Itinerary (Eastbound)

EASTBOUND ITINERARY

Note: The trip begins the morning of Day 1. We highly recommend you arrive in Istanbul before the trip starts to rest up from your flights. We are happy to book a night at the Hotel Levni for you before the trip begins (at extra cost).

Below is a suggested itinerary for the Eastbound direction. Please note that the Cappadocia section of the itinerary may come before or after the cruise section, depending on your boat and your dates of travel. You will receive a personalized itinerary with confirmation of your private journey.

DAY 1

ISTANBUL, TURKEY

Meet in Istanbul at the airport or at the hotel in the morning to begin your day of exploring this illustrious city. Istanbul's legacy as the only city in the world to have been the capital of consecutive Christian and Islamic empires is very much in evidence in the cultural heart of the metropolis, with its grand edifices and remnants of walls from the time of The Emperor Justinian. Your explorations today include the Topkapi Palace, a marvelous imperial labyrinth of mysterious harem quarters and displays of the bejeweled treasures of the sultans, and the Hagia Sophia, once the greatest church in Christendom. It has now been converted back to a Mosque; please be advised that entry is not allowed for anyone with bare shoulders or shorts. You will also visit the ethereal Blue Mosque, with its slender minarets visible for miles around. (Please note: the Blue Mosque is undergoing restoration and if not completed we will visit the Suleiman Mosque as an alternative, one of the most famous Mosques of the Ottoman period overlooking the Bosphorus.) We also visit the Hippodrome, the Basilica Cisterns, and the Rustem Pasa Mosque, which boasts the finest Iznik tiles found in any mosque in Turkey, followed by lunch. The timing and order of visitations may be adjusted in an effort to avoid crowds. Tonight, head out on a sunset cruise on the Bosphorus to see the classic silhouette of Istanbul's skyline bridging Europe and Asia, then enjoy a seafood dinner at a café along the Bosphorus waterfront. Overnight at Hotel Levni in the heart of Istanbul's fascinating walking district...LD

About Istanbul: The Old City, or Stamboul as it is sometimes known, is a great district to explore on foot. Many of its most famous sights are within easy walking distance of one another. The Hagia Sophia was once the largest enclosed space in the world and the greatest church in Christendom. Set atop a hill, the domed basilica of this 6th century cathedral, known as the Church of Holy Wisdom, was the dominant feature of the city's skyline until the 16th century. Mehmet the Conqueror converted the Hagia Sophia into a mosque following the conquest of Constantinople in 1453, and Ataturk converted it into a museum in 1935. The restored Basilica Cistern, close to the Hagia Sophia, is an underground chamber built by Justinian in A.D. 532 for storing the imperial water supply. We descend into the cistern and walk along platforms above reflecting pools, where soft lighting illuminates the hundreds of carved Doric, Ionian, and Corinthian columns that support the cistern roof.

- Magnificently restored Ephesus, exotic Istanbul

Itinerary (Eastbound cont'd)

Also nearby is the Sultan Ahmet Camii, or Blue Mosque, with its six slender minarets visible for miles around. It is known as the Blue Mosque for its blue-themed interior, replete with panels of floral-motif tiles (20,000 of them) and graceful arabesque stenciling. Topkapi Palace, the heart of the Ottoman Empire and home of the sultans for four centuries, is a marvelous imperial

labyrinth set on the tip of a peninsula where the Golden Horn joins the Bosphorus. Although the original palace was constructed in the 15th century, most of the buildings we see today date from the 18th century. Of particular fascination is the Harem, the set of "forbidden" apartments where the Sultan's wives, concubines, and eunuchs lived. Topkapi is also the place to feast your eyes on the fabulous treasures of the sultans, from jewel-encrusted daggers to golden caskets to the 86-carat Spoonmakers Diamond.

"Can't thank you enough for encouraging us to put aside our worries, and proceed with our planned trip to Turkey. All three guides were outstanding and the gulet with its crew couldn't have been nicer!!!! We were treated royally and infused with knowledge. Many, many, many thanks!"

DAY 2

CAPPADOCIA / UCHISAR

Morning transfer to the airport and fly to Kayseri. Meet your private guide and van at the airport for a 1.5-hour drive to Uchisar. Views of Mt. Erciyes, the 12,000-foot volcano

responsible for forming the remarkable landscape of Cappadocia, are ever present on the drive. After a late lunch in the village of Sinasoss, stretch your legs on a hike to the little village of Avclar via the Pigeon Valley. The hike includes a cultural stroll around Uchisar village en route to Avclar. Tonight, enjoy a whirling dervish "Sema" ceremony at the original 12th century Seljuk caravanserai of Saruhan. This dance of the whirling dervishes is inspired by Rumi, the mystic poet, and is part of Turkish culture. Overnight at a "cave hotel" with comfortable and tastefully decorated rooms with private bath...BLD
Approximate Hiking Time: 2 hours

DAY 3

CAPPADOCIA / GOREME / AVANOS

Frescoed Byzantine cave churches, welcoming villages, a magical landscape of tufa towers, and unique traditional art forms, from pottery to weaving, are the hallmarks of Cappadocia. At dawn this morning you have the option of participating in a thrilling hot air balloon ride (at additional cost—if interested, please contact us). Enjoy a morning hike of about two hours to the fascinating open-air museum of the Goreme Valley, with its fantastic rock-cut churches. After lunch, set out for a 2-hour hike in the Valley of Spears and visit the pottery workshops in the pretty riverside village of Avanos. Overnight at hotel...BLD

Approximate Hiking Time: 4 hours (2 hours morning, 2 hours afternoon)

DAY 4

KUSADASI / EPHEBUS

Transfer to Kayseri airport and fly to Kusadasi via Izmir, with lunch en route. This afternoon, explore Ephesus, one of the most beautifully restored ancient cities in the world. Ephesus was the third largest city in the Roman Empire,

after Rome and Alexandria. In this metropolis where St. Paul lived and preached to the Ephesians, explore the remains of fine marble homes with well-preserved mosaics, stroll the mile-long marble-paved Arcadian way from the theater to the harbor, and feel transported back to Roman times. Ephesus is one of the few Greco-Roman sites that gives a true sense of the glory of bygone days. One of its treasures is the reconstructed facade of the Library of Celsus, dedicated in 120 AD. Its theater, once the largest in the world, could hold 25,000 spectators and has superb acoustic qualities. You will also visit the impressive Ephesus Museum, with its statues of the goddess Artemis (also known as Cybele) and gladiator artifacts. Overnight at a waterfront hotel in Kusadasi...BLD

DAY 5

APHRODISIAS* / GOCEK / EMBARK / TURQUOISE COAST

This morning, there may be an option to drive 2-3 hours to visit Aphrodisias, a fascinating World Heritage Site set in a mountain-ringed valley watered by the River Dandalaz. The city is crafted almost entirely of white marble and has a theater, a stadium capable of seating up to 30,000 people, a charming concert hall, two large agoras, two baths, and the huge Temple of Aphrodite, which was converted into a Byzantine church in the 6th century. From the acropolis hill behind the Aphrodisias theater, archaeologists have unearthed stone and bronze idols dating as far back as 3,000 BC, making Aphrodisias one of the earliest settlements in Asia Minor dedicated to the Megalo-Mater, the great mother. From Aphrodisias, continue about 2-3 hours to Gocek, where you board your private gulet (yacht), a comfortable wooden motor-sailer with a wide beam for stability. The yacht is your home for a six-day cruise that explores the endless bays, coves, and crystal-clear waters of the Turquoise Coast. Sail to Yassica Island for overnight aboard your gulet...BLD

*Note: Depending on where you board your gulet, there may not be enough time to visit Aphrodisias comfortably in the time allotted. We appreciate your understanding and know that we will offer you the best itinerary possible considering the boat pick-up and drop-off points.

DAY 6

TURQUOISE COAST / AG LIMANI / GOCEK LAGOON

Cruise this morning to a beautiful cove called Ag Limani. Enjoy a hike across a peninsula marked by the ruins of Lydae, an unexcavated site reached only by sea. Once a Lycian outpost with spiritual importance, today it is inhabited only by nomads. En route, you may visit with the nomads over some sage tea, or clamber on the remains of a temple dedicated to Apollo. There are also Byzantine cisterns and monumental temple-tombs to explore. At

the end of your hike, arrive in the southern reaches of Gocek Lagoon, where you find Cleopatra's Sunken Bath, a half-submerged ruin also known as Batik Hamam, or "Sunken Bath," in Turkish. Your boat will meet you here. This area usually has reliable winds, and if so, the Captain will raise the sails and glide to a wilderness cove for lunch and a relaxing afternoon with a chance to swim. Overnight aboard your gulet...BLD
Approximate hiking time: 2-3 hours

DAY 7

TURQUOISE COAST / GEMILER ISLAND / KAYA KOY / SOGUK BAY

Sail across Fethiye Bay to Gemiler Island and head ashore for a hike up to the striking Byzantine ruins tucked in amid the olive trees. This was a monastic settlement established in the 4th century AD. In addition to the great view from the hill crowning the island, there are numerous ruined churches, monks cells, tombs, and a unique covered street to enjoy. We take a short drive to Kaya Koy, a once affluent but now abandoned village that was originally inhabited by Ottoman Greeks. A "population exchange" agreement in 1924 between the Greek and Turkish governments reduced it to an eerie ghost town. From Kaya Koy, enjoy a hike on a trail lined with aromatic herbs including thyme, oregano, and sage to Soguk Bay. Overnight aboard your gulet...BLD

Approximate hiking time: 3 hours (optional 1.5 hours in morning, 1.5 hours in afternoon)

DAY 8

TURQUOISE COAST / KALKAN / BEZIRGAN / XANTHOS / PATARA

Cruise to Kalkan, a quaint town of traditional white-washed houses perched on a hill. Narrow winding streets lined with shops lead down to the charming marina. After docking at the harbor, drive inland to Bezirgan, a traditional farming village. Here you enjoy lunch in a family home, a wonderful opportunity to meet local villagers and get a glimpse of village life in this

lovely rural valley. Continue on to Xanthos, ancient capital of Lycia, virtually intact when British explorers arrived in 1838 (unfortunately, the British carted away many of the artifacts of Xanthos). Explore the two impressive tombs that tower above the upper seats of the Xanthos theater. The Harpy Tomb got its name from the reliefs around the top, which appeared to be Harpies, female figures from Greek mythology. Scholars believe they are depictions of Sirens carrying away the souls of the dead. The other tomb, a sarcophagus standing atop a pillar, is believed to be from the 3rd century BC. The remains of an agora, a basilica, a monastery, and some Byzantine walls are also at this site. In the late afternoon, drive to Patara, birthplace of St. Nicholas, with its long, isolated beach, and visit the ruins of a Roman and Hellenistic theater and acropolis overgrown with olive trees. From the top of the theater, views stretch across the south Lycian coastline. The day concludes with a drive back to Kalkan, with overnight on board in a sheltered lagoon...BLD

DAY 9

TURQUOISE COAST / KAS / APERLAE / SIMENA

A two-hour cruise brings you to Kas, a lovely harbor and fishing village with a Greek flavor. As a center for arts and crafts, notably jewelry and textiles, Kas is a wonderful place to find fine examples of Turkish kilims and carpets. The Hellenic town of Antiphellus once stood here, and its well-preserved Hellenistic theater remains. There are Lycian rock tombs above it and the sparkling Mediterranean makes a fine backdrop.

Kas was home to many ethnic Greeks until the 1920s when Turkey and Greece separated their minority populations. The Greek influence is reflected in the classically inspired architecture and tiny Greek homes. Continue to the ancient city of Aperlae to snorkel above ruins long buried by the sea, then cruise to Kekova Sound to visit Simena, a timeless village accessible only by sea. Simena is a highlight of any Turquoise Coast cruise, offering breathtaking bay views from the Crusader-era castle above it. Overnight aboard your gulet...BLD

DAY 10

TURQUOISE COAST / DISEMBARK / ANTALYA / ISTANBUL

Cruise to Andriace, the harbor for Myra, bid farewell to your crew, and disembark. Visit the ancient Lycian city of Myra to see fine examples of Lycian funerary architecture set high in the hillsides. There is also a vast Roman amphitheater built into the cliff face with many of its carved friezes and cavernous tunnels intact. Also in Myra is the lovely Church of St. Nicholas, who was known as the patron saint of children. Born about 300 AD, this famous saint is steeped in legend, particularly of the miracles he performed in his lifetime that left him identified as Santa Claus or Father Christmas. Drive to Antalya, a principal Mediterranean resort with a majestic coastline of beaches and rocky coves and the towering Taurus Mountains as a magnificent

While many travelers choose to book this tour as is, our Area Specialists are also happy to work with you to customize this Private Journey to suit your specific interests and style of travel. We can arrange for longer or shorter stays, or add an extension to additional places of interest. We can even add special activities or customize excursions depending on your interests. We invite you to contact us to discuss your options!

CURRENCY EXCHANGE RATE

Due to the volatility of currency markets, we can only offer the most competitive pricing on our trips in Europe by partially tying the trip cost directly to the value of the Euro. In the late spring of 2023, when we set the rates for our 2024 program, the US Dollar equaled 1.06 Euros. While in most years, no price changes are ever necessary, if there were to be a significant change in exchange rates, we may be forced to raise or able to lower our trip cost; if so, your final invoice, sent two weeks before your final payment is due, will reflect the difference. Please note that the calculation will not be a straight proration. While most of the trip cost is paid in Euros, the remainder of our expenses are paid in US Dollars. The overall effect is to moderate any change; thus, if the Euro were to rise in value, the land price would rise less than might be expected, and if the Euro were to fall, the drop in trip cost would also be less than might be expected.

Arrival & Departure

ARRIVAL & DEPARTURE

Upon confirming your trip reservation, we will send you a Welcome Packet that includes a list of documents (passport, visas, etc.) required for your trip. Please feel free to call if you would like this information before making your air arrangements.

Istanbul is the starting point of the trip. You will be met and transferred to the hotel upon arrival at the airport on Day 1. At the end of the trip on Day 11, you will be transferred to the airport in Istanbul for outbound flights. Our Arrival & Departure Logistics memo, included in your confirmation packet, has details.

FLIGHT ARRANGEMENTS

Trip members are responsible for making their own arrangements for air transportation. Please do not purchase your airline tickets until you are confirmed on the trip and have reviewed your proposed air schedule with our office. Once your tickets have been purchased, please send us a copy of your airline schedule so that we can send it on to the local guide (make sure to include your Trip Name and Trip Dates on it). Note: The name on your airline ticket must match the name on your passport exactly; otherwise you may be denied boarding. Please remember this when reserving your flights. In addition, your passport must be valid for at least six months after your date of return to the US (in most cases).

Optional Extension: Inside Istanbul

We are delighted to offer this special, in-depth guided exploration of Istanbul that visits intriguing sites not seen on our trip's one-day Istanbul visit. Set astride both land and sea, Istanbul is truly the bridge between Asia and Europe and it's a wonderfully walkable city full of delights. We highly recommend extending your time in this fascinating city.

PRE-TRIP ITINERARY

DAY 1

ARRIVE IN ISTANBUL

You will be met upon arrival at Istanbul airport and transferred to your hotel. The drive takes you along the shores of the Sea of Marmara and past the ramparts of Istanbul's old city walls. Meals are on your own today. Overnight at Hotel Levni.

DAY 2

PRINCE'S ISLANDS

Enjoy a scenic ferry ride to the Prince's Islands, an archipelago in the Sea of Marmara just off the Asian coast of Istanbul. These islands have always been considered one of the most picturesque spots of Istanbul. In the 19th century, grand Ottoman mansions were built here, complete with lovely gardens. Much of the beauty and romance of that time still survives today. Explore Prinkipo

(Buyukada), the largest of the islands, by circling its coastline by electric carriage—gasoline powered vehicles are not allowed on this lovely island. Your ride takes you to the wilder and less populated part of the island, through forests of age-old pine trees and alongside seaside cliffs. Lunch is at one of the famous fish restaurants along Prinkipo's seaside. After lunch, walk up to the monastery of St. George on Yucetepe Hill, perhaps lingering to taste some of the local wine produced here. Return to Istanbul on an early afternoon ferry. Later this afternoon, we can arrange an optional visit to the Turkish Hamam Bath for a traditional bathing experience. These historic baths are near your hotel, so those who do not wish to attend may return to the hotel. (The cost of the bath is not included—approximately \$30 per person.) Dinner is on your own, overnight at Hotel Levni...BL

DAY 3

PERA DISTRICT

Ride the streetcar to the Galata Bridge, then take the "Tunel," Istanbul's underground metro, for a quick one-stop ride to the Pera District. Walk over to the Galata Tower, a 14th century Genoese monument that offers breathtaking views of all of Istanbul and its shores. Stop in for a visit to the Calligraphy Museum that doubles as the local Convent of Whirling Dervishes. The Pera District is the new and fashionable part of "old Stamboul." This is where the embassies are located and where we see the real "Stamboulou" locals promenade. Walk along Istiklal Avenue, a pedestrian street lined not only with embassies and churches but also with smart cafes, *patisseries*, great restaurants, and interesting shops in interior passageways, and stroll through the Flower Passage and Fish Market. After lunch at one of the many great restaurants in Istanbul, visit the sumptuous Dolmabahce Palace on the Bosphorus, the final residence of the Sultans, or the Maritime Museum, one of Istanbul's most interesting little museums, where among other things are palatial Ottoman *caiques* (private boats once used by the sultans). Dinner is on your own. Overnight at Hotel Levni...BL

Lodging

DAY 1 (1 NIGHT), DAY 10 (1 NIGHT): ISTANBUL, TURKEY

HOTEL LEVNI

This hotel's location could not be better—it's within close walking distance to all the major sights (you can see the outer walls of the Topkapi Palace from the hotel's front door). Guest rooms are well appointed, with comfortable beds and modern furnishings, and there is a Turkish bath, heated indoor pool, and fitness center on site. The service here is exceptional—the friendly and helpful staff goes the extra mile to make you feel welcome.

DAYS 2 TO 3 (2 NIGHTS): UCHISAR, CAPPADOCIA, TURKEY

KALE KONAK CAVE HOTEL

With views of Uchisar Castle on one side and the magnificent valley on the other, this boutique hotel is a wonderful base to explore the area. Like the name suggests, it is a cave hotel, and guest rooms are very atmospheric with beautiful arched ceilings that are carved right into the rock. Enjoy a delicious breakfast spread (the hotel's co-owner is a renowned chef), and feel free to unwind on the terrace, where you may see hot air balloons floating above the valley, or at the hotel's hamam (Turkish bath).

DAY 4 (1 NIGHT): KUSADASI, TURKEY

CHARISMA HOTEL

The Charisma is set right on the beach, with ocean-swimming access from a private dock as well as a huge swimming pool and open-air restaurant facing the water. Spacious guest rooms have a sea view and a balcony for watching sunset over the Aegean.

These are our signature accommodations for this trip. Although it is highly unlikely, we may make substitutions when necessary. To see more photos and descriptions, please visit our *Turkey Private Journey* webpage and click on the "Lodging" tab.

Our Yachts in the Turquoise Coast

DAYS 5 TO 9 (5 NIGHTS): TURQUOISE COAST, TURKEY

TRADITIONAL GULET CAVURALI (FOR 2-6 MEMBERS)

The Cavurali, a classic 65-foot, single-masted yacht with beautiful handmade teak hull and decks that is ideal for a journey with friends or family. (Note—for groups of nine people or more, we charter a larger gulet. Please call us for details.) Smaller and more intimate than the traditional wooden motor-sailers used on our group departures, the Cavurali features four comfortable cabins with beautiful mahogany paneling and private bathrooms (two cabins have single beds and two have double beds, each with comfortable mattress toppers). Linens and towels are provided, including beach towels for swimming. We suggest you pack light because bunk and luggage space aboard is limited.

Spacious shaded aft, bow, and fore decks with chaises and floor cushions provide comfortable outdoor dining and lounging. Full air conditioning is available as an option, but the Cavurali's natural ventilation is usually sufficient even during hot mid-summer days (many trip members enjoy sleeping out on the deck under the stars for fresh air, as the locals do).

Four ocean kayaks (three single, one double) are available on board for exploring secluded coves and marine caves. A sailboard is also provided. To maximize time for exploration, we normally proceed under motor power. When conditions permit, and at the captain's discretion, sails will be raised. The Cavurali has a crew of three.

This is not a luxury cruise aboard a big cruise ship, but it's easy to adjust to yacht life, and we think you'll find this to be one of the most pleasant and relaxing journeys imaginable.

TRADITIONAL GULET (FOR 7-11 MEMBERS)

The yachts we charter are traditional wooden motor-sailers called gulets, especially designed for cruising this beautiful coastline. They are typically 90 feet in length with a 21-foot beam, twin masted, and feature teak hulls and decks and mahogany interiors. There are six double cabins, each with private toilet and shower. The food prepared and served on board features many local specialties, including fresh-caught seafood. To maximize time for exploration, we normally proceed under motor power. When conditions permit, and at the captain's discretion, sails will be raised. Kayaks and snorkeling equipment are available to use. The gulets feature a crew of four, including the captain.

Trip Details

WHAT THE TRIP IS LIKE

This trip is rated Level 2+, Easy to Moderate. It is a relaxed cruising adventure, with hikes that should be “easy-to-moderate” for the average active traveler. The hikes are a focus of the trip, often bringing us to small villages or off-the-beaten-path ruins accessible only on foot, although all hikes are optional, should you prefer to relax on board the yacht. We have several hikes during the trip, 2-4 hours each, all with some uphill and downhill walking. Several hikes are of moderate difficulty, following coastal paths that can be steep and rocky. Even if you choose not to participate in the optional hikes, most visits to archaeological sites require walking or hiking on sometimes rocky, uneven paths. For your enjoyment of the trip, you should be a fit walker and bring lightweight hiking boots. Having at least one hiking pole can be very helpful on the hikes as well.

Being able to swim is important on any boating trip, and the warm waters make this an ideal trip for those who like to swim and snorkel. While there is some snorkeling equipment available on board, we cannot guarantee the quality and the fit of the equipment. We highly recommend bringing your own snorkel and mask to assure a proper fit. To get on and off the boat, there is a gradual 45-degree incline on the suspended sea ladder that allows easy access. The dinghy can take up to five guests at a time and has an outboard engine. To ensure an enjoyable adventure in Turkey, you should make a special effort to be in good physical condition by engaging in a regular exercise regimen before the trip.

For trips with less than seven group members, the yacht we use is the Cavurali, a classic 65-foot, single-masted yacht with beautiful handmade teak hull and decks that is ideal for this type of journey. The Cavurali features four comfortable cabins with beautiful mahogany paneling and private bathrooms (two cabins have single beds and two have double beds). All cabins have en suite facilities, including a shower stall, and there are marine windows that open. Linens and towels are provided, including beach towels for swimming. We suggest you pack light because bunk and luggage space aboard is limited. There are 220-volt electrical outlets in the bedroom and bathroom (you will need a plug adaptor with two round prongs), plus an outlet in the salon that supplies power around the clock for charging batteries; it's a useful source when the generators are not on. For trips with more than seven group members,

a larger six-cabin yacht is used. They are generally about 90 feet in length with a 21-foot beam and are similar to the Cavurali in that they feature teak hulls and decks and mahogany interiors. All cabins have a private toilet and shower.

Please note that the Cappadocia section of the itinerary may come before or after the cruise section, depending on your boat and your dates of travel.

WEATHER

The climate along the Turquoise Coast is predominantly Mediterranean. Summers are hot and usually dry, as the rainy season along the coast is November to March. It is generally quite warm even during rain showers. Normally there is not much wind, and the afternoon breezes arrive regularly to cool off the coastline. April/May and October departures may be cooler and we suggest bringing warmer clothing for these dates.

ACCOMMODATIONS

The spacious gulets have shaded aft and fore decks with chaises provide comfortable outdoor dining and lounging. Full air conditioning is available as an option, but the Cavurali's natural ventilation is usually sufficient even during hot mid-summer days (many trip members enjoy sleeping out on the deck under the stars for fresh air, as the locals do).

Four ocean kayaks (three single, one double) are available on board for exploring secluded coves and marine caves. A sailboard is also provided. To maximize time for exploration, we normally proceed under motor power. When conditions permit, and at the captain's discretion, sails will be raised. The Cavurali has a crew of three.

This is not a luxury cruise aboard a big cruise ship, but it's easy to adjust to yacht life, and we think you'll find this to be one of the most pleasant and relaxing journeys imaginable.

CUISINE

Meals on board have a wide variety of meats, fruits, and vegetables produced in Turkey and the bounty of fish in the Mediterranean, the Turks have developed a sumptuous and rich cuisine, influenced by its position as a cultural and geographical crossroads between Asia and Europe.

We enjoy Turkish cuisine at its best aboard our yacht. In fact, for some trip members, meals on board become as much of a trip highlight as hiking and discovering ancient ruins! Breakfasts include fresh yogurt, local honey, fresh-baked breads, eggs, and Turkish breakfast items such as feta cheese, olives, and sun-ripened tomatoes and cucumbers. Lunches and dinners offer an array of appetizers, a variety of salads and vegetable dishes (eggplant in olive oil is a favorite), plus a main entree of lamb, beef, chicken, or fish, grilled, baked, or prepared in other styles. Main dishes are often served with side dishes such as rice pilaf seasoned with currents or pine nuts. Some days, our crew fishes and serves us their “catch of the day.” Desserts include fresh fruits or assorted local pastries such as baklava (nuts and honey in puff pastry). Thanks to the balmy Mediterranean climate, we enjoy our meals in the open air of the yacht’s deck, sitting around a large table under a shade awning, with the fragrant breezes blowing. On occasion, we eat a lunch or dinner at a local town we are visiting. Wine, beer, and sodas are available for purchase. You can run a tab for your drinks and pay at the end of the cruise in Turkish Lira, Euros or US Dollars (credit cards are not accepted on the gulet). Complimentary drinking water, coffee, and tea are provided.

PRIVATE JOURNEY GUIDED SERVICES

There are three separate components to this trip, each with its own specialist private guide. You have a guide with you in Istanbul, a veteran Wilderness Travel Trip Leader for the Turquoise Coast cruise and Ephesus portion, then a private guide in Cappadocia. All three of them have worked with us for many years on our regular group adventures in Turkey.

CHILDREN

This is an excellent trip for children and families. The recommended minimum age is 8.
