they charged me with flight to avoid prosecution', Now if I was flying to try to avoid prosecution, what was I doing making speaking engagements all over the place. I've been on television, Ul'Cl' Conference, all down to L.A. on planes and stuff all this time since the live charges came up, since George Sams killed Alex Rackley. What I'm saying is valid because we inlive charges came up, since George Sams killed Alex Hackley What I'm saying is valid because we investigated and found out that George Sams definitely actually in fact was the one who did kill lirother Alex Buckley, and berhier Alex Rackley was no agent. And then I got arrested August 19th, this happened supposedly the way they've got it down is May 22nd or something like that, I wasn't flying to avoid no prosecution. Well, that's the first thing that was wrong and the people and Friends of the Party pooted \$25,000 dollar ball, cold cash money, a cashler's Party posted \$25,000 dollar ball, cold cash money, a cashler's check. People shot the money in, they realized then that I could get ball just like that because the jeople will come forth because they understand the political persecution that's going on against the Party by the government. So with the Connecticut thing they moved the Connecticut thing, they moved to may no bail, no bail. Yet I am still held on hearsay evidence.

R: How about the charges of Chicago? You still have to stand trial for a so-called 'conspiracy' don't you?

D: They said that I have to do that: I don't know if they're going to move to try me there in April like they said I've already demanded a fast and speedy trial on that. If they don't try me they are violating another Constitutional right there. I've already demanded a fast and speedy trial and if they don't try me, then BOOM! I think that they me, then BOOM! I think that they figure that they can railread us, all of us Party members in Connecticut—than's what they're going to try to do. We've got documented evidence we can document George Sams' activities and exactly what he did and how he put this shaff together, We're probably going to have the same troubs that the Chicago 7 had like saw troubs that the Chicago 7 had like saw U.S. Altorney-General, Rinney Clark, Hoffman, the judge, wouldn't let Clark twenty. The prosecution moved to knep flew Abstracting from testifying the the Chicago 7. These are the kinds of things that are going to happen. I'm not saying that liamney Clark is going in the say witness for me, but I am saying the technique and tastics that the Jodges uses to stop you from entering evidence that can piture and show facilit government operation, and a racist and fool like George Sams doing what he did.

it. I've heard that he's back there in jail somewhere. I heard that the police gave him a club and let him walk around jail and he jumped on a couple of prisoners he runs a-round supposedly bollering "I'm going to get out of jail pretty soon" and all this kind of crup

R. Have you been getting a lot of support from a lot of corners, I mean corners of people that you wouldn't expect support from nor-malbox

B: Yes, We're getting a lot of sup-port from a beck of a lot of people. It wasn't that we normally wouldn't expect support help from them. It's probably that a lot of people haven't taken time to really investigate the Party's real role and the Party's main function beyond the scope of provocation agents, beyond a lot of lies and things that have been blamed on us, and stuff like this here, beyond double lip-talking and bere, beyond double lip-talking and fascist Alloto's and beyond Reagan's All Heagan ever said, "They are cold, vicient revolutionaries", that is all you ever hear Feagan talking about. When you look at it, he's not talking about the real programs, lie's running up talking about he feeds tree lunch now. We know where free lunch comes from-they come from free breakfast programs that the Party Initiated in the first place. The first bill that went in by this assembly district, I think, she put the bill in, for the free breakfast assembly district, I think, she pur the bill in, for the free breakfast in the schools, and the real thing with political maneuvers in terrand co-cp the Pariy's breakfast program, which we were pushing and demanding ages ago, you see. There sever should have been any hunger in the first place, then what happened initially was in this bill operation with the bill going in, I think that some 3500.00 was initially allegated, I think something like that, Reagan initially cut it back, he cut it back 41/2 million dollars, leaving 500 thousand dollars for the program. Then here he comes election time talking about allegating 6 million dollars for free lunch programs, now he's for free lunch programs, now he's trying to shift it to free lunch, like it's different from free breakfast, but it's the same thing as food but but it's the same thing as food for the kids and we know it and they know it. They try to play dirty politics, dirty politics is fascist political repression and genocide in attempts to kill, and not only attempts but killing and murdering Black Pasther Party members and then lying on us, and trumphine up charges on us and trying to rathroad us in courts etc.

R: How have they been treating you, you've been here how long, four months?

B: I've been in jail since August 19, 1989, over six months now. And one time I got put in the hole, of course everyone knew I got put in the hole. They were trying to break my spirit, but they couldn't do that my spirit, but they couldn't do that; it was behind the Black Faither Party Newspaper. Ten marshalls, 10 of these jive deputies up here in S.F. County Jail, all grabbed me simultaneously and ene choked me unconscious and another just before I went unconscious struck me in the testes. Badge 41-he's a pig. I still consider him a low-lifed racist, no good fascist little stg, for striking me in the testes. pig, for striking me in the testes, is the groin area, while I was being chosed while all my legs and arms were being hold and twisted and then striking me is that area,

All these marshalls on top of me knocked the chair over and I'm lying on my back, in the chair, alfached to the When they were dragging me out of the courtroom, they gratised a hold of my coat, and my coat is pulling all up around my nack, cause the top button had been pulled up and that kind of crap, that was a rotten operation, and lodfman sitting up there looking at me, knowing I got hit there and that transcript is changed, they say Jerry limbin is saying "don't hit me in my bulla", he wasn't the one. Jerry Bultin was althing over at the defense table, he wasn't the one fense table, he wasn't the one being attacked by the marshall at the time. And so I had so straighten the transcript out man.

H. Were you surprised at the

It. Were you surprised at the charges the way they went down against the other Seven?

B: No, I wan't surprised at all at Hoffman, Hoffman is an insane man Hoffman's gobe; Hoffman is an old Insane man, He had the nerve to say crazy wintfilize "lawyers are the reason people commit crimes." That means he wants a fascist stale, You see, he's trying to say that people are guilty until preven lanocent, you see what I mean, whereas people are fanocent until proven guilty. That's marrow mindedness and narrow mindedness and narrow mindedness and rardsmits the hasis for his being insane, Higots are insane, they try to justify themselves being insane, trying to put if in the law in one form or another. Judge Cotes in Mississippi, Carswells, Judge Hoffman too many of them, too many of them on the benches man. No. I wasn't surprised at all

R Blow did the brothers up here (in the county jail) relate to that

B: These brothers here are trying to find out information, I get so many notes and stuff from these brothers. A dude sent me a note saving "what's going down saying "what's going down, brother, I really want to get some knowledge about myself. What's going on on the cutside." They keep me isolated in this cell. For in a cell where Fm isolated from the other prisoners, some of them pass by in front of my cell, but I get messages and notes and I write brothers notes trying and I write brothers notes trying to raise their political education, but it's \$00 dudes in this jail, the jail is ever crowded by 200 to 300 people. They've got 16 man tasks with 25 and 26 cats in a task, they've got cats sleeping on the floor. Every task in this jail is over crowded, even the small 6 man tasks have got 10.12 men in them.

It: Are most of the people in here either Third World or poor Whites?

B. Most of the people in here are Black. You've got 60% Blacks in this jail, another 20% is Chicase and the rest are White. Sometimes you may get upwards of 20 or 30% white. B's Blacks—Blacks are in jail. Police forces have been doubled, tripled and quadropied to occupy the Black community like a horeign trooper occupies territory. We need decentralization of police in the communities. Decentralization of Police is where the people get a new police department they control, where the policeman will be forced to live in the community he patrels and be one and one with the people. And all the property and all the taxes and all the iax money and everything goes to the people in the mew decentralized police de-

partments that will be duly elected by 15 member councils in each neighborhood division of each decentralized police district in the city. And the people will be voting in their control. They have a right to do this. This is another thing why they want to kill the litars. Panther Party, because this is a very effective, legal program, the papers don't want to talk shoot it at all. The avaricious demapogues don't want in talk shoot it at all. The avaricious demapogues don't want in the hands of the avaricious ruling class, the demapogues, the litrs, the right-wing, he narrow-minded people, the ractists and put it in the manues of people's hands. The people would still have a police department this doesn't mean that they ran't deal with crime. If there's crime they can still deal with, what it means is that the police will not be able to be used to viciate people's constitutional rights, and intimitate to be used to viciate people's constitutional rights, and intimitate people—intimidate Elacks—and arrest people unnecessarily because the people will be able to sel policy and would maintain control. The 15 member neighborhood comeil will have to live in the community, they would be duly elected from the community, anyone who is a registered voter and 21 years old can be duly elected. And all policemen will be selected by the councilman's board. They have to live in the community, they have to be accreened and council-ince can say (to the police that we are disciplining you for violating such and such a right, the police was a disciplining you for violating such and such a right, the police was a registered with the police was and council-ince can say (to the police that we are disciplining you for violating such and such a right, the police. are disciplining you for violating the such and such a right, the policeit men would have to do 2 hours a day of their werk trattends special class and they take a special class hased on people's constitutional rights. This is what the M man council can do over night They can set the policy for hiring and firing, regulating of tax money. can set the policy for hiring and firing, regulating of tax money. All said tax money that the present city council allocates will have to go to the new decentralized police department districts throughout the city. You'll have commissioners then who can work jointly with the different police departments within the community. They can work jointly to run the police departments, especially when it comes to technical equipment and things like that Even if the Berkeley police and others real helicopters, the helicopters belong to the people and are not put up for some fascist operation. The cops are the ones who caused those kids up there all around Berkeley to got mad, because they see that the cops are being used by the avaricious businessees the emissions. they see that the cops are being used by the avaricious business-men, the exploiters, to brotaline them. All the Black rebellions that occured in the Black communities in the last 5 years, from 1964 until after Martin Lother Kingwas assazinated, of all these Black rebellions that occured, 20% of them were caused by racist cops brut-litting somebody in the Black combefiles that occurred, way of them were caused by racist cops brutaltring somebody in the Black community or shooting somebody unjustity in Bluster's Point or what

POLITICAL RIGHTS FOR PRISONERS

PROSPECTS ON COMMITTEES FOR PRISONER'S RIGHTS

Recent exposes of prison disturbances and atrocities touch only the surface of a deeper social problem presently being hidden from the public. Out of public sight, our penal system is functioning as a major organ of absolute repression against those who reflect the current struggle for social and political equality in this country.

Over the last decade we have witnessed widespread movements for social and individual freedom ... demands for racial equality, for free creative self-expression as evidenced in the cultural revolution of the '60's, for self-direction and freedom of expression within social institutions such as our college campuses. These movements have produced a general sympathy for the oppressed in the American society and have created a social consciousness which opposes authoritarian government action, as evidenced by the swelling anti-war movement. But these liberation struggles have also produced a strong reaction, particularly in governmental, judicial, and law enforcement agencies. These agencies are initiating and enforcing increasingly repressive structures against dissenting individuals and groups, in hopes of eradicating what growing discontent.

ment to revolutionize American society and the evergrowing reactionary repression extends behind the prison walls as well, but there takes on a distorted, inhuman form. The prison power structure is designed and controlled by the most reactionary, repressive elements of the society and works to quench every spark of personal creativity. individualized self-initiative, protest, self-respect and dignity which they see as a threat to prison discipline and 'orderly' management. AN INTERVIEW WITH **WORKERS DEFENSE COMMITTEE OF** SAN FRANCISCO GENERAL HOSPITAL

The worker's defense committee Is a group of hospital workers of all different job categories at San Francisco General Hospital, permanent and temporary, Black and White, men and women,

Q. Can you tell us when you formed the Worker's Defense Committee and how it came about?

A. Like there was one man, his name was Fields. They wouldn't the one reason he was Black. He had a PhD. So we got together and got him in the pharmacy. A whole bunch of social workers. nurses, and doctors and technicians could be Black and Brown and could come from the community, but they're just not there. We saw that much clearer when just one man tried to get into the tight system of professional category. They didn't want to let him in. There was a struggle and the only reason he got in was that the people rallied behind him--the local unions.

So they listened and they that the community had been talk- sign our names to it because we And then they set forth a whole other set of demands for the improvement of their own conditions. They decided the only way to get it is to go out for it alone. That meant to pack the hospital with patients so that the mayor would be forced to give in to the demands -- increased salaries and improved conditions. So the workin the defense committee looked around and said, what's going to happen to us. If they have this Heal-In, we're going to be working even harder. It just so happened

So the workers said, what sort of mess is this, and someone got up and gave a rap: they pledged unity and wanted to work together and now you kick them out. So the interns got really upset and had an immediate vote, and twothirds voted the workers to stay but it was too late -- the workers had left. But because this happened they kicked out their old leadership and elected a more militant strike committee. This is how the struggle is going. A. We're not just interested in defending worker's rights, but patients' rights as well. We're starting a series of grievance forms that we're distributing throughout the community, and we're hoping the patients will fill it out. We're going to get lawyers to investigate the complaints. We're trying to put legal pressure and political pressure on the hospital.

For instance, the pharmacy has always been a place where the people can not be served humanely. Patients are always told that the pharmacy was doing them a favor. that they had no right to these drugs, and that they better take it right because it was worth twenty dollars. A lot of patients are just insulted daily by the people in the pharmacy. For three the pharmacy has been to give instructions in Spanish -- and refused. Now. they're almost out of drugs, and in. the city won't cough up the money for those drugs. They need \$80,000 worth of drugs to go on to June, and the city's run out. And how do you tell a man you don't have the drugs to cure his pneumonia? They sent around a letter telling us to use the cheapest drugs and stop prescribing certain others. Until the people who come from the community can have some control over that pharmacy, they're not going to be treated right.

At the two previous sessions, I pointed out that the Nixon Administration's escalation of the war in Laos was another proof of its policy of prolonging the war in Viet Nam.

World public opinion, including that of the United States itself, has sternly condemned the Nixon Administration for having escalated Nam' in Laos.

In order to cope with this situation, on March 6, 1970 President Nixon issued a statement, attempting to justify the U.S. activities, particularly military activities, in Laos.

The first remark that can be made on that statement is the public admission by the top leader of the United States himself that for several years now the United States has been directly participating in the war in Laos, that it has been sending planes, including B. 52's recently, to wage an air war against the patriotic forces of Laos. However, this is only part of the truth. Senator Albert Gore said that Mr. Nixon's statement "had in fact revealed that we 'the United Agreements."

The Nixon Administration is

point out that the Nixon Administration is taking the same successive steps as in South Viet Nam, first supplying aid, then logistic support, then participating with air force, and actually breaking into the territory with troops.

The second remark that can be made about that statement is that, in the face of evident and undethe war and created "another Viet niable proofs of the U.S. intervention and aggression in Laos. the Nixon Administration had to admit part of the truth, but it resorted to distortions and tried to slander the Democratic Republic of Viet Nam so as to justify its aggression in Laos.

> At the last session, I pointed out that the substance of the Laotian problem was the U.S. intervention and aggression. This is a truth that no U.S. distortion or fabrication can conceal.

On March 6, 1970, the Central Committee of the Neo Lao Haksat issued a statement concerning the political settlement of the Laotian problem with a view to ending the U.S. war and restoring peace in

The statement clearly says: States) had violated the Geneva "For many years now, the U.S. imperialists have been ceaselessly carrying out their intervention and deeply sinking into "another Viet aggression in Laos, trying to turn Nam" in Laos while Mr. Nixon Laos into a U.S. neo-colony and keeps stating that, under the "nixon military base in South-East Asia. doctrine", there would be no It is the United States which, by more Viet Nam". "Through that administration, the United States waged a "special war" in Laos, bombed the territory of Laos, used the Laotian puppet troops to launch continuous nibbling attacks against the areas controlled by the patriotic forces of Laos."

"The Nixon Administration's escalation of the war of aggression in Laos is the origin of the present tension in Laos, which is most seriously jeopardizing the peace and security of Indo-China and South-east Asia."

On March 9, 1970, the Government of the Democratic Republic of Viet Nam issued a statement concerning the problem of Laos. It pointed out: "As one of the signatories to the 1962 Geneva Agreements on Laos, the Government of the Democratic Republic of Viet Nam has always respected and correctly implemented the agreements, it wishes to develop relations of friendship and good neighbourhood with the Kingdom of Laos on the basis of the five principles of peaceful co-existence."

LAOS:

The Latest Victim Of The Bloodsucker

Malcolm X once said, "Capitalism

is a blood sucker", in order for capitalism to survive it must have someone's blood to suck. Perhaps most people who are not victims of capitalism do not understand the magnitude of what Malcolm was speaking about. However, it is so clear today that anyone, even a blind person can see it. Richard Nixon is the world's chief bloodsucker. Not only that, he is the world's biggest liar and a homicidal maniac as well. All of these facts are spelled out by the man's actions. The vicious slaughter of thousands of Vietnamese people and the murder of thousands of young men in the service of this country are no longer mentioned by Nixon or anyone else. This is a true indication that America and its people are willing and ready to except anything that their fuhrer decides to do including committing genocide upon Black people at home.

Nixon's next target for a blood bath is the South East Asian country of Laos, He boasts that no American has died in ground combat in

Laos and that there are no ground combat troops there. What he does not explain is that there are scores of former green berets who have been discharged from uniformed military service and are now in the active service of the CIA. These agents are super killers who felt that their hands were being tied in 'Vietnam, meaning they were no longer allowed to massacre freely as they did at Song My and Mai Lai. What Nixon does admit is that B52 aircraft have been bomber dropping tons of bombs in Laos, which destroys land, life and frondescence. He also admits that the USA is supplying guns, equipment training and logistics to its Laotian puppet regime.

The American people should understand that all madmen have their logic and reasoning behind their actions. It's just that Nixon's logic is so feeble that it should turn the stomach of the average reasoning man of America. Nixon states that "our goal in Laos has been to reduce American involvement and not prolong the war," Immediate withdrawal would mean an end to the war and the saving of many American service men's lives. No one has ever heard from the Laotian people, no one has even heard from the people who have had these bombs dropped on their land, Nixon and his run-

IMPERIALISTS

"All this proves ever more clearly that U.S. imperialism is the most barbarous and shameless aggressor of modern times, the main force of aggression and war, the chieftain of world reaction, the bulwark of modern colonialism, the strangler of national liberation and independence, and the disturber of world peace."

GREAT BRITAIN:

After losing World War II, Great Britain economically and in every way was in a complete mess. In the form of war loans the U.S. decided to aid Britain to help rebuild her economy. Britain has been unable to repay most of these loans as during this period the countries in the so-called British Empire started and have since gained their independence, resulting in Britain's source of cheap raw material and exploitation being cut off, Result, U.S. controls or has shares in most British firms and Britain depends on U.S. for defence, etc.

WEST GERMANY:

After World War II, Germany was completely messed up. The so-called allies, Great Britain and U.S., after Germany was divided into East and West, took over West Germany. U.S. started pouring capital into Germany and nearly all troops stationed in Germany are American and British, About 70% of the main German firms have American capital invested,

FRANCE:

Because of financial interests and the decline of the franc , France is tied to U.S. economically. Also, with Pompidou as President, the situation has worsened. Pompidou is connected with the Rothschilds the world's largest gold and diamond dealers which are tied up with U.S. and South African capital

JAPAN:

Puppet force of U.S. imperialism in Asia; after last war the same situation as West Germany. ISRAEL:

The Zionist puppet state of U.S. imperialism.

SOUTH AFRICA:

After Great Britain, U.S. has the most investment in South African gold and diamonds, U.S. supplies arms to South Africa and then arms for her defense against the Black people, U.S. has refused to vote against South Africa in the United Nations, concerning her apartheid policy,

RHODESIA:

Closely linked with South Africa and together with Portugal hope to keep a block of imperialists in Africa to impede the struggle of Africans struggling for their liberation, Most of Rhodesia's aid comes from South Africa which in turn comes from the U.S.

GREECE:

The Communist Party became the strongest Party in Greece recently. The C.I.A. intervened and there was a coup. The C.I.A. then installed the Junta which is being kept in power by American

BELGIUM:

After Degaulle kicked out the NATO headquarters from France Belgium housed it, Most so-called international firms, e.g. Shell, have their European headquarters in Belgium. These firms are of course all American under one name or another.

PORTUGAL:

Portugal is a dictatorship. She controls and has colonized Angola and Mozambique for a number of years. The people of Angola and Mozambique have been waging a heroic struggle against the fascist Portuguese powers for sometime for their National Liberation, Portugal is able to stabilize her own economy because of the diamonds, gold and other natural resources of her colonies in Mozambique and Angola. Africa's pig police force is made up of the Secret Service pig coalition of South Africa, Rhodesia and Portugal. They have formed a coalition in order to preserve the racist capitalist rule of the Europeans in Africa.

NORWAY & DENMARK:

Members of NATO -- the world pig police force. The first NATO fleet is stationed in Norway, the chief C.I.A. operation for Northern Europe is conducted in Denmark, 50% of Danish and Norwegian firms are controlled by U.S. capital,

Reactionary Sato clique of Japan immediately stop the schemes to fabricate fascist evil laws

a nefarious plot to suppress and persecute the Korean citizens in Japan all the more villainously.

According to reports, the reactionary Sato government of Japan is scheming to place again such fascist bills as "immigration and emigration control bill" and "partially revised school education bill" on the agenda of the Japanese Diet which opened on February 14 with a view of enacting them into laws, As was already reported, these notorious fascist bills failed to get through the Diet owing to the strong protest and denunciation from broad public opinion last year.

The recent criminal moves of the Sato clique are an undisguised manifestation of an everintensified hostile policy of the reactionary government of Japan toward the Democratic People's Republic of Korea, and they are designed to launch the wholesale suppression against our 600,000 fellow countrymen in Japan and constitute an unpardonable challenge to the entire Korean and Japanese people and progressive public opinion the world over.

The entire Korean people resolutely protest against the criminal manoeuvres of the Sato clique for cooking up the fascist draconic laws and denounce them with surging national indignation,

As already known, the so-called trol bill" which the Japanese reactionaries are now trying to legalize in all haste is the most ignominious fascist evil bill. It is designed to trample underfoot and stamp out the democratic, national rights of the Korean citizens in Japan who account for 90 per cent of foreigners in Japan, under the plea of "exercising strict control" over the "activities of foreign residents," to bar the just activities of the Korean citizens in Japan for national unification, to deny them even the right to administrative litigation and deport them at any time. Under this bill, the officials in charge of immigration and emigration control are to be granted the judicial power to conduct investigations against will and violate the human rights at random.

This evil bill aims to ruthlessly restrain the Korean citizens in Japan of their fundamental human rights, their right to live and freedom in social activities and hand them over to the murderous Pak Jung Hi horde under the name of so-called "forced repatriation."

Also, it is no secret that the "partially revised school education bill" is intended to enact into law the "foreigners' school bill" for suppressing and obliterating the democratic, national education of the Korean citizens in Japan and impose the "Japanization of education," a type of the colonial enslavement education, upon their children.

Under the criminal "foreigner registration law" and "immigration and emigration control ordi-

It is generally known to the world that these ruthless scoundrels wrecked the return home operation for the Korean citizens in Japan half-way and are on the rampage to stamp out their democratic, national rights including the right to the freedom of travel to and from their homeland and the freedom of democratic, national education.

What kind of misfortunes and sufferings would be imposed on the entire Korean citizens in Japan when the "immigration and emigration control bill' and other criminal fascist evil bills of all hues rigged up by the reactionary Sato clique come into forceevery one knows well its result.

That the Japanese reactionaries are now trying to rush such evil bills through the Diet is no more than the most sinister, brazenfaced criminal moves to suppress the Korean citizens in Japan and stamp out their democratic, national rights and thus to join the U.S. imperialists more extensively in their machinations to "immigration and emigration con- provoke another war, to strengthen military, political tie-up with the Pak Jung Hi puppet clique for expanding their re-aggression in South Korea and to further hasten militarization and fascistization of Japan.

> Comrade Kim II Sung, the great Leader of the 40 million Korean people, taught:

> "The persecution and suppression being intensified every day by the Japanese authorities against the Korean citizens in Japan will only arouse still greater national indignation on the part of the entire Korean people, and this unjust act will be checked after all." (Kim Il Sung, Selected Works, Vol. IV, p. 580.)

The Sato clique must immediately stop the scheme to legalize such fascist evil bills as the "immigration and emigration control bill" and "partially revised school education bill" to fabricate the "foreigners" school law" and unconditionally and full guarantee various democratic, national rights of the Korean citizens in Japan.

Should the reactionary Sato clique of Japan persist in the cooking up of the fascist evil laws without paying heed to the just voice on the part of the Korean and Japanese peoples and world people, it will be held entirely responsible for the consequences arising therefrom.

U.N./REPORT

by: winston berry

Britain and the United States are just about to serve up here a warmed over version of their periodical production-the Southern Africa Follies, Lord Caradon, the British Ambassador to the UN has called for a Security Council meeting to consider what to do about the lan Smith racist rebels in Southern Rhodesia who have just proclaimed that British colony a "republic" on March 3.

The first showing of the Southern Africa Follies here was in November, 1965, following the unilateral declaration of independence by the white Rhodesian rebels. Pained and distraught, Lord Caradon pleaded for the application of selective economic sanctions against the runaway white colonists. If the United Nations would only invoke sanctions against trade in oil, tobacco, asbestos and chrome, Lord Caradon promised, echoing what Prime Minister Harold Wilson had to an assembly of Commonwealth Prime Ministers, the rebel regime would fall in a matter of weeks or, at most,

Then there was the time when a British naval picket had detected a tanker approaching a Portuguese port with oil for Rhodesia and Lord Caradon demanded and urgent meeting of the Security Council to meet this "crisis."

Meantime, correspondents, travelers and reports by the special committee of the Security Council acknowledged that the sanctions had failed; that the Smith regime had been able to reorganize its commercial relations so that Portugal and South Africa became its outlets to the outside world. This was pointed out by African delegations who called for extending sanctions to South Africa and Portugal with enforcement provisions. This drew from Lord Caradon a replay of a tearful plea for the British workers who would be unemployed if British trade with South Africa were suspended, Also, he appealed, there was the possibility of provoking a war.

When Smith and his rebels declared themselves beyond British law in November, 1965, British authorities, including lord Caradon called them "outlaws" and "traitors" and branded the rebellion and its regime illegal," But the Wilson Government immediately went into a series of conferences with the "outlaws" in which Smith and his followers told the British Government just where to go. Smith could do this because he had been assured by Britain from the beginning of his outlawry that Her Majesty's Government would not use force against British "kith and kin." So while the crushing of rebellions by Britain in Asia, Africa and the Caribbean area was fresh in the minds of many, Britain announced that nothing would be done against the 240,000 white rebels who had established themselves as the racist rulers of 4,500,000 black Africans.

The U.S. role in this shoddy piece of international racism is to use human rights rhetoric and appeals for being "practical" to support its ally. Africans, who being forcibly removed from their ancestral homelands, forced to carry passes, subjected to every indignity and degrading exploitation, are lectured by U.S. representatives on the niceties of international behaviour. This was as true of the late Ambassador Adlai Stevenson as it was of Ambassador Arthur Goldberg, and the current Ambassador Charles W. Yost.

About Rhodesia, and for that matter the whole of Southern Africa (South Africa and the Territories held by Portugal), there are only two possible solutions. There is no solution possible through United Nations resolutions. They have been tried for 25 years now and they have falled. The key to southern Africa is South Africa, and the key to South Africa is its four major trading partners—Britain, the U.S., West Germany and Japan,

S.F. GENERAL HOSPITAL

entire hospital is occupied by an army of police. They got regular police which they call security guards They got special police from Mission Station that work with FBI agents that are posing as hospital workers. Like they hassle people in the emergency room.

And prisoners, the doctors give them a shot to ease their pain, and it also messes with their mind, the police come in and interrogate them. There's no lawyer, nobody to protect them with their legal rights.

Like this Chicano was beaten up the other night by a police officer. They beat him to a pulp. They brought him to Mission Emergency and there he is with the handcuffs behind him sitting in the waiting room, and he asks the doctor please take them off, and the doctor checks with the police. And the police say, well, doctor, whatever you want -- it's up to you. They take off his handcuffs and instead of examining him or treating him, they just ask him what's wrong and he tells them he got beaten up and his arm is move the arm up.

temple.

Yes, and on his nose, and his eyes were red. On the slip, the doctor didn't write anything about this incident, nothing about the police at all, just that this man had complained about an old shoulder injury. That everything is O.K. Disposition: home, He wasn't looking at this man in terms of his

problems, just in terms of what the police wanted.

Where the prisoner is lucky enough to get into the hospital in the middle of the night, the doctor says, "we don't have any medicine to give you because the pharmacy is closed," and, like they never get the medicine. There were thirty deaths in the jail last year of people who didn't even get out to see the doctor. Lord knows how many deaths there were because there wasn't enough medicine or social workers.

A few days back a Mr. Foley was found lying in his cell unconscious. Apparently one of the guards at the prison gave him some insulin. Instead of giving him ten they must have given him fifty or more which put him into shock and he died. So that's not uncommong, they don't have doctors or any professional people at the jail, since they basically think of these people as subhuman, they don't have much concern. There's a guy got a broken jaw and they wouldn't get him a doctor. People don't get their medicine, There's just a host of things that are just criminal. They're supposed to be holding these people as criminals, but they're really the criminals, there's a different crime every day there. In the County Jail, they often put prisoners in the hole for asking for medical care.

aren't prisoners?

follow up, people just come in. and then they're out -- no feeling that we have a responsibility to them. The attitude is that they got themselves into this, and we're not going to do anything more than patch them up. So you have a drunk, and you can't do anything medically for him, so you throw him out in the street. If a doctor feels someone is uncooperative, he calls the security guard and throws him out in the street. They have a very mechanical way of dealing with people, and I don't dislocated and it really hurts him think that all the time it is their but all the doctor did was just fault. The working conditions are so oppressive, people working at He had this huge bruise on his such a fantastic pace, pressures on us all the time, that they can't begin to even try to improve their attitudes and their behavior.

> That's how the patients become our enemies, when conditions become so bad that every patient's need is a demanduponus, that we just can't fulfill. So the man who is controlling the purse string is really screwing the worker and

the patient together -- he's like putit out.

Q. If things are so bad, how come people haven't gotten together before now, what's kept them apart?

A. Their jobs, mainly, there was no understanding, no togetherness, no unity at all. They're scared that the man got the power to kick them off their job. Everyone was an island until lately, All it takes is a few people to get together and everypody gets the courage.

Q. Were people getting kicked off their jobs?

ployees. One of theguys that got bumped had been a temporary employee for five years. You're really only supposed to be temporary for ninety days, so they can check you over and see if you fall in line. After ninety days your supervisor can certify you for another ninety. If you're given a test -which doesn't often happen -then you can become permanent. If not, you're still temporary, And Ithink you know that temporary workers don't have any retirement, any vacation, any sick leave, or any bene-A lot of women employees are

temporary, and they just live from pay check to pay check. I got bumped around there by a permanent employee, but she just couldn't do the job, so I got my job back. But there are a lot Q. What about the patients who of people who don't, I got a fifteen minute notice, it was 4:30 and I get off at quarter to five Well, there's no commitment to and they told me not to come in the next day. A lot of temporaries are worried about that, they can't afford to lose their jobs. So civil service and the administrators have complete control over that hospital as long as they have complete control over people's jobs. And that's what the temporary staff exists for. And it wasn't until they got mad, mad at themselves and mad at the administration, that they spoke up and said something.

> The temporary category is something that may be more important to people than the need for higher salaries. One thing that everybody faces every day is the fact that the hospital is undersupplied and understaffed. There just aren't enough of us to do the work we have to do. And in some cases we are doing two or three people's work. They milk you for everything they can get out of you. They pay you the least they possibly can, And they've been getting away with that for years at the hospital.

PEOPLE DEMAND DECENT HOUSING

The Black Panther Party is an armed body for carrying out the political tasks of the revolution. We are in the educational phase of the People's struggle for liberation. And we realize that unless the people know that the racist power structure is waging an all out war against Black people, and how serious they are and to what extent they will take it. We know they won't be ready to make any changes . So the Black Panther Party has started another program designed to help the people and point out the contradictions. This program is called the Tenant's GrievanceCommittee. We help the people by showing them how to move on getting their house fixed up so that they are fit for living. We point out the fact that government allows unfit housing to exist in order to perpetuate one of its many forms of genodide. The government believes that because it has forced our people to live in conditions we live under.

The tenants of 1411 Clinton Ave, that they wouldn't press him for are not able to accept the fact that the repairs. But the people realize to live under these conditions. The first peaceful solution then is for the U.S. Britain, West Germany and Japan to put principles above profits. Lord Caradon has already given his reply to those who called for this solution with his teary concern for British unemployment. It is safe to assume that he spoke also for his allies.

The only other solution is the one being applied by the Africans themselves -- armed liberation struggles in each occupied territory. There is no middle ground between slavery and freedom anywhere in the world

On Tues., March 10, the San Francisco Examiner (racist rag) said Rogers was shot in retaliation for his efforts to head off a Black Panther Party demonstration. The article said Rogers talked at a Black Panther Party rally Saturday. The article went on to say that the Black Panther Party planned a demonstration to coincide with the funeral of the murdered brother. This is all a very good example of how the pigs always attempt to whitewash problems. Rogers and the rest of the pigs are the only ones who know anything about some demonstration planned on the day of the funeral. Also the Black Panther Party had no rally Saturday and Rogers has never been and will never be invited to speak at any Black Panther Party rally, In fact, Rogers and his fellow aids are trying to cover up the fact that Rogers effectiveness as an endorsed spokesman is over. Not because of the Black Panther Party but because Adam Rogers is a fool and thought he could ride roughshod over the community forever, because he was backed up

We, the sane people, must put this country in order so that the people of the world can have some peace and freedom from the great U.S. war machine. We pose these questions to the people, whom we love, because the fate of this country and possibly the world rest in their hands. The same vicious war has been unleashed upon the Black people of America because they are driving for total freedom in the heart of the Champion of Counterrevolution. The words used to justify the open genocide against Black Americans are the same words used to rationalize the U.S. fascists' refusal to tell the truth to the American masses. Their refusals are rationalized on the grounds of "threats to national security."

So if for no other reason than general information, the sleeping masses of American people should know that so-called U.S. advisors are running the Laotian army and U.S. aircraft are transporting puppet troops. U.S. Laotian bombers from Thailand and Okinawa are bombing the Ho Chi Minh Trail in Laos everyday. There are over one hundred flyers listed as lost over Laos. The discussions which took place in a cordial and friendly atmosphere were preceded by statements by James Chikerema, Vice President of ZAPU and Oliver Tambo, Acting President General of the ANC (SA) both of whom underlined the historic importance of the revolutionary ZAPU-ANC alliance in the struggle against colonial oppression and race tyranny in Southern Africa. The participants from both organizations were convinced that the above measures would further the consolidation and strengthening of the ZAPU/ANC alliance.

The joint meeting reaffirmed the necessity for broadening friendly relations and fraternal co-operation with the authentic legitimate revolutionary movements in Guinea Bissau, Mozambique, Angola and Zambia. To this end, efforts are to be made to bring about full co-operation on all matters of common intersts.

The joint meeting placed on record its deepest appreciation of the all-round assistance received by the two organizations from the OAU, the socialist countries, peace loving Asian countries and democratic organizations all over the world.

Workers And Funds Needed

The Black Panther Party is now in the process of developing an international staff for the international section of the Black Panther Party. We are in need of enthusiastic workers. We need people with skills in filing systems, typing, printing, shipping and receiving. We are also in need of people with language skills, people who can speak French and Arabic. We need people who can function on a diplomatic level in all languages, because at this stage in our struggle we see the need to develop diplomatic machinery for the American revolution.

We have to deal with the same things

that other diplomatic machinery have to deal with. The international section of the Black Panther Party is also in need of funds in which to be able to operate. All people wishing to send funds to support the international section of the Black Panther Party can send it to:

On Friday night, February 27, the police were called to the home of Mrs. Mary Green. She was supposedly having a party and the stereo was playing too loud. When the police arrived Mrs. Green answered the door. She was in her pajamas and the only other occupants were her 14 year old daughter and her 4 year old son.

The police questioned Mrs. Green and said a few nasty things. Angry words were passed between them and then the policeman struck Mrs. Green in the mouth. She hit him back and they began to struggle. The second policeman came in and the two of them knocked her down, causing lamps and tables to overturn.

While they were struggling Gail, the daughter, got a broom and was about to strike one of the policemen when he pushed her into the wall By this time they were practically on the porch and Gail noticed a club lying there. She picked it up but the officer took it from her and said that if she didn't go back into the house she would get the same thing.

The officers knocked Mrs. Green on the porch and hand-cuffed her. They proceeded to call the wagon and six additional squad cars. The policeman pushed Mrs Green when she started for the steps and again pushed her up against one of the cars which cause a large bruise on her upper arm. They then proceeded to shove her into the wagon and take her to the police station.

While at the station, she called her relatives and when they arrived, she told the desk sergeant what happened. She also told him that the "pig" hit her in the mouth. To this the sergeant replied, "I know he hit you, he told me he socked you in the mouth. He should have."

The next day at the hearing, officer Mehan, the one who struck Mrs. Green, denied everything. Mrs. Green had seven witnesses but still the judge believed the officer.

Mrs. Green was fined \$200.00 and 90 days in county prison for disturbance of the peace, and for striking an officer. Her penalty was later lessened to \$100.00 and court charges. The officer go away free

Huey would say, "a newspaper is the voice of a party, the voice of the Panther must be heard throughout the land."

The line dividing the progressive people from the machinery of oppression is ever widening as the people begin to realize that there can no longer be a middle of the road position with regards to freedom for the people of the world; however, it has only been within the past four years that the ameriKKKan people have shed their rose-colored glasses and patriotic blinders to face the reality of what their country was doing to the world's population. With the realization of the ameriKKKan role came the closer examination of all the things that had really never been questioned before....the 'ameriKKKan dream', the foreign policy, the treatment of minority peoples within this society, the real role of the 'police' and the press.

We found we as citizens of this country were being kept duped by the government and kept misinformed by the mass media.

In an effort to give the facts to the people, the so-called 'underground press' developed with various groups setting up newspapers and magazines with differing emphasis.

The Black Panther Party Black Community News Service was created to present factual, reliable information to the people.

The Black Panther Party has been organized to serve the needs of the people of the Black community and to educate and politicize the masses of Black people, but the Black Panther Party realizes that racism can only be eliminated by solidarity among oppressed people and the educating of all the people. Is the news and problems of Black and oppressed people in amerikkka that are dealth with in the Black Panther Party along with international news.

October 1966 Black Panther Party Platform and Program

What We Want What We Believe

Huey P. Newton Minister of Defense Black Panther Party

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing. fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

 We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people, should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

 We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man'r right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning rian" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.

Al Fath, does not intend to push the Jews into the sea

THE SUFFERING and frustration of the Palestinian people over the years gave rise to a new truly popular dynamic Palestinian Liberation Movement, This underground Movement expressed the people's belief that there can be no resolution other than through their own concerted efforts. The Movement was started in 1956 by young Palestinians during the temporary occupation of the Gaza Strip by Israeli forces.

The Movement is composed of two bodies - a political bureau known as "Al Fat'h", and "Al Assifa", her military wing.

"Al Fat'h" consists of all Palestinian elements and politicalinterest groups. It strives to mobilize and synthesize their potentials. All her members must be able to face military duty, and have genuine faith in the struggle for independence, no matter how long it may take. They must be willing to sacrifice their lives for their country's cause.

Members pass through strict periods of military training. They are given protection in three main

1. General membership protection. The members' rights and privileges, to voice their opinions, are guaranteed and can only be rescined by a high military court.

2. Political. The Movement takes personal care of all its members and, should need arises, provides lawyers to defend them in any court.

3. Economic Assistance, In case of imprisonment or death, "Al Fat'h" takes care of all the families and financial obligations of

The bulk of "Al Fat'h" funds come from Palestinian sources, while the rest are primarily from individuals throughout the Arab World.

The armed wing "Al Assifa" organizes guerrilla warfare against the occupying enemy in Palestine. Its first news communique was released on January 1st, 1965, since then, nearly 160 bulletins have been issued. Raids that cut Israeli communication lines, sabotaged their industries, and destroyed strategic military installations (from paramilitary kibbutzim, railway, to electric power plants) have all been reported by these news communiques.

The purpose of "Al Assifa" is to destroy the economic, military, social, and political structure of "Israel", as well as bring world attention to the right of the dispossessed, uprooted and displaced Palestinian people.

The basic strategy of the Move-

ment is:

I. There should be an awareness of the Palestinian Problem on the regional, national and international levels.

II. There should be an adoption of the following credos in the context of a revolutionary framework: a.) The commando as the nu-

cleus of the Liberation Movement; b,) The unification of efforts towards establishing a supporting

III It should be understood that the fight against Israel is waged on the grounds that Israel is an aggressive, expanding foe and that Israel is a confirmed tool of imperialism in the Middle East,

"Al Fat'h" has and will always insist that the military wing "Al Assifa", is not operating against any particular faith, Palestine has consisted for centuries of Arabs belonging to the Moslem, Christian, Jewish and other faiths. Harmony has always prevailed be-

tween these groups in Palestine. "Al Fat'h" does NOT intend to push the Jews into the sent its resistance and struggle remain solely against the milignant Zionist regime which has usurped, dliaged, expelled, and terrorized

shabhants, Israel has so far been the cause of persecution and aggression against over one and a half million refugees, It has left them to destitution and misery and until these refugees are back it should be understood that the Palwill sacrifice until estinians victory.
