We've created a safari that is as unique as this wondrous land—join us!

Experience the untamed beauty of Botswana as few travelers ever do, on a mobile camping safari that brings you from Moremi Game Reserve, with its abundant wildlife, to the emerald lagoons of the Okavango Delta and the golden savannas of Chobe National Park. This is the way to truly experience Botswana, out where the wildlife is, and far from the crowds.

Why a mobile safari at the heart of our journey? You will have a real experience of Africa in our Hemingway-style camps, enjoying wonderful comfort and the thrill of being out in the wilderness. Your safari guide and crew are with you throughout the adventure, a wonderful connection that is the highlight of the trip for many. Our camps are truly mobile, set up in the perfect location to give you the best access to the wildlife, and our game drives bring you right into the action, not along dusty access roads back and forth to busy lodges. At night you'll enjoy the crackling campfire with your safari team, gazing up to a canopy of sparkling stars and listening to the distant roars of the wild. This is pure safari magic, and we look forward to sharing it with you.

What Makes WT's Botswana Safari Special?

TRAVEL WITH SAFARI EXPERTS

Let us share our decades of experience with you. We have honed this itinerary to perfection, creating a safari with great variety and ideal pacing in Botswana's most amazing habitats.

MOBILE CAMPS GET YOU CLOSE TO THE WILDLIFE

Your private safari camps, set up for our groups alone, put you in the prime spot for phenomenal game viewing and direct access to pristine sections of the parks. You'll enjoy three wonderfully different locations, but always with the same great Trip Leader and crew, making for a much more meaningful experience.

BOUTIQUE LODGES IN THE OKAVANGO DELTA

We pair your mobile camping with two nights at an exclusive lodge deep in the Okavango Delta, with active options like a walking safari and exploring by *mokoro* (canoe).

SMALL GROUPS, EXPERT TRIP LEADER, GREAT CAMARADERIE

We keep our groups small (maximum 10), and our expert Trip Leader and naturalist guide are with you for your entire safari (no handing you off to different guides from lodge to lodge). At our mobile camps, the staff-to-guest ratio is 1:1. The camaraderie and fun on these safaris is legendary.

CUSTOM-BUILT VEHICLES WITH GUARANTEED WINDOW SEATS

Our comfortable 4WD vehicles (maximum 5 guests to a vehicle) allow you to get off road and follow game closely. Everyone has a window seat and a roof hatch for 360-degree views and great photos.

TREMENDOUS VARIETY OF ACTIVITIES

The game drives are epic, but we have even more in store for you: guided bush walks, private riverboat and canoe journeys, and two charter flights that eliminate long drives and give you a bird's-eye view of the landscape you've been exploring.

EXPERIENCE BOTSWANA'S PRIME PARKS

Our safari is comprehensive, bringing you the diverse landscapes of the Okavango Delta, a World Heritage Site, exquisite Moremi Game Reserve, and Chobe National Park, with its massive elephant herds.

A LIGHT FOOTPRINT

Our mobile camps have one of the lightest possible environmental footprints in the African wilderness—when we break camp to head to a new destination, no trace of our presence is left behind. Our selected lodges also have a deep commitment to the highest environmental standards.

Game viewing by 4WD vehicle, boat, and mokoro (canoe)

Botswana's diverse ecosystems are astounding, from magnificent Chobe National Park, sheltering the world's largest elephant herds, to the wildlife paradise of the Okavango Delta, an exquisite wetland surrounded by the great Kalahari thirlands. Our Botswana: Okavango Explorer is designed with extra time in the Okavango, exploring the papyrus-lined waterways of its farthest reaches during the best season for wildlife in the delta. On this special safari, we overnight at a special lightweight camp for a true experience of the bush, and also have terrific game viewing on the teeming grasslands of Chobe. We track game by 4WD vehicle, riverboat, and—a Botswana specialty—mokoro (dugout canoe), all in a breathtaking mix of Botswana's most beautiful environments. No one else gets you this close to the action—and in such comfort!

DAY 1 MAUN, BOTSWANA

Upon midday arrival in the town of Maun, Botswana, trip members on the recommended flight are met at the airport and transferred to Thamo Telele. Set on a game farm outside Maun, the lodge's classic yet simple chalet-type tent accommodations offer a wonderful welcome to Botswana and a delightful opportunity to slip into the world of safari. The remainder of the day is free to rest, explore the grounds, and recover from jet lag. We gather for our group orientation and Welcome Dinner in the evening...D

DAYS 2-4 MOREMI GAME RESERVE: XAKANAXA

We enjoy an all-day game drive to Moremi Game Reserve, the protected portion of the Okavango Delta ecosystem. Located in the northeast corner of the delta, Moremi is an ornithologist's paradise, with almost every species of central-southern African bird, including bee-eaters, darters, colorful kingfishers, and a variety of waterfowl. We may also spot wildlife like tsessebe and Burchell's zebra, along with ostrich and predators such as lion, wild dog, and spotted hyena. The mopane tree is one of the most widespread in southern Africa, its butterfly-shaped leaves and seeds offering a crucial source of protein for

wildlife. Elephants are particularly partial to mopane leaves. This is the first national park in southern Africa to have been created and administered by an African tribe living on their own land, the BaTswana.

Our campsite is at Xakanaxa, on the tip of a mopane "tongue" jutting into the delta: a beautiful setting of secret pools, tall forest, and open grassland. This mix of ecological niches ensures a good variety of birds and game, and we explore by 4WD vehicle and boat. Our campsite is ours alone (though we are sometimes joined by hippos that come out at night to feed on the grass near our tents!), and the enchanting sound of bell frogs serenades us to sleep. Overnights are in our private mobile camp, offering an authentic experience of the African bush that no safari lodge or permanent tented camp can offer...BLD each day

"We had a fantastic trip. It was our first trip to Africa and when people ask what we saw in terms of wildlife, we tell them to ask us what we didn't see. The trip was so much more than we imagined."

Jim and Carol B., Kensington, MD

DAYS 5-7 OKAVANGO DELTA EXPLORATION

The 800-mile-long Okavango is "the river that never finds the sea," disappearing into a remarkable maze of lagoons, channels, and islands to create the Okavango Delta. The rainwaters that fill this fantastic marsh take six months to reach the delta from their source in the Angola highlands. We explore by mokoro (a

dugout canoe navigated by a skilled poler), floating peacefully through a labyrinth of creeks, islands, green walls of papyrus, and flooded meadows, where there are no man-made sights or sounds. Gliding along these waterways, we search for an amazing variety of wildlife: crocodile, hippo, white necked otter, lechwe (a semi-aquatic antelope), sitatunga, topi, and hundreds of different birds.

We have an early morning breakfast on Day 5, then head out by motorboat to journey up the Maunachira River, enjoying lunch en route. After an afternoon walk, we arrive at our camp on the edge of the river. The boundary between land and water is constantly changing here in this floodplain, and the islands of the Okavango are cyclically exposed or covered at different times of the year. We spend the night in a special lightweight camp that is a bit more basic but gives us fantastic access to this remote landscape and its wildlife.

On Day 6, we arrive at Xugana Lodge (or Camp Okavango), where we spend two nights. These deluxe lodges feature comfortable en suite chalets and a beautiful bar and dining area overlooking the Xugana Lagoon. Both are the perfect base for exploring the Okavango on foot and by motorboat and mokoro. The emphasis here is on birdlife and exploring

this quintessential delta setting. During our mokoro and walking excursions, we should see bushbuck, a plethora of birds, lechwe, and perhaps even buffalo, elephant, and the shy sitatunga, another antelope adapted to this watery realm... BLD each day

DAYS 8-9 MOREMI GAME RESERVE: KHWAI RIVER FLOODPLAIN

From Xugana, we leave the water side of the delta behind, and fly by charter aircraft to Moremi for two more days of wildlife exploration along the lovely Khwai River floodplain. Our exclusive mobile camp is set along the Khwai River where the northern tributary of the Okavango River disappears into the sand. By June, when all the rain-filled pans dry up, wildlife is attracted to this area in ever-greater numbers. Overnights at our exclusive mobile camp...BLD each day

DAYS 10-11 CHOBE NATIONAL PARK: SAVUTI CHANNEL

We leave the Okavango ecosystem and make the long drive to the southern section of Chobe National Park, where we explore the Savuti River area, a landscape of mopane woodland that's filled with game. The Savuti Channel itself dried up in 1980, but its marsh is now a vast grassland attracting

"Trip of a lifetime, with many memories. Our guides added a wonderful perspective of growing up in Africa, tribe life, customs, history."

Nancy K., Granite Bay, CA

migrating herds of herbivores. This is one of the best places to find lion, leopard, and other predators and their prey—large herds of giraffe, kudu, vervet monkey, and baboon. Our mobile camp—for our group alone—is set along the banks of the dry Savuti Channel, but near a permanent waterhole that features excellent game viewing...BLD each day

DAYS 12-13 CHOBE NATIONAL PARK: SERONDELLA

We move on to the Serondella area, in the northeast portion of Chobe National Park, famous for its elephant population numbering in the tens of thousands. The elephants here are active and vocal, shaking their heads in mock charges and sparring with each other. We take game drives among the large herds of elephant, buffalo, zebra, and wildebeest. Serondella is also home to the Chobe bushbuck and puku, two of the more rare species of antelope found in Botswana. While here we take an afternoon river cruise on the Chobe River to view animals as they come down to drink before sunset. The light at this time of day is incredible! Camping overnights...BLD each day

DAY 14 DEPART

Transfer to the airport in Kasane and depart on homeward-bound flights, or extend your stay at Victoria Falls, one of the world's most magnificent natural wonders. We heartily recommend you book an overnight or more at this World Heritage Site so you can enjoy the many optional activities offered, from a relaxing sunset cruise on the Zambezi or the sightseeing "flight of the angels" over the falls. WT is happy to make reservations for your extra nights (an "on your own" expense)...B

Boutique Lodges & A Remote Bush Camp

EXCLUSIVE AND WILDLY COMFORTABLE

MAUN & OKAVANGO LODGES

Thamo Telele (Day 1), set on a game farm outside Maun, features seven spacious, furnished tents on raised decks, complete with en suite facilities—a stylish bath and open-air shower. The lodge's main thatched building opens onto a large tree-shaded deck and features a bar, lounge, dining room, and a small swimming pool.

On Days 6 & 7 in the World Heritage Site of the Okavango Delta, we will stay at one of the following lodges. Each have been chosen for their stunning location, wonderful service, and great access to the wide range of activities in this extraordinary ecosystem.

Xugana Island Lodge is set on a private concession in the most dramatic setting of this great waterland. Eight lovely thatch-roofed chalets face the lagoon, each with their own private deck and en suite facilities. The bar and open-air dining area overlook the private lagoon. **Camp Okavango** is set on remote Nxaragha Island and has 11 guest suites with private decks and great views over the waterways of the delta. The lower deck features two fire pits for evening enjoyment, and there is an infinity-edge swimming pool. At both lodges, you'll have quick access to our safari activities on foot, by *mokoro* and motorboat, all fantastic ways to explore the exquisite beauty of the Okavango Delta.

INTO THE WILD: BUSH CAMP

For this seasonal journey, we'll have a special overnight on Day 5 at our unique Bush Camp, set up for our group alone on a private island. This is exclusive Africa and a highlight for many—it is only accessed by boat! We bring as much comfort along as we can: the dome tents have cots with thick foam sleeping pads, a duvet, sheets, and pillows. There is a shared toilet tent and a shared shower tent. We enjoy our meals sitting in camp chairs around the fire, as this lightweight camp has no dining tent, and can enjoy a nightcap beneath a billion dazzling stars.

Life on Safari

Each day on safari unfolds in its own unique way—this is what makes the experience so wonderfully alive. Our schedule is planned around the optimum times for seeing and photographing the wildlife, and we keep things flexible to make the most of any special opportunities that come along—that’s the beauty of being on a small group safari. We’ll let nature make the final call!

5:30 AM

Wake-up call is early—but it is worth it, as morning is when the animals are very active. Savor a fresh-brewed cup of coffee or tea and continental breakfast, then we’ll head out on our morning wildlife drive or walk, with refreshments served midway, and cozy blankets in the vehicles if the morning is chilly.

11:00 AM

We’re welcomed back to camp for lunch and time to relax, read, or watch wildlife activity at the local waterhole.

3:30 PM

After a mid-afternoon snack, we head out for afternoon game viewing. Our

Trip Leader and game spotters are phenomenal in their ability to track wildlife.

SUNSET

Indulging in a wonderful safari tradition, we’ll pause in our game viewing to enjoy a “sundowner” cocktail at a scenic spot and watch the setting sun fill the sky with color.

7:30 PM

Back in camp, we freshen up, then gather to savor dinner and stories. Take a seat by the campfire for a nightcap below the star-filled African sky, then head to your tent to drift to sleep to the sounds of the night.

Our Guides

MAKE ALL THE DIFFERENCE

Trip Leaders with passion and deep knowledge of their destination make all the difference to your experience. Our leaders are skilled professionals, and they are also incredibly warm people who run on endless energy and genuine excitement for welcoming you. They have that special “it” factor that transforms a trip into an unforgettable journey. Our naturalist Trip Leader and his Assistant Trip Leader are with you throughout the journey.

ANTHONY MONNAALETSATSI

Anthony was born in the Okavango Delta and began his outdoor education early on, learning all that he could about the wildlife and nature around the delta from his parents. He went to school in Maun and became a driver at the Crocodile Camp, later enrolling in the Botswana Wildlife Training Institute. After receiving his professional guiding license, he began working as a guide in 2000 and worked for two different safari companies before joining the Wilderness Travel team in 2014. Outside of guiding, he enjoys traveling and has been to Germany, Italy, Romania, and all over Southern Africa. He's also a father and a farmer, and is frequently challenged by the delicate balance between protecting wildlife and protecting his crops, both things he greatly values.

DANIEL SECHI

Daniel was born in Lobatse, Southern Botswana, and as a youth, heard many stories about the bush from his father, a well-respected tracker. His first introduction to the wilds of Botswana began when he joined a wildlife club in primary school, and he finished high school in the Ghanzi district, right next to the Khutsi/Central Kalahari game reserve. After finishing school, Daniel applied for a position at the Botswana Department of Wildlife and National Parks and was immediately given a post as a game ranger in Chobe National Park where he worked from 1999 to 2005. He also worked in the anti-poaching unit during his time there. Daniel earned his Professional Guide License in 2008 and started guiding at a lodge in the Northern Okavango, but quickly moved on to the more demanding but rewarding mobile safari sector. His passion is the bush but his love is for family—he is a father of four and also cares for his sister's children.

EZEKIEL DITSHAMEKO

Born in a village on the edge of the Okavango panhandle, Ezi's love of the outdoors began at a very young age. After graduating business school and working as a Botswana police officer for several years, he returned to the bush and became a safari guide working for a lodge on the Linyanti river in northern Botswana before finding his passion for mobile safari guiding and joining our team. With 25 years of experience as a safari guide, Ezi considers the wild areas of Botswana his backyard. His huge smile and deep laugh are very infectious—his deep voice has earned him the nickname Kgosi (Chief) among the crew!

OUR AMAZING CAMP STAFF

One of the key differences between our mobile safari and a lodge-based alternative is the incredible camp crew that remains with you from start to finish. You will get to know our crew as they welcome you like family, learn how you like your coffee in the morning, and share laughs and stories of wildlife encounters around the campfire at day's end.

There is much to see, from Table Mountain to the famous botanical gardens at Kirstenbosch, where 10,000 species are cultivated on 1,000 acres. Close by is Stellenbosch and Franschhoek wine country and the Cape Point Nature Reserve, where the African continent ends.

The itinerary can be customized as needed, please call for details.

4 days. From \$1,995.

AMONG THE ELEPHANTS AND RHINOS EXTENSION

Magnificent Hwange National Park, one of the largest national parks in Africa, is home to some 40,000 elephants along with lion, hippo, cheetah, and more. You'll also have the unique opportunity to visit two white rhinos at the Ngamo Rhino Sanctuary in Hwange—these are the first white rhinos to be reintroduced in this part of Zimbabwe. Enjoy game drives with the flexibility to get out and walk, lantern-lit dinners in the bush, a ride on a vintage railway car, and a walk to school with the local kids (you'll even learn a few words of their click language). *4 days. VICTORIA FALLS EXTENSION

Victoria Falls, or Mosi-oa-Tunya, "the smoke that thunders," is one of Africa's most famous sights. Here the mile-wide Zambezi River drops 300 feet into a sheer chasm to create a spectacular thundering cascade. Above the falls, the river is placid, with palm-fringed islands and rainforested banks. In 1860, Scottish missionary and explorer David Livingstone was the first Westerner to report the existence of this mile-wide cascade, and he named this magnificent wonder for his queen. Since then, it has attracted visitors from around the world. The Zambezi River marks the border between Zambia and Zimbabwe, and visitors can walk across a bridge to view the falls from both countries. *3 days. From \$1,545.*

What to Expect

WHAT THE TRIP IS LIKE

This trip is rated Level 2, Easy to Moderate. It is a vehicle-based camping safari, with nine nights in our mobile private camps (with one night in a simple lightweight camp). It will be enjoyed by anyone in reasonably good health. Although the trip is not rigorous, it does involve some long driving days over rough roads and game tracks. Any African safari is an adventure, and the traveler to Africa should bring along flexibility, a sense of humor, curiosity about new peoples and places, and an openness to the unexpected.

Our mobile tented camping safaris in Botswana provide a true bush experience without sacrificing comfort. Our comfortable walk-in tents feature cozy beds, linens, tent lamps, and have en suite bathrooms with a toilet, mirror, sink, and hot water shower. Our crew sets up camp and prepares all meals. Delicious food is served in a comfortable dining tent. You'll find camping delightful and very comfortable, and you will appreciate how close to nature you feel, away from the lights and distractions of the lodges.

We spend one overnight (Day 5) in a simple lightweight camp that allows us access to very remote areas. The camp consists of dome tents in which it is (just) possible to stand. The

tents have bedrolls, thick foam sleeping pads, duvet, sheets, and pillows. There is a shared toilet tent. We enjoy our meals sitting around the fire as this lightweight camp has no dining tent.

We travel by Toyota 4WD Land Cruiser “go-anywhere” safari vehicles equipped with a refrigerator for cold drinks and a reference library on flora, fauna, and avifauna. They carry five trip members per vehicle, with guaranteed window seating.

During drives and walks, we can at times get quite close to wild animals. Being very quiet improves everybody's chances of observation. In the interest of safety, your Trip Leader explains limitations on movement while on game drives, in the safari vehicles, and around camp. Incidents with wild animals are extremely rare on safaris, but no trip can guarantee immunity from such incidents. Wilderness Travel is not to be held responsible for incidents involving the behavior of wildlife.

WEATHER

This trip is scheduled for optimal game viewing conditions in the Okavango Delta. The best game viewing period is during the “dry” season, which runs from late March to October.

Average Daily Max/Min °F												
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

Maun	4.4	4.1	2.4	1.0	0.2	0.0	0.0	0.0	0.2	0.7	1.9	3.4
Victoria Falls	6.7	5.5	3.0	0.8	0.1	0.0	0.0	0.0	0.0	0.8	2.5	6.4

Because of the minimal rainfall during this season, the bush turns golden brown and in many areas is beaten flat, so game viewing is easier and animals concentrate around major water sources. The Okavango Delta's water level starts to rise during these months.

October to April can be very hot, with most of the rainfall between December and February. This season characteristically has hot sunny days with afternoon thundershowers. This season is excellent for the viewing of newborn mammals, summer flowers, and the migration of rare birds. Predator viewing during this time remains quite good.

CHOOSING THE RIGHT TRIP

We work hard to help you choose the right trip for you, paying attention to your individual interests, abilities, and needs. If you have questions about the level of comfort or any of the activities described in this itinerary, please call Wilderness Travel at 1-800-368-2794 and ask for the Africa Manager or email us at africa@wildernesstravel.com.

A Safari For Every Season

In addition to our *Botswana: Okavango Explorer*, we've created two other special departures that explore this wondrous region. Explore all of our Botswana trips at www.wildernesstravel.com/africa/botswana

BOTSWANA WILDLIFE SAFARI

A mobile safari is the only way to truly experience the wonders of Botswana. This is our classic Botswana Safari, where we'll enjoy a staggering abundance of wildlife as we track game by 4WD vehicle, riverboat, and, a Botswana specialty, by mokoro (canoe). Our unique mobile camps get you up close to the wildlife and away from the crowded lodges, as you explore with your expert guide from Moremi Game Reserve and the exquisite Okavango Delta, to vast Chobe National Park and the amazing spectacle of Victoria Falls.

"Trip of a lifetime, with many memories. Our guides added a wonderful perspective of growing up in Africa, tribal life, customs, and history."

KALAHARI DESERT SAFARI: BOTSWANA'S ZEBRA MIGRATION

Botswana's famed Kalahari Desert holds some of the largest natural salt pans on the planet—some so large they're even visible from space. Most of the year, the pans are a dry savanna studded with thorn trees. But for a few weeks following the rainy season, the entire landscape transforms into a sea of fresh-sprouted grass, acacia-dotted islands, and rain-fed waterholes. A host of wildlife is attracted to this seasonal feast, including tens of thousands of zebra. The zebra walk more than 150 miles from the Chobe River to reach the Kalahari's Nxai Pans and Makgadikgadi Pans—making the longest documented land-mammal migration in southern Africa. We've crafted a WT-style mobile-camping safari to witness this epic migration and we'll also find the zebras' predators, including lion, hyena, and cheetah, and species not found elsewhere in Botswana, including springbok and gemsbok. We even have a special opportunity to see meerkats as they emerge from their burrows to scan the horizon and begin foraging for the day. Our private Hemingway-style mobile camps are set up for our groups alone, and we've included a night in a special "sleep out" camp with open-air beds under the African sky. Our camps provide solitude and comfort in the wild, great meals, and custom-built 4WD vehicles for exploration. The wide-open plains of the salt pans make for incredible game viewing, and at night, the sky above is a symphony of stars. Join us for a fascinating wildlife adventure!

Please be advised that California has established a Travel Consumer Restitution Fund under the California Seller of Travel Law that took effect January 1, 1996. This fund is designed to protect consumers from unscrupulous practices by discount airfare ticket sellers or air charter operators. Unfortunately, this law does not cover non-California residents and, even in the case of California residents, it does not cover any foreign travel where the foreign "providers of transportation or travel services" are not in compliance with the Sellers of Travel Law (compliance being defined as registered as a Seller of Travel in California and a participant in the Travel Consumer Restitution Fund). Thus none of Wilderness Travel's tours qualify and we are required by law to advise each client that they are not covered by the California Travel Consumer Restitution Fund. California law requires sellers of travel to maintain a trust account or bond. This business has a trust account. California Seller of Travel #100769640
