Botswana: A World Apart

We've created a safari that is as unique as this wondrous land! Experience the untamed beauty of Botswana as few travelers ever do, on a mobile camping safari that brings you from Moremi Game Reserve, with its abundant wildlife, to the emerald lagoons of the Okavango Delta and the golden savannas of Chobe National Park. This is the way to truly experience Botswana, far from the crowds.

Why is a mobile safari the best way to go? You will have a real experience of Africa in our Hemingway-style camps, enjoying wonderful comfort and the thrill of being out in the wilderness. Your safari guide and crew move with you throughout the adventure, bringing a deep cultural connection that becomes the highlight for many. Our camps are truly mobile, set up by your crew in the perfect spot that gets you close to where the wildlife is, and our game drives bring you right into the action, not along dusty access roads back and forth to busy lodges. At night you'll enjoy the crackling campfire beneath a canopy of sparkling stars, listening to the distant roars of the wild. This is the way safari is supposed to be. It is pure magic, and we look forward to sharing it with you.

What Makes WT's Botswana Safari Special?

TRAVEL WITH SAFARI EXPERTS

Let us share our decades of experience with you. We have honed this itinerary to perfection, creating a safari with great variety and ideal pacing in Botswana's most amazing habitats.

MOBILE CAMPS GET YOU CLOSE TO THE WILDLIFE

Your private safari camps, set up for our groups alone, put you in the prime spot for phenomenal game viewing and direct access to pristine sections of the parks. You'll enjoy three wonderfully different locations, but always with the same great Trip Leader and crew, making for a much more meaningful experience.

BOUTIQUE LODGES AND A HISTORIC HOTEL—THE PERFECT BALANCE

We pair your mobile camping with two nights at an exclusive lodge deep in the Okavango Delta, and cap off your adventure with a night at the historic Victoria Falls Hotel, adjacent to the magnificent falls.

SMALL GROUPS, EXPERT TRIP LEADER, GREAT CAMARADERIE

We keep our groups small (maximum 10), and our expert Trip Leader and naturalist guide are with you for your entire safari (no handing you off to different guides from lodge to lodge). At our mobile camps, the staff-to-guest ratio is 1:1. The camaraderie and fun on these safaris is legendary.

CUSTOM-BUILT VEHICLES WITH GUARANTEED WINDOW SEATS

Our comfortable 4WD vehicles (maximum 5 guests to a vehicle) allow you to get off road and follow game closely. Everyone has a window seat and a roof hatch for 360-degree views and great photos.

TREMENDOUS VARIETY OF ACTIVITIES

The game drives are epic, but we have even more in store for you: guided bush walks, private riverboat and canoe journeys, and two charter flights that eliminate a long drive and give you a bird's-eye view of the landscape you've been exploring.

EXPERIENCE BOTSWANA'S PRIME PARKS AND VICTORIA FALLS

Our safari is comprehensive, bringing you the diverse landscapes of the Okavango Delta, a World Heritage Site, exquisite Moremi Game Reserve, Chobe National Park, with its massive elephant herds, and the dazzling wonder of Victoria Falls.

A LIGHT FOOTPRINT

Our mobile camps have one of the lightest possible environmental footprints in the African wilderness—when we break camp to head to a new destination, no trace of our presence is left behind. Our selected lodges also have a deep commitment to the highest environmental standards.

Experience Botswana as few other safari-goers do—in private mobile camps that get you close to the wildlife and away from the lodge crowds. We explore deep into the wildlife-rich Moremi Game Reserve,

Okavango Delta, and Chobe National Park, with game drives in custom 4WD vehicles, and a private Chobe River cruise. By night, sleep in a comfortable bed in your own tent with private bathroom, drifting off to sleep to the sounds of the African night. Real mobile camping is a rare safari experience—it's pure magic!

DAYS 1-3 MAUN, BOTSWANA / MOREMI GAME RESERVE: XAKANAXA

Upon midday arrival in the town of Maun, Botswana, we are met by a WT representative and then whisked by private charter flight to our mobile camp in Moremi Game Reserve, the protected eastern portion of the Okavango Delta ecosystem. Normally, a drive from Maun to Moremi is an all-day game drive, but flying to our private camp allows us the most time to be in the heart of the bush, experiencing all the wonders of Botswana right when we arrive! We'll spend the next several days enjoying morning and afternoon game drives throughout the park's diverse landscapes. Moremi is the first national park in southern Africa to have been created and administered by an African tribe, the BaTswana, on their own land.

Located in the northeast corner of the Delta, Moremi is an ornithologist's paradise, with almost every species of central-southern African bird, including bee-eaters, darters, colorful kingfishers, and a variety of waterfowl. We may also spot wildlife like tsessebe and Burchell's zebra, along with ostrich and predators such as lion, wild dog, and spotted hyena. The mopane tree is common here, and its butterfly-shaped leaves and seeds offer a crucial source of protein for wildlife, with elephants in particular attracted to its nutritious leaves.

Our campsite is at Xakanaxa, on the tip of a mopane "tongue" jutting into the Delta: a beautiful setting of secret pools, tall forest, and open grassland. This mix of ecological niches ensures a good variety of birds and game, and we explore by 4WD vehicle and boat. Our campsite is ours alone, though we are sometimes joined by hippos that come out at night to feed on the grass near our tents. It's not uncommon for grazing elephant to pass through, and it's exhilarating to see wild dog and leopard prints outside tents in the morning. Overnights are in our private mobile camp, offering an authentic bush atmosphere that no safari lodge or permanent tented camp can offer...D on Day 1; BLD on Days 2 and 3

DAYS 4-5 OKAVANGO DELTA

The 800-mile-long Okavango is "the river that never finds the sea," disappearing into a remarkable maze of lagoons, channels, and islands to create the Okavango Delta. The Delta is a UNESCO World Heritage Site and home to some of the world's most endangered species of large mammals, making it the ideal base for our explorations. We'll take a fascinating 6-hour boat ride from our Xakanaxa camp to reach our next lodge, set in the remote western corner of the Okavango Delta. It's the perfect place for exploring the Okavango on foot and by motorboat and mokoro (a dugout canoe navigated by a skilled poler). During our excursions, we should see bushbuck, a plethora of birds, lechwe (a semi-aquatic antelope), and

perhaps even buffalo, elephant, and the shy sitatunga, another antelope adapted to this watery realm. As we glide in the water lily–filled waterways aboard our mokoro, we enjoy the calm solitude of this quintessential Delta setting. Overnights at Xugana Island Lodge or Camp Okavango...BLD each day

DAYS 6-7 CHOBE NATIONAL PARK: SAVUTI CHANNEL

On Day 6, we leave the Okavango ecosystem, getting a bird's-eye view of the Delta and its watering holes and labyrinth of animal trails as we fly to the southern section of Chobe National Park, where we explore the Savuti River area, a landscape of mopane woodland filled with game. The Savuti Channel itself dried up in 1980, but its marsh is now a vast grassland attracting migrating herds of herbivores. This is one of the best places to find lion, leopard, and other predators and their prey—large herds of giraffe, kudu, vervet monkey, and baboon. At night, the area comes to life with animal sounds—the “whooping” calls of

wild dog, the rumbles of elephant, and even the cackling cries of hyena—and the sight of dazzling stars overhead. On a clear night, it's easy to spot the Southern Cross and your Trip Leader may share some African legends of the night sky. Our mobile camp, for our group alone, is set along the banks of the dry Savuti Channel, near a permanent waterhole that features excellent game viewing...BLD each day

DAYS 8-9 CHOBE NATIONAL PARK: SERONDELLA

Stretching northeast along the Chobe River and dotted with enormous baobab trees, the Serondella area of Chobe National Park is famous for its elephant population numbering in the tens of thousands. The elephants here are active and vocal, shaking their heads in mock charges and sparring with each other. We enjoy wonderful game drives among the large herds of elephant, buffalo, zebra, and wildebeest. Serondella is also home to the Chobe bushbuck and puku, two of the rarer species of antelope found in

“The trip was way beyond expectations. I started missing Africa and the whole experience even before I left!”

Valerie D., Prescott, AZ

“This was one of our best trips ever. We are still on a high a month after the trip, having had wonderful guides, camp crew, and co-travelers. It was the right mix of comfort and authentic experience and we saw so much more than anticipated.”

Noella L., Los Altos, CA

Botswana. While here, we will enjoy an afternoon river cruise on the Chobe River to view animals as they come down to drink before sunset. The light at this time of day is incredible! Camping overnights...BLD each day

DAY 10
VICTORIA FALLS, ZIMBABWE

Crossing into Zimbabwe from Kasane, Botswana, we conclude our safari at Victoria Falls, one of the world’s most magnificent natural wonders. The huge Zambezi River is more than a mile wide when it drops 300 feet into a sheer chasm to create this thundering cascade. Above the falls, the river is placid with palm-fringed islands and rainforested banks. In 1860, David Livingstone was the first Westerner to report the falls’ existence, and since then, it has attracted visitors from around the world. We’ll take a tour of the falls and there are numerous activities available (at extra cost) if you have time to extend your stay. We’ll enjoy a Farewell Dinner and overnight at the grand Victoria Falls Hotel, set alongside the mighty Zambezi, where you can see the majestic mist rising from the falls...BD

CAMP OKAVANGO

Boutique Lodges & A World-Famous Grand Hotel

THE PERFECT COMPLEMENT TO YOUR CAMPING SAFARI

Our nights in the World Heritage Site of the Okavango Delta (Days 5 & 6) will be at one of the following lodges. Each have been chosen for their stunning location, wonderful service, and great access to the wide range of activities in this extraordinary ecosystem.

Xugana Island Lodge is set on a private concession in the most dramatic setting of this great waterland. Eight lovely thatch-roofed chalets face the lagoon, each with their own private deck and en suite facilities. The bar and open-air dining area overlook the private lagoon.

Camp Okavango is set on remote Nxaragha Island and has 11 guest suites with private decks and great views over the waterways of the delta. The lower

deck features two fire pits for evening enjoyment, and there is an infinity-edge swimming pool. At both lodges, you'll have quick access to our safari activities on foot, by *mokoro* (canoe) and motorboat, all fantastic ways to explore the exquisite beauty of the Okavango Delta.

At world-famous Victoria Falls, you'll stay in the stately **Victoria Falls Hotel** (Day 10), a "grand dame" with a true British colonial ambiance, from its manicured gardens to its renowned elegant afternoon tea service. Built in 1905, this grand hotel commands a prime location adjacent to Victoria Falls. Afternoon tea is a grand tradition here, served on Stanley Terrace overlooking

"An extraordinary trip. The tent camping experience and the lodges were outstanding. The assurance that we were truly experiencing the world as the animals (and birds) do made it an intensely rewarding experience."

the Victoria Falls Bridge that links Zimbabwe to Zambia. The halls, reading rooms, photos lining the walls, and grand terrace offer a vivid sense of a bygone era, and guest rooms, with en suite bathrooms, are furnished in period pieces.

Life on Safari

Each day on safari unfolds in its own unique way—this is what makes the experience so wonderfully alive. Our schedule is planned around the optimum times for seeing and photographing the wildlife, and we keep things flexible to make the most of any special opportunities that come along—that’s the beauty of being on a small group safari. We’ll let nature make the final call!

5:30 AM

Wake up call is early—but it is worth it, as morning is when the animals are very active. Savor a fresh-brewed cup of coffee or tea and continental breakfast, then we’ll head out on our morning wildlife drive or walk, with refreshments served midway, and cozy blankets in the vehicles if the morning is chilly.

11:00 AM

We’re welcomed back to camp for lunch and time to relax, read, or watch wildlife activity at the local water hole.

3:30 PM

After a mid-afternoon snack, we head out for afternoon game viewing. Our

Trip Leader and game spotters are phenomenal in their ability to track wildlife.

SUNSET

Indulging in a wonderful safari tradition, we’ll pause in our game viewing to enjoy a “sundowner” cocktail at a scenic spot and watch the setting sun fill the sky with color.

7:30 PM

Back in camp, we freshen up, then gather to savor dinner and stories. Take a seat by the campfire for a nightcap below the star-filled African sky, then head to your tent to drift to sleep to the sounds of the night.

Our Guides

MAKE ALL THE DIFFERENCE

Trip Leaders with passion and deep knowledge of their destination make all the difference to your experience. Our leaders are skilled professionals, and they are also incredibly warm people who run on endless energy and genuine excitement for welcoming you. They have that special “it” factor that transforms a trip into an unforgettable journey. Our naturalist Trip Leader and his Assistant Trip Leader are with you throughout the journey.

ANTHONY MONNAALETSATSI

Anthony was born in the Okavango Delta and began his outdoor education early on, learning all that he could about the wildlife and nature around the delta from his parents. He went to school in Maun and became a driver at the Crocodile Camp, later enrolling in the Botswana Wildlife Training Institute. After receiving his professional guiding license, he began working as a guide in 2000 and worked for two different safari companies before joining the Wilderness Travel team in 2014. Outside of guiding, he enjoys traveling and has been to Germany, Italy, Romania, and all over Southern Africa. He's also a father and a farmer, and is frequently challenged by the delicate balance between protecting wildlife and protecting his crops, both things he greatly values.

DANIEL SECHI

Daniel was born in Lobatse, Southern Botswana, and as a youth, heard many stories about the bush from his father, a well-respected tracker. His first introduction to the wilds of Botswana began when he joined a wildlife club in primary school, and he finished high school in the Ghanzi district, right next to the Khutsi/Central Kalahari game reserve. After finishing school, Daniel applied for a position at the Botswana Department of Wildlife and National Parks and was immediately given a post as a game ranger in Chobe National Park where he worked from 1999 to 2005. He also worked in the anti-poaching unit during his time there. Daniel earned his Professional Guide License in 2008 and started guiding at a lodge in the Northern Okavango, but quickly moved on to the more demanding but rewarding mobile safari sector. His passion is the bush but his love is for family—he is a father of four and also cares for his sister's children.

OUR AMAZING CAMP STAFF

One of the key differences between our mobile safari and a lodge-based alternative is the incredible camp crew that remains with you from start to finish. You will get to know our crew as they welcome you like family, learn how you like your coffee in the morning, and share laughs and stories of wildlife encounters around the campfire at day's end.

What to Expect

WHAT THE TRIP IS LIKE

This trip is rated Level 2, Easy to Moderate. It is a vehicle-based camping safari, with seven nights camping in our private mobile safari camps. It will be enjoyed by anyone in reasonably good health. Although the trip is not rigorous, it does involve some long driving days over rough roads and game tracks—you will enjoy it more if you are in good shape and good health. Any African safari is an adventure, and the traveler to Africa should bring along flexibility, a sense of humor, curiosity about new peoples and places, and an openness to the unexpected.

Our mobile tented camping safaris in Botswana provide a true bush experience without sacrificing comfort. Our comfortable walk-in tents feature cozy beds, linens, tent lamps, and have en suite bathrooms with a toilet, mirror, sink, and hot water shower. Our crew sets up camp and prepares all meals. Delicious food is served in a comfortable dining tent. You'll find camping delightful and very comfortable, and you will appreciate how close to nature you feel.

We travel by Toyota 4WD Land Cruiser “go-anywhere” safari vehicles equipped with a refrigerator for cold drinks and a reference library on flora, fauna, and avifauna. They carry five trip members per vehicle, with guaranteed window seating.

During drives and walks, we can at times get quite close to wild animals. Being very quiet improves everyone's chances of observation. In the interest of safety, your Trip Leader explains limitations on movement while on game drives, in the safari vehicles, and around camp. Incidents with wild animals are extremely rare on safaris, but no trip can guarantee immunity from such incidents. Wilderness Travel is not to be held responsible for incidents involving the behavior of wildlife.

WEATHER

The best game viewing period is during the “dry” season, which runs from late March to October. Because of the minimal rainfall during this season, the bush turns golden brown and in many areas is beaten flat, so game viewing is

Travelers to Botswana are strongly encouraged to purchase full medical, emergency evacuation, and repatriation insurance that covers you for at least \$25,000, as well as Trip Cancellation Insurance. Due to the lack of advanced medical facilities in Botswana, you may need to be evacuated to Johannesburg or even back to the US in case of serious illness or injury. Evacuation by air may or may not be possible, depending on the location. If you require evacuation from a trip, you are responsible for payment of all evacuation costs. You must pay evacuation costs directly to the evacuation service prior to the evacuation. Acceptable forms of payment are typically cash or credit cards. If you are able to use your credit card, be aware that a service charge will be assessed in addition to

the actual cost of the evacuation. You must bring one of these forms of payment with you in case of emergency. You will need to contact your insurance company for procedures and reimbursement policy.

Trip cancellation insurance reimburses you for non-refundable payments should you need to cancel your trip due to a covered sickness or injury to yourself, a traveling companion, or family member, or for certain other unforeseen circumstances. For details, see the Description of Coverage brochure and enrollment forms included with your confirmation packet. Travel insurance must be paid for before final payment for the trip. If you purchase your own insurance elsewhere, please provide us with proof of coverage, policy number, and the contact phone number for your insurance carrier.

Please be advised that California has established a Travel Consumer Restitution Fund under the California Seller of Travel Law that took effect January 1, 1996. This fund is designed to protect consumers from unscrupulous practices by discount airfare ticket sellers or air charter operators. Unfortunately, this law does not cover non-California residents and, even in the case of California residents, it does not cover any foreign travel where the foreign "providers of transportation or travel services" are not in compliance with the Sellers of Travel Law (compliance being defined as registered as a Seller of Travel in California and a participant in the Travel Consumer Restitution Fund). Thus none of Wilderness Travel's tours qualify and we are required by law to advise each client that they are not covered by the California Travel Consumer Restitution Fund. California law requires sellers of travel to maintain a trust account or bond. This business has a trust account. California Seller of Travel #100769640
