

Skiin' with Babymetal (Christmas by the Bay)

Verse 1

Well, the snow's fallin' heavy back in old Tennessee,
But down here by the water, it's Christmas on skis.
I got my cowboy hat and waterskee, my boots kicked away,
'Cause Su-metal's hollerin', "Clutch, let's ride this sleigh... on a wave!"

Chorus

We're waterskeeking with the girls from Babymetal,
Santa's laughin' loud from his red and shiny vessel.
Moa-metal's got the reins, Momo-metal's holdin' tight,
Su-metal's singin' carols in the frosty moonlight.
And Frosty the Snowman waves from the pier,
Sayin' "Merry Kurisumasu, minna-san, ski right here!"

Verse 2

The reindeer are restin', so Santa hitched his boat,
Pulled us 'cross the bay in his candy-cane float.
Jingle bells a-ringin' while the banjo plays,
We're dancin' on the water like it's Opry Day.

Chorus

We're waterskeeing with the girls from Babymetal,
Santa's ho-ho-ho sounds downright sentimental.
Moa-metal's spinnin' circles, Momo-metal's flyin' high,
Su-metal's got the crowd singin' "Silent Night."
And Frosty the Snowman tips his hat of snow,
Shoutin' "Yoroshiku Santa! Let the good times flow!"

(Country guitar solo)

Bridge

Lights on the shoreline, boots on the dock,
Babymetal yodelin' with a little country rock.
Santa strums guitar, reindeer clap along,
And we ski right into Christmas with a brand-new song.

Final Chorus

Yes, we're waterskeeing with the girls from Babymetal,
Cowboy boots, kimonos, and a warm tide's swell.
Santa's sleigh's a boat, Frosty's keepin' time,
It's a honky-tonk Christmas on the waterline.
Oh, Lordy, what a sight, this holiday cheer—
"Merry Kurisumasu" with Babymetal here!
