

Obstacles

How to Effectively Share the Gospel with the World

1. Myth: The Gospel is attractional.

Truth: Even the apostles' evangelism had great success and great opposition.

Reminder: Focus less on what other people think, and more on what God thinks.

2. Temptation: Speak for the Bible, apologize for it.

Truth: Our focus isn't on potentially flawed human philosophy or theology, but on the eternal truth of God's Word.

Application: Let the Bible speak for itself.

3. An unstoppable church speaks to the world, not just with it or against it.
