

Slalom of Danger

(Verse 1)

Revvin' up your inboard,
Listen to her howlin' roar,
Fiberglass and fury,
Beggin' you to cut once more
Spray off the sunrise,
Handle pullin' tight and clean,
You're carvin' through the course line,
Like a blade in gasoline.

(Chorus)

Highway to the Slawlum of Danger,
Ride into the Slawlum of Danger

(Verse 2)

Headin' into twilight,
Moonlight on the cypress vines,
She's wavin' from the shoreline,
Got that "meet me after" sign
IF, ...you know what I mean!

(Chorus)

Highway to the Slawlum of Danger,
I'll take you right into the Slawlum of Danger

(Bridge 1)

You'll never feel that fever rise,
'Til you're skippin' on the red line wake,
You'll never know what you can do,
'Til you see that gator shake

(Verse 3)

Out among the cattails,
Always where I burn to waterski,
The deeper down the swamp,
The hotter her eyes on me.

(Chorus)

Highway to the Slawlum of Danger,
Gonna take it right into the Slawlum of Danger.
Highway to the Slawlum of Danger,
Ride into the Slawlum of Danger

(Breakdown)

Crocs in the reeds and a shark in the bend,
Piranha below and a kiss from a friend,
Coach says, "Son, she'll wreck your game,"
But I can't resist her flame...

(Final Chorus)

Highway to the Slawlum of Danger,
Ride into the Slawlum of Danger,
Highway to the Slawlum of Danger,
We're goin' down the Slawlum of Danger!
