Who is SORSI?

Founded by Dr. M.B. DeJarnette, SORSI (Sacro Occipital Research Society International) is a membership-based non-profit 503-c organization whose primary purpose is to preserve and promote Chiropractic, specifically SOT® methods (Sacro Occipital Technic™) and Craniopathy™, as founded by Dr. M. B. DeJarnette, as methods of Chiropractic.

We provide opportunities for the chiropractic community to be trained and certified in these methods by hosting live and online seminars and webinars to the community. In addition, we promote scientific research in DeJarnette SOT® and Craniopathy™ and disseminate this information through our events, products and services.

It is our intent to create an international family of successful SOT® Chiropractic practitioners.

Why be a member of SORSI?

SORSI is the leading organization for providing certified training of SOT® to the chiropractic community. SORSI was founded by Dr. DrJarnette and we have been promoting and teaching SOT® Methods and its related disciplines since 1957. SORSI is comprised of the most experienced and successful SOT® Practitioners worldwide.

YOUR SORSI MEMBERSHIP IS YOUR PRIMARY SOURCE FOR:

SOT® Continuing Education:

SORSI promotes quality educational programs for its members by conducting a yearly series of SOT® Methods and CRANIAL seminars and webinars held in various regions of the United States as well as online.

Practitioner Certification and Testing:

SORSI Examinations in Basic and Advanced Proficiency in SOT® Methods are held twice a year, as is the Certified CRANIOPATH Examination. This examination series encourages SORSI members to strive for excellence in clinical practice.

Clinical Research:

SORSI retains a large library of original research and practice methods by Dr. DeJarnette. Additionally, members are given the opportunity to present their own clinical procedures to other members through an annual research conference, through publication in the SORSI E-Newsletter and by publishing in chiropractic journals.

Publications:

Accepted Research Papers are available to members at cost. SORSI also publishes and makes available all De Jarnette-endorsed SOT® Methods material.

Your Membership Includes:

- **Special Members Only Discounts to Live and Online Events**
