

Dear Friend of Peace:

You have said that you do not want war; that you want peace by peace means; that you want to do something about it. **GOOD!** Here are some practical suggestions of things that need doing at once.

#### I. PEACE ACTION EVERYWHERE NEEDS FINANCIAL SUPPORT

You gave us your name weeks, perhaps months, ago. If you have not heard from us before, it is simply because we did not have enough postage stamps. War appropriations of the government for this year of peace amount to a tax of \$8.00 on every man, woman, and child in the country. If you want peace, you can help in these small ways:

A. You can send us a book of twenty-five one-cent stamps. Postage is the life-blood of peace action. Even smaller amounts will help; ten stamps or even five will be welcome. We cannot keep in touch with you without a one-cent stamp for each letter.

B. If you are able to do more, you can send us a dollar or more to buy a Peace Bond. Every bond sold does four things: 1. It provides a year's subscription to **PEACE ACTION**, a monthly bulletin of peace to keep you up-to-date on the peace news of the world. 2. It gives you a chance to vote on five current peace issues of importance to be acted on by the present Congress. 3. It helps support the nation-wide program of the National Council for the Prevention of War - largest unendowed peace organization in the country, and in our belief the one with the most practical plans. 4. 40% of every bond goes to the support of the local peace movement in your community. **PEACE BONDS** are cheaper than **WAR BONDS!** If you know others in your community, your church, your school or club who might be interested, **BECOME A BOND SALESMAN**; complete information furnished on request.

#### II. PEACE ACTION NEEDS PERSONAL SUPPORT

~~Peace Action~~ tries to focus the peace sentiment of the nation on the 532 men and women in Congress who control our destinies. You can send telegrams and letters to your representatives at Washington on specific issues as they arise. **ENLIST FOR PEACE AGAINST WAR.** Other things you can do:

A. Send us the names of people of your acquaintance who would like to share in our program. Every name added to our list is a potential recruit. But remember, every new name means another postage stamp!

B. You can take a peace census of your community. This is one of our most necessary tasks. Ask us for details.

C. If you know three people willing to work, you can form a Peace Action Committee of your own. Advice and assistance gladly given. A Peace Action Handbook telling you how to do it - 25 cents.

#### III. PEACE ACTION NEEDS THE SUPPORT OF PUBLIC OPINION

In each issue of the **NEWS\*LETTER** we shall recommend one good book to read. This time it is **PEACE WITH HONOUR**, by A.A. Milne, Dutton, N. Y., \$2.00. This is a devastating attack on the war system because it is so completely logical and good-humored. Get it from your public library or form a reading circle to buy it and pass it around. You can also subscribe to **WORLD EVENTS** for only 25 cents; address Nofrontier News Service Wilton, Conn. The valuable **MONITOR NEWS** is presented Monday, Wednesday, and Friday at 1:45 P.M. over NBC network; listen to the **NEWS** over **WSYR** in Syracuse.

Dear Friend of Peace:

George Washington said, "My first wish is to see this plague to mankind (war) banished from the earth." You can patriotically help to realize this wish of the Father of our country by doing three things in this anniversary month.

1. Adequate neutrality legislation has met with almost insurmountable obstacles from advocates of the dangerous "freedom of the seas" doctrine, the powerful munitions lobby, and Administration neglect. Almost our only hope since the passage of the temporary resolution lies in Senator Nye's determination to fight for further legislation or strengthening amendments. **WRITE AT ONCE TO YOUR SENATORS** (in New York, Robert F. Wagner and Royal S. Copeland) asking them if they will support such action. Make it clear that you want them to cooperate with Senator Nye.

2. On February 10th, Senator Pittman, Chairman of the Foreign Relations Committee, made a speech on the floor of the Senate advocating that we build our Naval and Air forces to a point where we can cross the Pacific and fight a war against Japan for the protection of our commercial interests in China. Our trade with China in 1934 amounted to about \$96,000,000, and our trade with Japan in that year was more than three times as much. A more unprofitable and unpopular cause to die for could not be imagined.

In the light of the Senator's speech, it is increasingly evident what is meant by "adequate national defense". If the entire cost of paying for past wars is added to the estimated Army and Navy appropriations for 1937, one finds, according to Congressman Bierman, a grand total of over \$4,500,000,000 for war purposes. This astounding figure is wholly unknown to 99 out of 100 American taxpayers.

The colossal War Department Appropriation Bill of more than \$500,000,000 has already been rushed through the House. We must stop the passage of the Big Navy Bill for \$549,000,000, also an unprecedented peace-time expenditure. **WRITE A LETTER OF PROTEST TO YOUR SENATORS AND THE PRESIDENT.** Ask that this money be spent constructively for schools and housing.

3. The "Military Disaffection Bill", passed by the Senate without consideration or record vote and now on the calendar of the House, if passed into law, will deprive the press and the people of our country of their constitutional right to free speech. The suppression of liberty is always a forerunner of war. The minority report charges that the bill is unconstitutional, unnecessary, and "a brash piece of Hitleristic Fascism." Senator Tydings, who introduced the bill "as a courtesy" to the War and Navy Departments, has withdrawn his support. **WRITE YOUR CONGRESSMAN AT ONCE** asking his stand on this bill. Insist that he oppose its passage.

REMEMBER: Write a separate letter for each bill. Ask a question in each letter.

ALL WE ASK IS -

A few minutes of your time; three letters; three postage stamps.

IS THAT TOO MUCH FOR PEACE?

\*\*\*\*\*  
Thanks to all who responded to our first letter. Several bonds have been sold. More are available. One gift of stamps arrived just in time to mail an important group of peace letters to Washington. Every penny has been used for peace.

Syracuse readers will be interested to know that a Peace Library of over forty volumes has been established in the Y.M.C.A. Building on Montgomery Street just opposite the Public Library. "Peace With Honour", "Merchants of Death", "Cry Havoc!", and other outstanding books on war and peace are included. They can be obtained through Mr. Jones' Secretary without charge.

In the interest of economy and efficiency the News Letter hereafter will be distributed free only in Central New York. Readers outside this area who wish to receive it regularly will please send us a 25¢ book of stamps.

Dear Friend of Peace:

Mussolini says we are going to have war. What do YOU say? What will you DO?

#### PEACE ACTION

The machinery for Peace Action has been set up. It is for you to decide whether it will be effective. You no longer have the chance to say, with a hopeless gesture, "What can I do about it?"

The Syracuse Peace Council is organized and equipped to answer that question in practical and definite terms. Its list of sponsors and supporters already includes over twenty organizations and the names of fifty prominent citizens. Its Peace Bond Campaign is in full swing. It needs workers. Call the Chairman of the Committee, 2-4623, and say: "I want to help sell Bonds."

WHAT CAN I DO ABOUT IT? is no longer the question.  
WILL I DO ANYTHING? is the problem you face.

#### PEACE EDUCATION

##### DISCUSSION PROGRAMS

Wherever groups are meeting for discussion in schools, churches or clubs there is need for well planned material to stimulate thinking and make the task of the leader an easier one. HEADLINE BOOKS provide basic texts for the questions of the year - War, Dictatorship, Trade, Politics, the Far East, Preparedness. Study helps are provided free with 10 copies of any one of the HEADLINE BOOKS for \$2.00. Single copies 25¢. Address: Foreign Policy Association, 8 West 40th Street, New York City.

#### IN SYRACUSE

Mr. Frederick J. Libby, Executive Secretary of the National Council for the Prevention of War, spent Friday, March 20, in Syracuse, interviewing students and peace leaders. He spoke briefly over WFBL at noon, and addressed a meeting of the Peace Council in the afternoon. Mr. Libby defined the policy of the NCPW, ~~outlined the Peace Bond Campaign and told the thrilling stories of the effectiveness of Peace Action.~~ It was a day of inspiration and stimulation. He commended the Syracuse Council on its organization and plans, but urged prompt action in following up the foundation work already done.

Two copies of Oswald Garrison Villard's splendid article, "We Militarize", reprinted from the February Atlantic Monthly, are available at the Peace Library in the YMCA Building. Several copies of Harper's with timely articles on how America can stay out of future wars can also be obtained there. Consult Mr. Jones' Secretary.

Two great peace advocates will speak at the Civic Lenten Services in the Mizpah. Kagawa, Japanese Christian and exponent of consumers' Cooperatives, will be heard at noon on April 3rd, and John Haynes Holmes of the Community Church in New York City will talk at noon on April 1st and 2nd.

SPECIAL. We desperately need \$2.50 for an extension telephone to our work room. Who will help provide a telephone for peace? Public proclamation of thanks next time.

#### THREE QUESTIONS TO TEST THE DEPTH OF YOUR PEACE SENTIMENT:

1. Have you sent in your book of stamps? Many have. We need many more.
2. How many of the letters suggested in February have you written? Wishes are futile but letters count.
3. Have you bought or sold a Dollar Peace Bond? Better buy Peace Bonds now than War Bonds later.

FOR PEACE'S SAKE! At an exhibit in the Frederick Keppel Galleries in New York last fall the noted artist, Kerr Eby, war veteran, distributed an anti-war pamphlet which concluded, "I am a very profane man. I am not being profane now when I say: 'For Christ's sake, say or do what you can.'"

WARS ARE DIFFICULT TO STOP! THEY CAN BE PREVENTED! VOTERS MUST ACT NOW!

THE PEACE-NEWS-LETTER  
Syracuse, N. Y.

April 1936

Number 4

Dear Friend of Peace:

THE MEANS OF PEACE IS JUSTICE. William Penn.

Ask your representatives in Washington the answers to these questions. Think out your own answers. Our answers will be given in the May NEWS-LETTER.

ANNIVERSARY. This month marks the nineteenth anniversary of America's entrance into the War to end Wars. And we are now spending over a billion dollars a year for our Army and Navy! Why? (35)

COMPARATIVE COSTS. The total appropriation for the State Department, according to Secretary Hull, is but little more than 1/75 of the sum appropriated for national defense. Annual per capita costs: For friendly international relations, 12¢; for war, \$11.00. Why? \* NCPW. Press release 4/11/36 (yellow) (35)

BLOC. "If the people were organized into a bloc, demanding their right of peace, as other blocs have demanded their rights", says Congressman Koppelman (Conn.) "your Congress would think twice before it approved these billions for war programs too extensive for our own needs." This is just one of the functions of the Syracuse Peace Council. Are you actively helping? Why not? NCPW  
Peace Conference  
4/14/36

DESERVES SUPPORT. The Boileau Bill (H.R.19134) to establish a department of national defense combining the army, navy, and air forces in order to "limit the activities of the national defense establishments to defense purposes only." Why not? H. R. 19134  
1936

INEVITABLE? Frank E. Gannett, widely known editor and publisher: "The United States will become entangled in the next war, a war which is inevitable." Why? D. C. + 1936

HELP. Writes Congressman Louis Ludlow: "ANOTHER WAR THREATENS. The time to act is NOW. The adoption of my amendment (providing for a popular vote on a declaration of War and for taking the profit out of war) would do more than anything else that has been proposed to keep our boys out of foreign slaughter pens." Why not? See feed from  
Ludlow

HELLO. Hearty thanks to Mrs. W. H. Traub and Mrs. Lucy Holland for their contributions to the telephone fund. It's a life saver and we appreciate it every day.

DEDICATED BONUS. "To accept the bonus now, to be spent upon ourselves selfishly is to profit by the War, and war profits are blood money. To refuse to accept the bonus is to sit idly by and do nothing. The only alternative (for me) is to accept it and dedicate it to the cause of Peace. I dedicated my life once to end war and now I rededicate my bonus to the same high purpose." Luther Wesley Smith, First Baptist Church, Syracuse.

BOOKS. For study groups and individuals we recommend the excellent little pamphlet HIGHWAYS TO PEACE to be had for the asking from The Pennsylvania Committee, 1924 Chestnut Street, Philadelphia. Very valuable material.

PEACE WEEK. May is the month of re-dedication "that these honored dead shall not have died in vain." Why not plan a Peace Week or a Peace Day for your community? A postal will bring you complete plans of how it was successfully done in Canandaigua

COMING EVENTS. The nation-wide Emergency Peace Campaign opened in New York on April 21st. Syracuse is one of 300 cities cooperating in an all day program. Speakers will be Dr. Bernard Clausen, Rabbi Edward Israel, and Dr. George Lackland. Save the day, May 15th., and watch for announcements.

ASK YOURSELF. The need for stamps continues as great as ever but the stream has slackened. Why? Have you sent in your dollar for a Peace Bond yet? Why not?

LISTEN IN. WFBL (Syracuse) 10:30 P.M. Saturday, April 25, for news of peace.

Dear Friend of Peace:

"98% OF THE PEOPLE OF MY COUNTRY ARE ABSOLUTELY FRIENDLY TO AMERICA." Kagawa.

\*\*\* ANSWERS TO LAST MONTH'S QUESTIONS \*\*\*

ANNIVERSARY. Ques. Why, nineteen years after we entered the "War to end Wars", do we spend over ONE BILLION dollars for our Army and Navy? Ans. Because we still prefer profits to peace.

COSTS. Ques. Why do we spend \$11. per capita for "National Defense" and 12¢ per capita for the promotion of friendly international relations? Ans. Because we allow the "Merchants of Death", who profit from war preparations, to remain in power.

BOILEAU BILL. Ques. Why not save expense by combining Army, Navy and Air forces in one department of National Defense? Ans. Because the separate units want to perpetuate their own power and prestige.

INEVITABLE. Ques. Why will the United States become entangled in the next World War? Ans. Because no adequate laws exist to safeguard our neutrality.

REFERENDUM. Ques. Why don't we adopt the Ludlow Amendment for a popular vote before any war is declared? Ans. Because we put politics above peace.

BLOC. Ques. Why aren't YOU actively helping the S.P.C. to organize public opinion into an effective Peace Bloc? Ans. Because the average American citizen wants peace, but doesn't want it badly enough to DO anything about it.

\*\*\* IN SYRACUSE \*\*\*

The mockery of the 30,000 VETERANS OF FUTURE WARS in asking for pre-payment of a \$1,000 future war bonus is getting under the skin of the militarists. And yet, this is merely demanding that man power be paid for in advance, as we are now paying in advance for materials and preparations for war. There's a "post" in Syracuse!

The largest peace meeting ever held in Syracuse was the EMERGENCY PEACE CAMPAIGN on May 15. Over 1200 people attended one or more of the meetings. The splendid response to the appeal for more adequate financial support of peace during the last two months is very encouraging.

Next month we are to substitute for the P-N-L a sample copy of WORLD EVENTS, official organ of the E.P.C. Watch for it! Read it! Subscribe to it!

Recent additions to the PEACE LIBRARY include the anti-war play, "Bury the Dead", and three Headline Books: "War Tomorrow", "Dictatorship", "Made in U.S.A.". Remember: Free to borrowers, at the Y.M.C.A.

Thanks to the anonymous senders of STAMPS. Any way they come, they're welcome.

\*\*\* IN WASHINGTON \*\*\*

PREPARING. "Quietly, unobtrusively, without the fanfare that has accompanied its other acts, the Roosevelt Administration has been preparing for war.", from THE NATION, for April 8, 1936. Reprints of the complete article are available.

NYE COMMITTEE REPORTS. Peace efforts, and especially moves toward limiting armaments which would tend to reduce sales, have been "actively" obstructed and opposed by the munitions companies agents . . . Munitions companies "scare nations into continued frantic expenditure" on munitions by playing off one country against another and making each raise the other's ante, thus promoting a war spirit.

NAVAL SPEED. April 30 Naval Bill presented to House. May 1, Rushed thru House. May 4 Sent to Senate. May 5 Sub-committee ended hearings; refused to hear opposition. May 8 Bill rushed thru Senate. In Rome they call it Fascism; in Berlin, it's Naziism; in Washington, "it's just good politics". It is not too late for emphatic protest to the President against the methods used in passing this bill.

OPPORTUNITY. This campaign year offers an opportunity which must not be lost to make all party leaders, local as well as national, realize that the vital issue to the people is peace. A LETTER A DAY TO KEEP WAR AWAY!

Peace-News-Letter signing off 'till September.

Dear Friend of Peace:

*This is the person who writes for peace*

As you of course realize, there is no time when candidates for public office are so sensitive to public opinion as they are in the weeks just preceding a national election. The accompanying blue sheet makes simple, practical suggestions; by following them you share in a nation-wide movement which has accomplished much already toward registering the popular demand for peace on the minds of the political leaders. This impression will be greatly strengthened if, during the last days of the campaign, each candidate receives a large number of such communications.  
**IF YOU WANT PEACE, SAY SO! NOW!!!**

On the back of the blue sheet are the six planks of the Peace Policy on which all leading organizations are cooperating this season as a means of keeping AMERICA out of war. READ THEM; STUDY THEM; KEEP THEM FOR REFERENCE. You will hear more about them. In cooperation with the non-partisan political program of the N.C.P.W. AND other peace groups, the S. P. C. has given both candidates in this Congressional District an opportunity to express themselves on these six points. Mr. Hancock was interviewed by a

*These are the people who work for peace*

committee of representative citizens early in the month. While he is unwilling to commit himself to specific support of any of these, Mr. Hancock received our delegation courteously and listened attentively to our presentation of our point of view. This was our second such interview with Mr. Hancock and the committee feels that there is a distinct advance in his appreciation of the fact that peace advocates are sincere patriots. The committee recommends that we write him often and keep him informed of our views.

Mr. A.R.Perrin, the Democratic candidate, informs us that our questionnaire has been "referred to the committee". Evidently he does not feel free to make personal commitment on specific issues without consulting the party managers, although we assure him it was his personal position and not party policy in which we were interested.

ARMISTICE. If you live within driving distance of Syracuse, reserve Sunday evening, November eighth now for the big COMMUNITY PEACE MEETING to be held in the Mizpah Auditorium at 7:30. Splendid music; a fine speaker; and an opportunity for you to "count one for peace". Mr. Felix Greene, English peace worker, who spent the summer in Spain, will bring us a message from the heart of the European turmoil.

STUDY GROUPS. The Council is prepared to furnish competent leaders for study groups wherever there is sufficient demand. You could do nothing more important for the cause of peace this fall than to organize a group of a dozen persons in your neighborhood. We will help if you will give us a chance.

THANK YOU. We have been greatly heartened by the comments and contributions that have come in with the reply cards. This is our thank you to every one who has replied. But if you have not returned the card, won't you please do so now. It would help a lot. Surely you care enough about peace to drop a postal card in a mail box!

Dear friend of Peace:

EXPLANATION: We are genuinely sorry that the October Letter reached many of you too late to be of use before the election. Cause: an unfortunate breakdown in our volunteer service. Remedy: more volunteer workers, or more money, or both. Will you help?

ELECTION: The campaign is over. Although there was little or no realistic discussion of the subject, peace was recognized as a national issue. That is a distinct gain. The President said in his Madison Square Garden address on the eve of election: "I hate war!" - "I know that the American people hate war!" That is good as far as it goes. It is now up to the peacemakers of the country to see that his administration acts as if it hated war. Will you help?

## AFTER ARMISTICE

prominent Catholic peace leader to the city.

DISCUSSION GROUPS: Two lively study groups are now in progress; one in the Euclid Avenue neighborhood, the other at King Ferry. Both leaders are members of the University Faculty. Who will start the next?

E.P.C. SPEAKERS: Within the past six weeks four different men have presented the peace message to Syracuse audiences totaling nearly 6000 people. These have included high school and college students; workers, teachers, ministers; Protestant and Jewish groups. Plans are now under way to bring a

INCREASES: There are increasing evidences of the worth-whileness of our program; there are increasing opportunities for us to serve; but these demand ~~and are dependent upon increasing financial support.~~ Have you done your bit? MAKE A THANKSGIVING OFFERING now in confirmation of your Armistice Day resolve that "it shall not be again".

Some of you like to give for specific needs. That's easy! \$5.00 would pay a competent girl to revise and correct our mailing lists. This is a very real need. \$1.25 will pay the "re-connect" charge on our telephone. \$1.00 will add your name to the growing list of Flanders Field Fund donors.

ENROLLMENT: Our major emphasis this month is on the National Peace Enrollment - a card is enclosed - it explains itself. Read it carefully. There are three things to do:

1. Check either pledge, sign and return to us, or
2. Sign without checking and return to us, as an expression of continued interest (with a contribution if possible) or
3. Pass it on to an interested friend. Please do not waste the card. Remember we send the cards to E.P.C. You send them to us.

100% The percentage of return will be significant - How will you be counted? 100%

MORE THANKS: Reply cards have continued to come in a slow but fairly steady stream. At least two thirds of them bring contributions. To every one of you, sincere thanks for encouragement and support.

FAIR WARNING: If you do not get next month's PEACE-NEWS-LETTER you will know that in accordance with our policy announced in September, we are revising our mailing list to include only names of people who have, in some way, expressed renewed interest in the Council program. We regret the necessity for this but are compelled by mounting costs. It is not too late for you to send in a card, with or without a contribution. We shall try to continue to serve all who assure us of their interest. If we omit your name by mistake, please forgive and remind us of our error.

Syracuse Peace Council  
111 Concord Place

Dear Friend of Peace,

WELCOME. Many new names have come in this month through the Enrollment Cards. A considerable number of these have brought contributions. Whatever your pledge; whatever your contribution; welcome to the steadily growing ranks of those who are determined to "keep America out of War, and War out of the World".

DEMAND ACTION. Five and one-half of our Six Planks (blue sheet in October LETTER) were incorporated in substance in the Democratic Platform and are, therefore, subjects for inclusion in the President's legislative program for this winter.

THIS IS THE IMMEDIATE JOB

NEUTRALITY. The steps which led the United States into the last war will lead it into another unless it is protected by permanent mandatory neutrality legislation. The present neutrality law expires on May 1, 1937. A new law, filling in the gaps of the present one, must be enacted. The law must be mandatory and require embargoes against all belligerents. Since neutrality will be one of the first peace issues to arise in Congress, peace strategists urge the following:

1. Write the President; ask him what is being done to strengthen neutrality.
2. Write your congressman and senators; ask what they are going to do about it.
3. Ask ministers to preach on the last Sunday in December, appealing for Peace-Action by local citizens to strengthen neutrality. Help them "extend the Church's influence" by getting press notices of these sermons.
4. Write your friends everywhere to do these things.

ALONE YOU ARE ONLY ONE . . . . COOPERATE . . . . TELL US WHAT YOU ARE DOING

PEACHER PINCHED! The conviction of Arkansas town marshall Paul Peacher by a Federal Court, for "aiding and abetting in slavery" by arresting and holding 13 Negro sharecroppers in forced labor, is a distinct triumph for those who are concerned for the maintenance of our constitutional guarantees of freedom.

NEW BOOK. Those who follow the progress of the Rand strike will be interested to read Levinson's book "I Break Strikes", recently added to the Peace Library in ~~Mr. Tracey Jones's office in the YMCA.~~ It is the story of Pearl Bergoff, America's strikebreaker Number One, and his gangster cohorts. You are cordially invited to make use of this excellent collection of peace literature.

MOVIE NEWS. The name of Hearst Metrotone News has been changed to News of the Day - distributed by MGM - a new announcer has replaced Edwin C. Hill. It is understood, however, that Mr. Hearst's financial interest in the weekly film remains the same - merely a change in title and a deletion of the Hearst name in apparent response to public feeling.

Because expressions of disapproval have been pouring into the office of the Twentieth Century-Fox, plans for the production of the war-inciting Siege of the Alcazar has been abandoned - temporarily at least.

La Kermesse Heroique (Carnival in Flanders) - a thoroughly delightful piece of entertainment - reveals how a people who want no more war take matters into their own hands and turn a threatened invasion into a carnival. Ask your theatre manager when it will be shown.

Would you like to cooperate in a growing and effective movement to rid the films of their over emphasis of the glories of militarism? A postal card request will bring you the Bulletin on Current Films (from which these notes are taken) with frequent reviews and suggestions.

ADVANCE NOTICES. Watch the press for news of the International Relations Institute to be held in Syracuse the third week in January. Or telephone us.

Reserve Monday, February 8, 1937! E.P.C. Day in Syracuse! A carefully considered program to stimulate and enrich the peace mind of the community is now being worked out. Kirby Page will be the featured speaker.

CHRISTMAS GIFT. Christmas is the season of sharing and giving. Will you let it mean merely "a yard of tinsel ribbon bought and sold; a paper wreath; a day at home"? Or will you include in it some recognition of the Great Theme, "Peace on Earth, Good Will to Men"? In all your giving, give something for peace. An envelope is enclosed for your convenience!
