Lapland Adventures

DOGSLEDS, SÁMI CULTURE, AND SNOWSHOEING

Lapland is a wonderland in winter—and just the place for frosty fun, WT style! In Finland’s north, we’ll bring you unique outdoor experiences as we take an icebreaker into the pack ice (try an optional polar plunge, dry suit provided!), snowshoe through ancient pine forests, ride a sleigh pulled by reindeer, and race across snowscapes in a dogsled pulled by huskies. We also get an insider’s look into Lappish culture with Sámi reindeer herders, taste local specialties, spend a night in glass-ceiling “igloo” cabins, and with luck, see the surreal northern lights dance across the night sky. Our hotels keep us warm and comfy, and we can unwind in toasty Finnish saunas.

KEMI / ICEBREAKER SAMPO

After a leisurely morning, we embark on the mighty Icebreaker Sampo at the local harbor. On board the ship, we navigate between ice sheets in the Gulf of Bothnia, which separates Finland and Sweden. STEFANO POZZI

Originally from Italy, Stefano Pozzi has grown up with a passion for nature. He studied at the University of Milan and after graduating, took to the outdoors by riding his bike from Milan to Lisbon—and back again—by way of the Camino de Santiago pilgrim route, covering some 4,900 miles along the way. He became a resident of Norway in 2011, and studied Arctic natural history for a year on the island of Spitsbergen. Today he spends several months a year working on expedition vessels between Antarctica and Greenland, and guides trips for us in Norway, Finland, and the Alps. “I love being out in nature and being amazed by its beauty, and my hope is that I can share my knowledge with trip members, and in turn, learn something new every day from them.” When he's not at sea or leading trips for us, he enjoys rock climbing in the summer and skiing and snowboarding in the winter.

Trip Details

WHAT THE TRIP IS LIKE

Our trip is scheduled for February and March, when there should still be plenty of snow on the ground for our activities (it usually lasts until late May!), and yet the days are getting longer and warmer. This trip involves a wide range of activities, including snowshoeing, Nordic skiing, and hiking in a variety of conditions. Other activities include ice fishing, sleigh rides, snowmobiling, and a traditional Finnish sauna. Daytime temperatures in Rovaniemi in March average 25°F, with nighttime temperatures averaging 13°F. In Saariselka and Inari, the temperatures are much cooler—around 12°F in the day and -6°F at night. Snow is always a possibility in Lapland at this time of year! We suggest you bring thermal undergarments, hiking boots that can accommodate cold conditions, gloves, and socks. A full packing list will be sent to you with your confirmation packet. It may be necessary to alter the schedule based on weather conditions, but we will do our best to do all activities as described in this itinerary. To get the most out of this trip, we recommend you make a special effort to be in good physical condition. Daily brisk walking and/or regular hiking (or using a stair-climbing machine at your gym) are excellent preparatory exercises.

WEATHER

Temperatures vary widely in Lapland and are expected to be anywhere between -20 to 25°F, a wide range since we go out on night walks! Trip members need to remain flexible in consideration of inclement weather that may require changes, such as substituting different hiking routes or canceling hikes. Water activities such as our boating excursion are also dependent on sea forecasts.

CHOOSING THE RIGHT TRIP

Adventure travel often involves exotic destinations, unusual levels of physical exertion, or activities you may not have participated in previously. We work hard to help you choose the right trip for you, paying attention to your individual interests, abilities, and needs. If you have questions about the level of comfort or any of the activities described in this itinerary, please call Wilderness Travel at 1-800-368-2794 and ask for the Europe Manager or email us at europa@wildernesstravel.com.
