

Kings of Waterski

Water-Wall, Water-Wall, riders of the lake
When we're in town, shorelines quake
We don't attract wimps, 'cause we're too fast
Just true waterski believers—holdin' rope, cuttin' glass

They wanna slow us down, but they can't last
When we get up, we're gonna blast right past
Gonna keep on slicin', we always will
Other crews ride—Water-Wall kills!
Yeah, other crews ride—Water-Wall kills!

We like it hard, we like it sprayin' high
Big rooster tails reachin' for the sky
True waterski believers wanna cut, not pose
With sunburned faces and no fancy clothes

Water-Wall!

They wanna slow us down, but they can't last
When we get up, we're gonna blast right past
Gonna keep on slicin', we always will
Other crews ride—Water-Wall kills!
Yeah, other crews ride—Water-Wall kills!

We're the kings of waterski, crashin' through town
If you see our wakes, better nail that dock down!
Don't try to tell us we're too loud or too proud
There ain't no way we'll ever calm down!

They wanna slow us down, but they can't last
When we get up, we're gonna blast right past
Gonna keep on slicin', we always will
Other crews ride—Water-Wall kills!

We're the kings of waterski—we'll kick your ass!
We're the kings of waterski—making that splash!
Rooster tails high, man, the crowd it thrills—
Other crews ride—Water-Wall kills!

Comin' to town, we're gonna kick your ass!
We're the kings of waterski—Water-Wall kills!
Ridin' through town, leavin' nothin' still—
Other crews ride—Water-Wall kills!
