DAY 1 CAPE TOWN

Upon arrival in Cape Town, you are met and transferred to the Victoria and Alfred Hotel, an icon on the vibrant Cape Town Waterfront originally built in 1904. The afternoon is at leisure to explore the Waterfront. In the evening we gather for our Welcome Dinner...D

Cape Town: Long regarded as one of the most beautiful cities in the world, Cape Town is southern Africa's most romantic city. Few cities in the world can match its splendid setting along the spine of the mountainous Cape Peninsula. The view of the Cape that entranced early mariners over the centuries is still here—a spectacular amphitheater formed by Devil's Peak, Table Mountain, and Lion's Head to the west. The summit plateau provides breathtaking views of Cape Town and the Cape Peninsula, and at night in the summer months, the mountain is floodlit. This lively city today is also a rare cultural gem, an amalgamation of African, Indonesian, French, Dutch, British, and German cultures.

DAY 2 CAPE PENINSULA / CAPE OF GOOD HOPE

This morning we'll head down to the Cape of Good Hope Nature Reserve, a part of Table Mountain National Park that extends all the way south to famous Cape Point, with its towering stone cliffs, endemic fynbos vegetation, and breathtaking bays. We'll drive through the Atlantic-facing suburbs of Cape Town and past the famous beaches of Clifton and Camps Bay. After passing the village of Hout Bay, we come to one of the most breathtaking roads in the world, 100-year-old Chapmans Peak Drive, set into the sandstone cliff face of Chapmans Peak with views back to Hout Bay and ahead to Chapmans Bay. We pass the scenic settlements of Misty Cliffs and Scarborough, stopping en route for coffee at a local farmstead and to pick up our picnic lunch to enjoy while we're at the reserve.

In the Cape of Good Hope Nature Reserve, we walk up to the historic lighthouse and hear stories of storms and shipwrecks, then hike on paths surrounded by unique Cape flora, the smallest of the six floral kingdoms of the world. We'll have spectacular views over False Bay and the Atlantic side of the Cape Peninsula, then head back to Cape Town by way of the world-famous penguin colony at Boulders Beach. Overnight at Victoria and Alfred Hotel...BLD

Hiking Details: Approximately 3 miles, 2 hours

DAY 3 TABLE MOUNTAIN / KIRSTENBOSCH BOTANICAL GARDENS

A scenic cable car ride (weather permitting) brings us up iconic Table Mountain for incredible views of the city and Table Bay. This mountain is one of the most spectacular urban geographic features in the world and also an incredible environment for hundreds of species of endemic flora. We'll take an easy hike of one or two hours then descend by cable car. In the afternoon we enjoy a leisurely walk amid the lush beauty of Cape Town's Kirstenbosch National Botanical Garden. Few gardens in the world match the grandeur of Kirstenbosch, set on the eastern slopes of Cape Town's famed Table Mountain. Established in 1913, it was the first botanical garden devoted to a single country's indigenous flora, with some 7,000 species from South Africa's six different biomes, including 2,500 species found only on the Cape Peninsula. The remainder of the afternoon is for your leisure, and your guide will be ready with recommendations for shopping, museums, galleries, etc. Later, we'll gather for dinner at one of Cape Town's award-winning restaurants. Overnight at Victoria and Alfred Hotel...BLD

DAY 4 ROBBERN ISLAND / TOWNSHIP VISIT

This morning, we enjoy a scenic ferry ride out to fascinating Robben Island, where Nelson Mandela spent 19 of his 27 years as a political prisoner. The island is now a nature reserve and a poignant memorial to South Africa's long liberation struggle. Many of the island's guides are former political prisoners. Upon our return to Cape Town, we'll visit a historic local township. Langa is Cape Town's oldest township, established as an enclave for migrant workers in the early 1900s. A local resident will guide us on an eye-opening visit to learn about the history, education, sports, politics, hopes, dreams, challenges, and opportunities experienced by these communities disadvantaged under the colonial and apartheid regime. Along the way we'll interact with the community, visit some of the informal businesses such as the "spaza shops" ("hidden" shops), shebeens (taverns), and street restaurants. We will visit the Langa Museum, where a short explanation of the history will be given, before visiting the Guga S'thebe Art Centre for a chance to see various works ranging from pottery, beaded art, sewn products, and mosaic work. We'll also have the opportunity to participate in a short drumming lesson, one of the traditional skills of the local musicians. Lunch may be at a local eatery to sample some of the local cuisine. Dinner tonight is on your own so you can enjoy one of Cape Town's many great restaurants. Overnight at Victoria and Alfred Hotel...BL

Hiking Details: Approximately 1-2 hours

DAY 5 CAPE WINELANDS / WINE TASTING

This morning we drive to the Franschhoek winelands, birthplace of South Africa's wine culture, begun by the French Huguenots who founded Franschhoek ("French Hook") in 1688. World renowned for its scenic beauty, the region's colonial history dates back to Dutch settlement in the mid-17th century. The fertile valleys were occupied in pre-colonial times by the Khoi herders and San hunter gatherers. En route, we'll enjoy wine tastings that show off the range of varieties produced in the area. The afternoon is at leisure, and an optional hike may be possible, weather permitting. Dinner is at a local restaurant in the Cape Winelands. Overnight at La Residence, a stunning boutique hotel set on a 30-acre estate... BLD

Driving Details: Approximately 1.5 hours

DAY 6 CAPE WINELANDS / VINEYARD WALK / WINE TASTING / FRANSCHOEK / CHEF'S TABLE DINING EXPERIENCE

A visit to the Cape Winelands is an essential part of any visit to South Africa. World renowned for its scenic beauty, this region's colonial history dates back to Dutch settlement in the mid-17th century. The fertile valleys were occupied in pre-colonial times by the Khoi herders and San hunter gatherers. Today we'll take a uniquely curated, gentle amble to three of Franschhoek's award winning vineyards, led by a masterful, entertaining storyteller who brings South Africa's rich history to life. The excursion involves a leisurely stroll through Franschhoek vineyards, country lanes, and statued gardens,

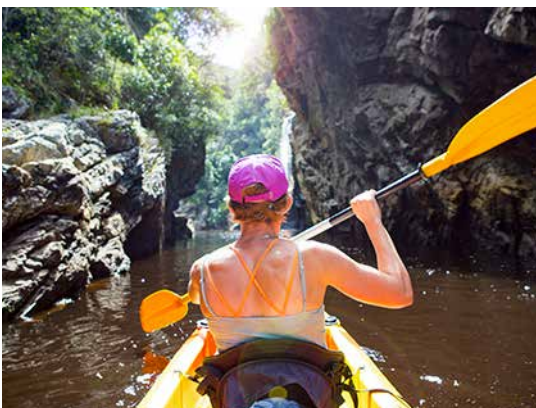

and includes 10 wine tastings across Mullineux & Leeu, Mont Rochelle, and La Cotte Heritage Farm. Lunch is a farm-to-table harvest platter of seasonal produce at La Cotte Farm. This evening we gather for a Chef's Table dining experience at a special restaurant. It's an opportunity to savor carefully curated food and wine pairings, meet the chef and his team, and peer into the inner workings of a world-class kitchen. Overnight at La Residence...BLD

DAY 7 HERMANUS / BIG FIVE MARINE EXCURSION

This morning we head to Hermanus, a town on the southeast coast of the Western Cape, where we'll stroll along the cliff path, well known as one of the best land-based whale viewing sites in the world. The southern right whales migrate to this region from the cold Antarctic during their breeding season from July to October. After our short walk, we board a whale watching boat for an opportunity to spot these fascinating creatures in their own environment. We may also see humpback and Brydes whales, as well as Cape fur seals, bottlenose dolphins, and other sea life. The onboard guides are marine specialists with a vast knowledge of the region and the ocean creatures. Safety jackets and wet weather gear are provided. After our sea excursion we return to Hermanus for lunch and an afternoon stroll in this quaint seaside town. Dinner and overnight at The Marine Hotel..BLD

Driving Details: Approximately 1.5 hours total

Marine Excursion Details: Approximately 2.5-3 hours

DAY 8 THE GARDEN ROUTE / KAMBAKU@SEA / MOONLIGHT MEANDER

Today's drive along the iconic Garden Route takes us from Hermanus to Kambaku@Sea, set in the hills above Sedgefield, stopping for lunch and scenic surprises to stretch our legs along the way. We'll arrive in the late afternoon with time to settle in before enjoying a light dinner. After dinner, we'll be joined by a marine biologist for an evening "Moonlight Meander" (weather permitting). We've scheduled all our trips so they will be around a full moon, when the light and tidal conditions are just right for coastal exploration. As we meander along the tidal lagoons, we may be lucky enough to observe the phenomenon of bioluminescence, an incredible natural phenomenon during which the production of light by living organisms causes the sea to sparkle and glow, a sight to behold! Please note that this is not a guaranteed phenomenon because it only happens occasionally, but the winter months (our summer months) are the season when it happens. The Moonlight Meander starts around 7pm at the Swartvlei Beach area with a brief introduction, followed by a walk along the shoreline toward Gericke's Point, looking at the impact the intertidal zone has on the distribution of the marine flora and fauna. We'll be finished by 10pm or 10:30pm, depending on conditions and guests' enthusiasm, and can continue beyond 11pm. If the weather does not cooperate tonight, we'll instead take a fascinating evening intertidal walk on Swartvlei beach, just west of Sedgefield. This is an opportunity to explore rock pools that are kaleidoscopes of color, with vivid red anemones,

purple urchins, orange nudibranchs, and a Persian carpet of cushion stars. Overnight at Kambaku@Sea...BLD

Driving Details: Approximately 5 hours

Walking Details: Approximately 3-3.5 hours

DAY 9 FOREST HIKE / FRESH LOCAL OYSTERS! / KNYSNA LAGOON SEA KAYAKING

Accompanied by Mark Dixon, an excellent local trail guide with a vast experience in natural history excursions and projects, we'll take a beautiful morning hike on a well-maintained path that brings us through indigenous rainforest alive with birds, chameleons, and bushbuck. We'll pause at scenic spots along the way, such as the Woodville Big Tree, a giant and very old Outeniqua yellowwood that has become an icon and popular attraction in the indigenous forest. Its large crown is still a favorite nesting spot for birds and its fruit is enjoyed by bats, bush pigs, and birds including the endemic Knysna turaco and Cape parrot. Although yellowwood is still used for furniture and construction, it is a protected tree under South Africa's National Forest Act. For lunch today, we'll sample the local oysters, a renowned specialty on the Garden Route. At our dining spot, Oyster's R Us, we'll learn how the local oysters are grown and nurtured and see them shucked right onto our plates. Our afternoon is for leisurely optional kayaking on the beautiful Knysna Lagoon (no previous experience necessary), with oars and life jackets provided, and warm drinks to welcome you when we come off the water. The lagoon, sheltered between two massive cliffs known as The

Knysna Heads, is a marine reserve. In the evening, we can take an optional cruise on the lagoon. Overnight at Kambaku@Sea...BLD

Driving Details: Approximately 30 minutes

Hiking Details: Approximately 6 miles, including both hikes

DAY 10 HOEDSPRUIT / KAMBAKU RIVER SANDS / TIMBAVATI PRIVATE NATURE RESERVE

We'll fly to Hoedspruit (via Johannesburg) this morning, where we'll be met for a game drive to Kambaku River Sands, set in the unspoiled wilderness of the Timbavati Private Nature Reserve, a private concession that forms part of the famed Greater Kruger National Park. The reserve is large, with a range of different biospheres and bush ecosystems. All the animals found within Greater Kruger National Park can also be found here. After lunch in camp and a rest, we'll head out for our first afternoon game drive. On return, dinner will be waiting for us, and we'll gather in the dining area and talk about the game we've seen on our drive. Overnight at Kambaku River Sands...BLD

Each day, we'll get an early morning start with coffee/tea and a light breakfast, then take a game walk with our private tracker-guide, arriving back at camp in time for brunch and a siesta. In the late afternoon, about 4pm, we set out for a game drive, returning to camp after dark for a delicious dinner. In addition to our game drives and bush walks in Timbavati, our lodge offers a swimming pool, spa, air-conditioned suites with private viewing decks, and an active watering hole. On one night, we have the option to sleep under the stars at the Star Hide (at additional cost), a unique experience of wild Africa with the sound of wildlife all around. VICTORIA FALLS EXTENSION

Victoria Falls, or Mosi-oa-Tunya, “the smoke that thunders,” is one of Africa’s most famous sights. Here the mile-wide Zambezi River drops 300 feet into a sheer chasm to create a spectacular thundering cascade. Above the falls, the river is placid, with palm-fringed islands and rainforested banks. In 1860, Scottish missionary and explorer David Livingstone was the first Westerner to report the existence of this mile-wide cascade, and he named this magnificent wonder for his queen. Since then, it has attracted visitors from around the world. The Zambezi River marks the border between Zambia and Zimbabwe, and visitors can walk across a bridge to view the falls from both countries.

3 days. From \$1,595.

OKAVANGO DELTA SAFARI EXTENSION

The 800-mile-long Okavango—the river that never finds the sea—is rightfully considered one of the most incredible wilderness sanctuaries in Africa. Its inland delta system is the largest in the world, 8,000 square miles filled with water channels, lagoons, swamps, and islands. Apart from the outstanding beauty of the wetland habitat, this unique area supports and sustains a huge diversity of fauna and flora so that game viewing is excellent throughout the year, with elephants congregating along the lagoons and waterways and impala, wildebeest, red lechwe, zebra, giraffe, sable, and buffalo found on the game-rich floodplains, along with their predators—lion, leopard, cheetah, and hyena.

4 days. From \$4,995.

AMONG THE ELEPHANTS AND RHINOS EXTENSION

Magnificent Hwange National Park, one of the largest national parks in Africa, is home to some 40,000 elephants along with lion, hippo, cheetah, and more. You'll also have the unique opportunity to visit two white rhinos at the Ngamo Rhino Sanctuary in Hwange—these are the first white rhinos to be reintroduced in this part of Zimbabwe. Enjoy game drives with the flexibility to get out and walk, lantern-lit dinners in the bush, and an optional visit with local schoolchildren (you'll even learn a few words of their click language).

4 days. From \$2,895.

FRANK DWYER

Frank Dwyer, a born and bred Capetonian, is passionate about this beautiful city as well as the unique Cape flora region and famed Cape Winelands, where his father was a wine farmer. He has spent his life working in South Africa’s hospitality and tourism field and has been a certified naturalist guide since 2008, adding the adventure certification in 2012. Frank is an expert on the flora, fauna, politics, and history of South Africa, knows a thing or two about the heritage of the Cape Winelands, having grown up there, and also has an ability to find the best hikes in the country. Nothing gives him more pleasure than ensuring that his guests experience their South Africa journey to the fullest and leave with lasting memories, new-found knowledge, and a desire to return again soon.

What to Expect

WHAT THE TRIP IS LIKE

The trip is rated Level 2+, Easy to Moderate. This is a luxury hotel and lodge-based adventure tour with two nights at a rustic but comfortable safari camp. There are moderate walks and hikes, one afternoon of sea kayaking in sheltered waters, plus game drives and game walks. Although this is not a particularly rigorous trip, we still recommend that each participant undertake a program of physical conditioning. Daily walking or regular hiking, jogging, and stair-climbing are excellent preparation for the trip.

During game drives, we can at times get quite close to wild animals. Being very quiet improves everybody's chances of observation. In the interest of safety, your Trip Leader explains limitations on movement while on game drives, in the safari vehicles, and around camp. Incidents with wild animals are extremely rare on safaris, but no camping safari can guarantee immunity from such incidents. Wilderness Travel is not to be held responsible for incidents involving the behavior of wildlife.

WEATHER

Generally, South Africa has a mild climate due to its southerly latitude and the high altitude of its interior regions (above 3,000 feet in altitude on average). There are starkly different climatic zones: the Cape region has a Mediterranean climate with mild summer temperatures averaging in the 70s ("summer" in the Southern Hemisphere is our winter), while the lowveld has a subtropical climate with warm to hot temperatures in summer and cooler evenings

The safari camps and lodges in our program offer excellent game viewing year round. Most rainfall occurs usually between December and February in the form of afternoon or evening thunderstorms. In general, the climate is warm with cool nights in "winter" (March-August in the Southern Hemisphere).

Cape Town's peak season is September to March, with highs of 65°F in September up to 80°F in February. September to February, there is little rain. Southeasterly winds occur in November and early December. In the cooler months, the daily highs are in the mid-60s. The highest rainfall is in July and August.
