

# STUDENT BOREDOM

Continued from page 12

the fact that the students themselves are not the primary beneficiaries of the program. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

In fact, the students themselves are not the primary beneficiaries of the program. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

What do you mean "lead off"? They mean that they are not asking the questions that would lead to a more active participation in the program. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

the fact that the students themselves are not the primary beneficiaries of the program. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

And in the past, what might have been done to increase student participation in the program? The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

# PEACE MOBILIZATION

Continued from page 12

There is nothing, and, of the same time, to show that support for the cause of the program is genuine. In the past, the fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

In other words, there are many ways in which the program can be improved. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

is a coordinated way. Instead of looking for a way to bring students and staff together, it is better to look for a way to bring students and staff together. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

I am sure there is a way to bring students and staff together. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

It is important to have a way to bring students and staff together. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

It is important to have a way to bring students and staff together. The fact that the students themselves are not the primary beneficiaries of the program is a serious obstacle for realizing the goal of increased student participation because they have been trained not to ask questions. As a result, they are not asking the questions that would lead to a more active participation in the program.

It is important to have a way to bring students and staff together.
